commentary

Michael R. Mallonee

"DELTA SIGMA PI—WE MEAN BUSINESS" says the bumper sticker. Or do we? One of our main objectives in Deltasig is to give college students—soon to be businessmen—the opportunity to run a chapter like a business. A standard accounting system is available; forms and other information are provided; financial feedback is required. The opportunities, the challenges, are there—but is your chapter responding? Exactly how does your chapter stack up against the norm when it comes to *operating like a business*? Does your chapter . . .

1. plan ahead by utilizing the Executive Committee structure, preparing and distributing schedules of upcoming events, and reserving meeting rooms and banquet halls early?
2. prepare, submit and adhere to a well thought-out budget (CEI Item E-3)?
3. order and pay for all supplies from The Central Office early, including recruiting supplies, forms, manuals, pledge books and pins, merchandise and badges?
4. collect all accounts receivable *when due*, and take appropriate action on delinquent accounts, remitting chapter dues on a timely basis to The Central Office (CEI Item D-1)?
5. collect all initiation fees *before* the day of initiation and absolutely *refuse* to initiate anyone who hasn't paid the full amount?
6. remit all initiation fees to The Central Office, when due, along with Forms 19

and prorated dues for new initiates (Section 152 of the Bylaws and CEI Item D-2)?

7. pay all accounts payable *on time*, including those due The Central Office?
8. have frequent and profitable fund raising projects (manual available on request)?
9. have a chapter savings account and/or scholarship fund?
10. submit an annual audit of its books and records (CEI Item D-7)?

Score 10 points for each question answered in the affirmative. A score of 100 rates excellent; 90 is good; 80 is fair; 70 is passable, but suspect; 60 or below—who's in charge here?

Brothers, we *are* a business fraternity. If your chapter is not operating like a business, maybe a re-evaluation is in order. After all, if you can't run a chapter of 70, how can you expect to run a business of 7,000? The players may change, but the rules and the scorecard remain the same.

Fraternally,

Michael R. Mallonee

Deltasigs serve the community in many ways such as this group working a fund raising telethon. Coverage of community service begins on page 4.

Delta Sigma Pi is the professional business fraternity founded in 1907. The Deltasig of Delta Sigma Pi, its official publication, was first published in 1912.

Postmaster:

Please send labels Form 3579 to Delta Sigma Pi, 330 South Campus Avenue, P.O. Box 230, Oxford, Ohio 45056-0230. The DELTASIG of Delta Sigma Pi is published four times annually in the months of November, January, March, and May. Editorial office—330 South Campus Avenue, P.O. Box 230, Oxford, Ohio 45056-0230. Subscription price \$20.00 per year. Second Class postage paid at Oxford, Ohio 45056-0230, and at additional mailing offices. The DELTASIG is printed in the U.S.A. by Compolith Graphics, Indianapolis, Indiana, and Maury Boyd and Associates, Indianapolis, Indiana.

An annual picnic for children in the Big Brothers/Big Sisters program has been conducted by members of Theta Phi Chapter at South Florida for several years.

“Through community service, we extend our professional and fraternal ideals to those less fortunate.”

“Businessmen and professionals are constantly reminded that they do not live in a fishbowl. They are part of a fast moving, vibrant and constantly changing world. Businessmen are also existing in a world that is filled with individuals with needs, individuals searching for a better existence, individuals who are the victims of handicaps, of hunger, broken families, and the aged or infirm, to name a few. Many of these same needs exist on or near the college campus.

Businessmen also recognize that, as professionals, they are called upon to do more than produce goods and services. As professionals, they are called upon to be corporate good citizens, to be socially responsible. The dedication to professionalism makes service an important part of activities and programming.

Delta Sigma Pi recognizes that our dedication to professionalism makes service to the campus or community a necessary part of the schedule of activities of every chapter or alumni club. Through community service, we extend our professional and fraternal ideals to those less fortunate. Such activities closely parallel the efforts of the business world as it becomes increasingly aware of its social responsibilities.

Some people get involved in community service for prestige or publicity. Although these are possible rewards for community service, they are shallow, self-centered and the wrong reasons. The real benefits are intangible and difficult to describe. Community service is a deep down feeling of accomplishing something good; it is goodwill and self-satisfaction. When performed by

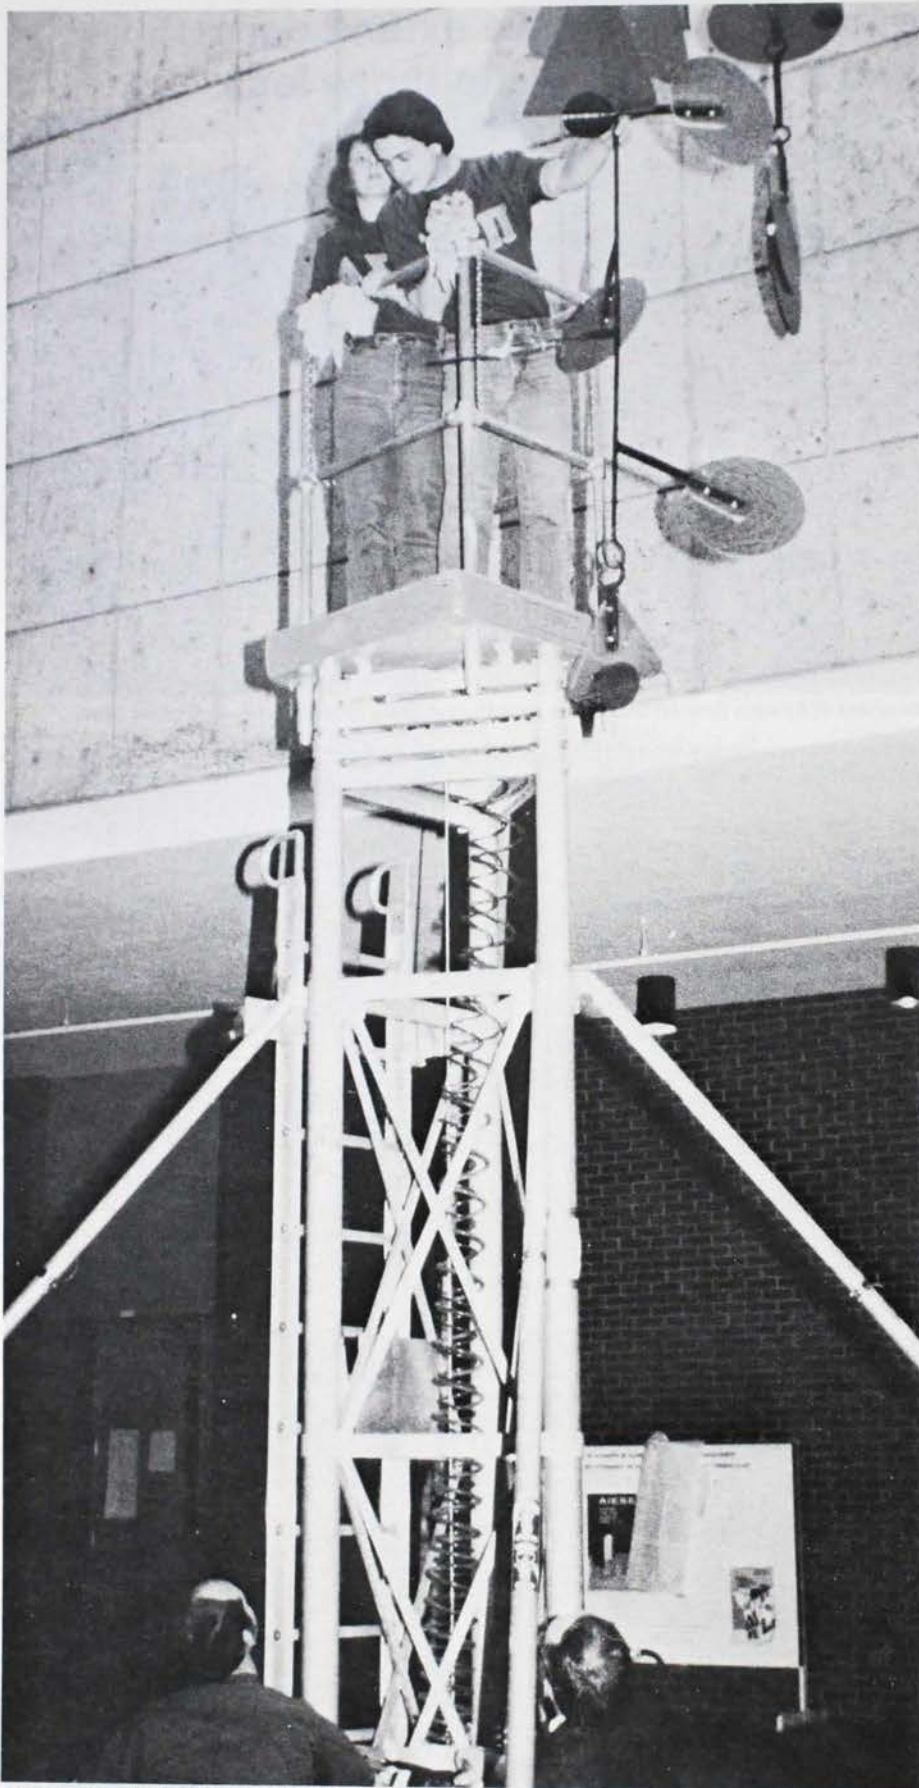

Members of Epsilon Upsilon Chapter at New Mexico State sponsor an annual blood drive.

Members of Zeta Omicron Chapter at C. W. Post celebrated Halloween with residents of a local orphanage.

David Brzozowski, right, president of Iota Tau Chapter at Robert Morris College accepts the first National Community Service Award from then Mideastern Regional Director C. Lee Myers.

Cleaning the "Blue Chip Mobile" housed in the School of Business building was one way that members of Gamma Zeta chapter at Memphis State served their community.

the chapter or alumni club, community service projects tend to create feelings of goodwill and a sense of unity. Practicing our ideals by serving others increases the feeling of Brotherhood, is rewarding to the individual and is a collective contribution to the welfare of the community. Such activities also make us aware of and understand the needs of others.

In short, community service is recognition of the principles of our Brotherhood by putting them in action to serve others. When a program of community service is undertaken, everyone benefits—the recipients, the chapter and its individual members."

The preceding paragraphs are taken from the *Delta Sigma Pi Guide For Community Service*, a recently released publication of the fraternity. The National Committee on Professionalism, chaired by North Central Regional Director Marc P. Franson, has developed this publication for use by chapters and alumni clubs as they seek to develop or improve their community service programs.

As evidenced by the photographs accompanying this article, many chapters and alumni clubs have adopted a strong program of community service activities and are enjoying the rewards of serving their fellow men.

In recognition of the importance of community service programming, Delta Sigma Pi now annually presents the *National Community Service Award* to both the chapter and the alumni club conducting the strongest program of community service activities.

Winner of the Community Service Award for 1981 was Iota Tau Chapter at Robert Morris College. Their "portfolio" of community service included five projects for the Muscular Dystrophy Association, a carnival and a walk-a-thon for a local rehabilitation hospital for crippled children, caroling at another children's hospital, sponsorship of a blood drive, services to Robert Morris students including a book exchange, a job opportunity service, a campus clean-up, and service within the chapter including a tutoring program and assistance to a member who experienced a personal tragedy.

In the words of the members of Iota Tau Chapter:

"The fraternity members in general have never had the opportunity to be involved with such service activities as Iota Tau Chapter has had this past year. The experiences learned in dealing with these organizations have been of great value to our education and our fraternity spirit. It has also opened our eyes to plan for the future to provide even more effective contributions and services."

We salute the members of Iota Tau Chapter and the members of other chapters and alumni clubs who have responded to the call of service to the community. Keep up the great work!

Pounding the pavement for the American Cancer Society is one of many ways that Deltasigs serve the community.

Dr. Harold L. Cannon, Past Grand President (1973-1975), assisted Zeta Psi Chapter at SUNY-Albany by donating blood at their campus-wide blood drive.

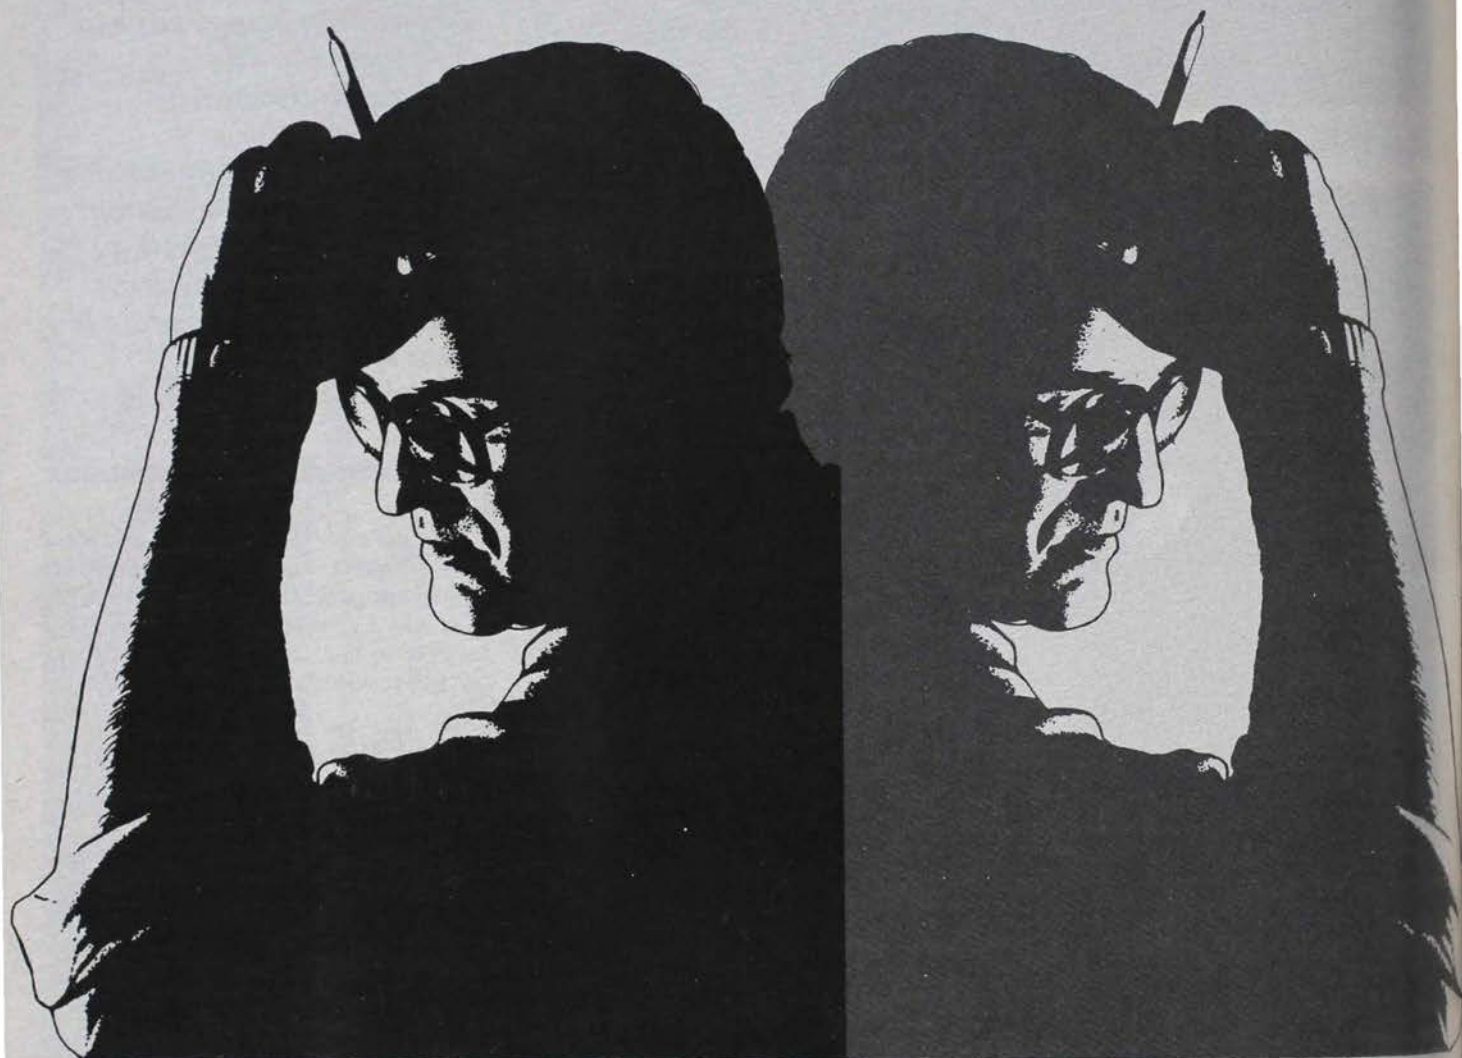

Pausing after a successful Easter Seals Bike-A-Thon are members of Theta Pi Chapter at Bowling Green.

Brushing up on their checkers skills are members of Alpha Gamma Chapter at Penn State who recently challenged the champs at the Centre Crest Nursing Home.

EXECUTIVE CAREER CHANGES . . .

PRO & CON

Bruce E. Moses, President of Pro-Search, Inc., provides guidance in an area that is of interest to alumni and to undergraduates with significant job experience.

Perhaps you have come to the conclusion that you must change jobs or even change your career. Such a decision should never be made without careful consideration. Once made, however, there is much that you can do to assure yourself of getting the job you really want.

You might begin by looking in your own backyard.

Occasionally I am told, "If there was anything going on in my industry, I would surely know about it." My reply is, "You do not know what is under the rock until you lift it up and look under it." Contact your competitors—write to them—call them up—let them know you are available. Of course, if you do not want your present employer to know your intentions, then much discretion will have to be used. Anytime you contact a prospective employer, or take someone into your confidence, there is the possibility that word may leak back to your employer. The odds are in your favor . . . but it is still a calculated risk.

"You will never get a base hit—unless you step up to the plate and take a swing."

I have also seen an executive begin his search for a new employer—words leaks back—and before he knows it he is given a raise, and sometimes even a promotion! Do not play games though. There have also been instances when executives were fired because their employer found out they were talking to competitors. There is no pat answer. Good judgment and common sense should prevail.

If one is to look for a new employer outside of his own industry, one again should make a list. This time list all the products and services related to your own industry. You will not be as valuable to any other company as to one that can immediately utilize your particular skills. You will also be amazed at how long that list can become.

When I receive a company search assignment, I always make not only a list of the competitors to go to searching for candidates, but of the adjunct industries as well.

A change to a totally different industry is actually quite easy for some professions. Examples would be accounting or data processing.

These skills are relatively easy to transfer.

Most of the time, however, very serious thought should be given before switching industries. For most occupations switching industries can be difficult.

Is the reason you want to switch industries really the business you are in, or just your own particular environment? I frequently hear, "I have to get into another business or industry. This business is not good anymore." If one has any length of time at all in a given profession within an industry—think three times, not twice, before giving it up!

In many industries and occupations, once you leave for any length of time, it becomes extremely difficult to get back in. I am not advocating never changing career directions or industries—but carefully weigh the downside risk.

"If one has any length of time in a given industry—think three times, not twice before giving it up!"

An illustration of this point would be a data processing manager I know, whom I will refer to as John. John spent 15 years with a major midwestern bank working his way up from programmer to data processing manager. He had joined the bank right out of college and had spent his entire professional life with them.

After fifteen years of continual gradual growth, and at the age of thirty-seven, John decided to leave

the bank and go into business for himself.

What may have prompted this, was that he was in competition with two other managers for a promotion . . . and he did not receive it. The colleague who received the promotion was the only one of the three who had obtained an M.B.A. In fact, he had just completed it six months earlier, at night.

John decided to purchase a pizza restaurant franchise. He used his savings, his bank accumulated profit sharing, and borrowed a little from his father.

After struggling over a two year period—six and seven days a week—many hours a day—John decided he had made a mistake. The pizza business was losing money and John was miserable. He finally closed the restaurant and took a very substantial financial loss.

After searching to get back into data processing management for several months, he finally landed a position with an insurance company. His new job was equivalent to one level lower than the job he left at the bank some 30 months earlier. He also was earning 10 per cent less.

The field of data processing is so dynamic that being totally removed from it for 2-1/2 years created some very significant hurdles for John to overcome.

Also, he returned to the job market in 1970, when few companies were expanding. In 1967, when John left, he felt that the economy was great, which it was, and that he would have no difficulty getting back into data processing if the pizza business did not work out. This is where he made his miscalculation. The economy entered a downturn, and he had become "rusty" in his original profession.

If you have been studying for some time, either at night school or part-time for a new industry or occupation, you have removed a substantial amount of the downside risk. You have become familiar with your prospective opportunity just by becoming prepared for it.

I know a police officer in a major city whom I will refer to as Phillip. Phillip attended law school at night over a period of several years. When

he completed his law degree he went to work for the State's Attorney's Office in his home town.

He gave up seven years of police work to pursue a career in law. This was a substantial change for Phillip, but he prepared for it well over a period of several years. He reduced his downside risk by the amount of preparation he went through to qualify himself. He also gave himself several years to change his mind. He did not risk his career on the police force until he had successfully passed his State Bar Examination.

Make sure you really understand your own reasons and motives for wanting to make substantial changes in your career, industry, or occupation. You may be able to fool the outside world, but you are on very thin ice when you try to fool yourself!

Some years ago a Roman Catholic priest was referred to me by a friend. The priest (I will call him James) had made up his mind to leave the priesthood. James indicated that after 15 years as a priest, he wanted to give it all up to enter industry. He indicated that he thought he would be happier doing some sort of personnel work.

Eventually, a friend of his made a job for him with his company as a

personnel supervisor. Unfortunately, James had about three more jobs over the next two years. One more in personnel, one as a math instructor in a private school, and a third was a real estate salesman.

James had gotten married within a year of leaving the priesthood. Apparently, he had known the girl he married for several years.

The speculation was that James was not unhappy being a parish priest. Our mutual friend felt that James left the priesthood because he wanted to marry his wife. He thought he would solve the problem by simply switching careers.

After his real estate job did not work out, James separated from his wife and headed out for California. This is the last I ever heard from him.

Make a list of all the positive reasons for going into a new industry. I frequently hear, "Well, that industry has many more opportunities than my own." I only suggest that you find out *why* it does. Talk to others working in the prospective industry.

Call a stock broker to send you some research material on the industry. Stock brokers can be quite helpful in analyzing an industry. They usually have excellent resource materials at their disposal.

Go to your local library and ask the reference librarian just what suggestions she might have in checking out an industry. I have found that reference librarians, when approached in the right manner, will go to great lengths to assist you.

Now, make a list of all the negative reasons for switching industries. How do you know you will even be happy in that new industry? Weigh the positives and negatives: If the positives strongly prevail—then switch industries.

Do not forget to consider your resume chronology. Have you switched industries before? How recently and how frequently? In evaluating downside risk, one has to consider just how the resume will read if you soon switch again.

I have heard the phrase, "Even if this move does not work out it will certainly look good on my resume." I would never advise *against* taking a chance on a new industry or career

"Make sure you really understand your own reasons and motives for wanting to make substantial changes in your career, industry or occupation."

solely because it might not look good on your resume, but in evaluating the pluses and minuses for changing, the above consideration is important enough to be seriously weighed.

By doing the above, you may come to the conclusion that you have job-hopped enough, and why make it any worse? On the other hand, you may conclude that you have never taken a chance—and there is no time like the present.

Marmora, Chicago, IL 60630

COMMITTEE ON LIFE MEMBERSHIPS

To promote the purchase of Life Memberships among all fraternity members to keep them involved for life, and thus enhance the National Endowment Fund for the financial preservation of the fraternity and for loan purposes.

CHAIRMAN: Daniel N. Ford, 445 Andover Street, Apt. 10, Lawrence, MA 01843

MEMBERS: Robert Hamer, 3411 N. 12th Place, Unit 8, Phoenix, AZ 85014; James L. Prescott, 4901 N. Marmora, Chicago, IL 60630; Cynthia J. Prier, P.O. Box 483, Gardner, KS 66030; William D. Sparrow, 401 Skyland Heights, Asheville, NC 38803; Jere W. White, P.O. Box 230, Oxford, OH 45056-0230

EDITORIAL ADVISORY BOARD

To act in an advisory capacity to the Editor of The DELTASIG Magazine on purposes

and content of the publication and to seek articles from contributors for publication in the magazine.

CHAIRMAN: Frank M. Busch, Jr., Box 3004 Tech Station, Ruston, LA 71270

MEMBERS: Robert F. Domagala, Jr., The Lauren, Apt. 205, 1301 20th Street, NW, Washington, DC 20036; Timothy D. Gover, School of Business, EIU, Charleston, IL 61920; C. Lee Myers, 7001 Wren Lane, Lanham, MD 20706; Michael T. Walsh, P.O. Box 230, Oxford, OH 45056-0230

SENIOR ADVISORY COUNCIL

To serve in an advisory capacity to the Grand President, National Executive Committee and Board of Directors and to assume special assignments or studies.

CHAIRMAN: Charles L. Farrar, 9424 Goodwood Boulevard, Baton Rouge, LA 70815

MEMBERS: Harold L. Cannon, 216 Menands Road, Loudonville, NY 12211; Ralph C. Hook, Jr., 311 Ohua Avenue, Apt. 11-D, Honolulu, HI 96815; M. John Marko, 1720 Clarendon Drive, Greensboro, NC 27410; R. Nelson Mitchell, 7206 Fairfield Drive, Santa Rosa, CA 95405; Thomas M. Mocella, 1024 Skylark Drive, Palatine, IL 60067; Kenneth B. White, P.O. Box 31003, Dallas, TX 75231

COMMITTEE ON PROFESSIONALISM

To promote the professional focus of the fraternity and professional programs in the chapters and to promote community service among the chapters and alumni clubs.

CHAIRMAN: Marc P. Franson, Gamble, Riepe, Burt, Webster & Davis, 2600 Ruan Center, Des Moines, IA 50309

MEMBERS: Kurt W. Boveington, 147 Plumwood Road, Apt. 303, Dayton, OH 45409; David D. Brzozowski, 199 Rosemont Drive, Apt. 8, Coraopolis, PA 15108; John V. Henik, 5413 Buchanan Street, Merrillville, IN 46410; Barry A. Kleypas, 3853 Old Post Road, San Angelo, TX 76901; C. Lee Myers, 7001 Wren Lane, Lanham, MD 20706; Garry R. Spencer, 508 Douglas MacArthur, NW, Albuquerque, NM 87107

COMMITTEE ON MEMBERSHIP

To assist chapters in being as productive as

possible in recruiting new members through the development of promotional materials and study of areas related to membership.

CHAIRMAN: Jeffrey L. Philippi, 952 S. 23rd, Apt. 211, Richmond, IN 47374

MEMBERS: Kurt W. Boveington, 147 Plumwood Road, Apt. 303, Dayton, OH 45409; David A. Brumbaugh, 5 Duckford Circle, Nashua, NH 03063; C. Dean Ferguson, 3149 Bobolink Drive, Decatur, GA 30032; Barry A. Kleypas, 3853 Old Post Road, San Angelo, TX 76901; Joe S. Loomis, P.O. Box 2053, El Macero, CA 95618

COMMITTEE ON COMPUTERIZATION OF THE CHAPTER EFFICIENCY INDEX
To study the computerization of all operations within The Central Office especially the Chapter Efficiency Index.

CHAIRMAN: John C. Blackshire, Jr., 2450 Sheila Lane, Marietta, GA 30062

MEMBERS: Michael L. Marcotte, 2730 Chautauqua, Apt. 233, Norman, OK 73069; Michael M. Mazur, Jr., P.O. Box 230, Oxford, OH 45056-0230

COMMITTEE ON LEADERSHIP DEVELOPMENT

To develop educational programs for volunteer national officers and for potential national officers through publications and workshops.

CHAIRMAN: Richard J. Parnitzke, 214 Capen Boulevard, Eggertsville, NY 14226

MEMBERS: Marilyn R. Doskey, 6208 Milne Boulevard, New Orleans, LA 71024; Albert S. Gordon, 422 Albarmarle Road, Cedarhurst, NY 11516; Randy L. Hultz, 415 S. Baltimore, Kirksville, MO 63501; Jeffrey L. Philippi, 952 S. 23rd, Apt. 211, Richmond, IN 47374; Loren A. Poucher, 11718 Oban Avenue, Tampa, FL 33617; Mark A. Roberts, P.O. Box 230, Oxford, OH 45056-0230; Michael T. Walsh, P.O. Box 230, Oxford, OH 45056-0230

COMMITTEE ON EXPANSION AND REACTIVATION

To promote efforts to reactivate inactive chapters where favorable and to encourage the establishment of chapters at universities where one does not exist by volunteers working in conjunction with The Central Office.

DIRECTORY

NATIONAL AND SPECIAL TASK COMMITTEES

CHAIRMAN: William W. Tatum, Jr., P.O. Box 2082, El Macero, CA 95618

MEMBERS: Dan R. Harrington, 4146 Humboldt, North, Minneapolis, MN 55412; William T. Kelly, 722 Monterey Drive, Hattiesburg, MS 39401; William J. National Executive Committee Meeting

Mid-Year Meeting
The Peabody Hotel
Memphis, Tennessee
February 5, 6, 7, 1982

alumni in action

Alumni Report

I recently read an article which I felt I should share with you. I feel that its message not only applies to our business lives, but also to the commitment each of us has as an Alumni Club Member of Delta Sigma Pi. It goes as follows:

"Are you earnest? I do not mean are you sincere—do you wish to succeed, would you like to accomplish more?"

What I actually mean is—are you as much in earnest as the men who went to Alaska in the gold rush? Would you undergo the same hardships they went through if you knew at the end of a year you would find a gold mine?

Would you?

It is a curious thing, but most men would not.

If you could go through the records of a thousand business people, you would undoubtedly find that each one yearned to do big things, but each one had agreed to work along certain lines upon which others had produced outstanding records. But you might also find that when the actual work was analyzed not one in a hundred was so much concerned about his success that he refused to go home for dinner on Wednesday if he had not scored during the first half of the week, even though he had set that as his number one deadline.

You would further find that a large number of the same thousand people "knocked off" at noon on Saturday even though they had not accomplished their goals that week.

Were they earnest?"

If you ponder upon your own needs and desires—and weigh them against the records of oth-

ers who have gone before you—perhaps you may see the road to outstanding success for you, a road lighted by the same light that shines in the countenances of the men who say to themselves, "Today is the day, there may be no tomorrow"!—**DANIEL W. LA FONT, DIRECTOR OF ALUMNI CLUB ACTIVITIES**

ALBUQUERQUE-ZIA

The Albuquerque-Zia Alumni Club is busy working with the undergraduate chapter at UNM in getting 12 prospective Deltasigs initiated. We have an Alumni Big Brother Program underway and had a breakfast for the 12 neophytes and all alumni. The occasion was an opportunity for everyone to get to know each other before the October 22 alumni interview.

Social activities have included an alumni-undergraduate softball game and later a football game, with the usual glass-tipping at Ho Jo's after meetings on Thursday nights. An activity on the agenda is a businessmen's luncheon for all Deltasigs somewhere in the glorious city of Albuquerque.

We were well informed of the activities at the Grand Chapter Congress by our District Director, Brother Dave Hahn. Brother Hahn informed us of the splendor and excitement of a Grand Chapter Congress and advises each one of us to attend one if possible. We're lucky—1983 Grand Chapter Congress is in Denver, Colorado, just a hop, scotch, and a drink up the road from Albuquerque.

We'd like to extend an invitation to all Deltasigs who are in Albuquerque on the first Saturday of every month to attend our meetings: 9:00 A.M. at Howard Johnson's Midtown. Adios!

—Dock Livingston

BOSTON

Our first social event of the year was a card party held at Brother Gowen's residence. All who attended had a great time. Our future plans included fund raisers, more social events, a Christmas party, and sporting events.

Congratulations to Brother David Dude on starting his new CPA firm.

Anyone who would like to contact the Boston Alumni Club, please write to Robert Dluzneiski, 11 Hazelwood Drive, Hingham, MA 02043.

—Robert Dluzneiski

CHICAGO

The holidays are now behind us once again. I would hope that of the numerous resolutions we have all just made that this one would be kept: that this year we will see you at a Chicago Alumni Club function. I can guarantee you that this will be one resolution that you will enjoy keeping. Seeing your old friends, making new friends, helping Delta Sigma Pi to grow, can only be termed a real joy. Your alumni club is here for your benefit, so don't be left out.

The next activity on the agenda is our Annual Wine Tasting Dinner, which by popular demand will again be held at Binyon's. This function is open to spouses or dates and will be held on Saturday, February 6. Early reservations are suggested. Fliers for this function will be mailed to club members in late January. If you haven't paid your club dues yet your check for \$12.50 will keep you on the club mailing list.

The January issue of the club newsletter will list the activities planned for the balance of this fiscal year, but let me tell you a little about next year. This year Delta Sigma Pi will celebrate its 75th Anniversary. As you would expect, Chicago will go all out for this celebration which is now planned to coincide with the Great Lakes Regional Convention. Plan now to attend this very special celebration. More details will be forthcoming. In the meantime, I hope to see you at our monthly activities. Our address is P.O. Box 11314, Chicago, IL 60611-0314.

—James L. Prescott

CINCINNATI

The Cincinnati Alumni Club of Delta Sigma Pi has enjoyed a very good last few months, which increased membership and activities that have proven fun and profitable for all who participated.

October and November were months spent with the undergraduate chapters in the area. On October 11 we enjoyed a tour of The Central Office, followed by a picnic at Hueston Woods in Oxford, Ohio. All four area undergraduate chap-

alumni in action

ters (Epsilon Tau at the University of Dayton, Alpha Upsilon at Miami University, Theta Lambda at Xavier University, and Alpha Theta at the University of Cincinnati) co-sponsored the event, and great fun was had by all.

On October 24, Alpha Upsilon Chapter sponsored an Alumni Pancake Breakfast, and invited all of the alums in the area to attend.

On November 7 Alpha Theta Chapter held a Founders' Day Dance at Georgian Hall in Cincinnati. Alums and undergraduates celebrated together the founding of Delta Sigma Pi. The spirit of Brotherhood and friendship that lives in this fraternity was demonstrated to us all once again as we danced and partied the night away.

December 9 found the Cincinnati Alumni Club enjoying its annual Pot Luck Dinner. Everyone brought a dish to contribute to the dinner, and we all indulged in the delicious culinary delights. We got into the Christmas spirit, while spending a fun evening with our Brothers.

The Cincinnati Alumni Club is looking forward to as good a year in 1982 as we had in 1981. We have a fine group of people on the Executive Committee, as well as those contributing in other ways, such as on committees and in attending our activities. We seem to be moving always forward in attaining our goals and objectives.

—Amy A. Poynter

COLUMBIA, SOUTH CAROLINA

Our fall program was a tremendous success and included the first dinner-meeting ever for our club, a Founders' Day party on November 7 held in conjunction with the undergraduate chapter, and a "Beat Clemson" celebration on November 21 when we defeated the Pussycats from Tigertown.

For spring we have a full schedule planned as well, including a Casino Party, the alumni picnic, the Rose Dance, and two more meetings at Budweiser.

Our business meetings at the Essex Park Clubhouse, off Broad River Road, are on the second Wednesday night of every month at 7:30 P.M., while our monthly luncheons are on the first Friday of each month at 12:00 NOON at the Lions Head Restaurant in Five Points. Dues are \$15.00 annually for Life Members and \$30.00 for non-Life Members. While the vast majority of alumni club members do come from the

undergraduate Beta Gamma Chapter here in Columbia, we welcome all Brothers who may find their way to Columbia, either for a visit or on a permanent basis. Any Brother wishing to join the Columbia Alumni Club should contact Brother Bill Lemmon, secretary, at (803) 256-6333 between the hours of 8-5 daily.

Finally, congratulations to Brothers Ed Neeley and Claire Melnyk, who were married December 5 at the West Columbia Synagogue.

—Dennis J. O'Keefe

DALLAS-Ft. WORTH

The Dallas-Ft. Worth Alumni Club is pleased to announce our new officers:

President, Mike Shost; Senior Vice President, Jeff Lerner; Vice President for Activities, Tony McCrimmon; Vice President for Membership, Woody Shellenberg; Vice President for Publicity, Bernie Grzegorski; Treasurer, Ron Bryant and Secretary, Debbie Kallus.

November's activity was our attendance at the Dallas Maverick's vs. Seattle Basketball game.

Our Christmas party featured four Santas and 10 mistletoe sprays all in one room.

Broomball and Hockey were on the agenda for January; everyone was iced before we even began to play.

Soon we will decide if we will submit the name of J.R. Ewing for honorary membership.

One more quarter of activity left us out of breath and out of cash.

—Bernie Grzegorski

DETROIT-GREATER DETROIT

All Deltasigs are looking for an exciting year filled with activities concerning the growth of the undergraduate chapters in the area as well as the alumni clubs. District Directors Leo Garcia and David Ramirez have been working hard to tie the areas together.

The last two general membership meetings held in October and November were very effective in getting together many of the Deltasigs in the area that we haven't seen in a long time. We finalized the plans for our Christmas party.

The annual Christmas party was once again set at the home of one of the Brothers. This type of setting is always more relaxed and filled with the proper holiday spirit. We had just as great a time as those Christmas parties in the past.

We are forming a newsletter using the advice of the Denver and the Cincinnati Alumni Clubs. The convention gave the Greater Detroit Alumni Club many helpful hints to use for a long time to come.

Happy New Year to all Deltasig Brothers.

—Stanley M. Dobby

HARTFORD

The Deltasig Alumni in Hartford have been busy making their second year even better than the first. On November 10, we gathered at 36 Lewis Street in downtown Hartford for a social hour and cocktails followed by a business meeting. This function was well attended and plans are in progress to make this a regular event. A group of Hartford Area Alumni joined undergraduate and other alumni Brothers at the Eastern Region Area Conference held at SUNY-Binghamton on November 7.

The expansion of our program and membership is dependent upon a vital force—you!—the Deltasigs within the Central Connecticut Region. Share in our organization's operations and have an enjoyable time doing it by contacting the officers listed below, either with a phone call or letter. In addition, inform other alumni in the area of our activities and bring them with you: President, Jim Mahoney, Box 486, Cherry Lane, Durham, CT 06422, Phone: (203) 349-8378; District Director, Sheldon Paul, 103 Abbottsford Avenue, West Hartford, CT 06110, Phone: (203) 527-8009.

We look forward to hearing from you, but better yet meeting you at our next get-together!

—Thomas W. Gorzkowski

INDIANAPOLIS

Deltasigs getting together to share fraternalism! With that goal in mind, Brothers from all parts of Central Indiana come together monthly to participate in the activities of the Indianapolis Area Alumni Club.

The spring and fall calendar of the club has been filled with a multitude of varied activities that have allowed Brothers to continue old friendships as well as start new ones. Some of the events staged during the latter half of 1981 have included an "Indiana style" card party (including euchre and clabber, of course), a Monday night football party, and a trip to an Indiana Pacers basketball game.

alumni in action

We were particularly honored to have Grand President Mike Mallonee in attendance at our July business meeting. After drawing upon Mike's expertise to gather some ideas for future club functions, the meeting was adjourned to Union Jack Pub in suburban Speedway where Mike drew upon our expertise in the selection of draft beer.

We invite those Brothers moving to and living in the Central Indiana area to join us in making the Indianapolis Area Alumni Club the best in the region. For further information, please contact Rick Trent at (317) 247-6050, Paul Guckenberger at (317) 298-8459, or Rich Garber at (317) 297-1942.

—Richard M. Garber

MILWAUKEE

A new season is well underway. The kick-off was Sports Night, September 28, 1981, at the Miller Inn of the Miller Brewing Company, a most enjoyable evening with plenty of free beer and excellent buffet with speakers from the Marquette Athletic Department. It had a real international flavor; Vilas Cakans, varsity tennis coach, was born in Latvia and competed in the European Tennis Tour, and Lou Caputo, club hockey coach, was born in Italy and grew up in Canada.

Over 1500 invitations to join the Milwaukee Alumni Club were sent to all Deltasigs living in Wisconsin, as listed in The Central Office printout. We anticipate more than 200 applications for membership will be received.

Our new Executive Director, Michael J. Mazur, Jr., wrote in part, "I just wanted to drop you a brief note to let you know how much I enjoyed reading your September, 1981, newsletter. It is a very complete and a very informative newsletter and I urge you all to keep up the good work. Please continue to send us your newsletter as all of us on The Central office staff are interested in what you are doing". Regional Director Tony Fernandez, comments, "What makes your newsletter interesting is the personal notes about members". A new member writes, "I enjoy the roster, just reviewing the names and what they are doing. It is very well done".

Our third Monday noon luncheons are attracting out of town visitors from far away places. Dick Herdegen, Delta 874, and his wife attended the August luncheon while vacationing here from Dublin, Ireland, where they have lived, plus more than a dozen years in Western Eu-

rope. They were lining up colleges in the USA for their son and daughter. Glen Ethier, Delta 383, and his wife attended the October luncheon and described their life and work in Seattle, Washington.

When planning to be in Milwaukee on the third Monday, because location of the luncheon does change occasionally, call Gene Schramka, 464-4040, and let him know you are coming.

Join the Milwaukee Alumni Club, our local dues are only \$8.00, and receive the roster and the newsletter published five times per year. Write to Hales Corners, WI 53130, P.O. Box 635. Let us know what you are doing.

—Milton A. Kassner

NEW ORLEANS-CRESCENT CITY

During the months of September and October the Crescent City Alumni Club has enjoyed many festive occasions in and around the greater New Orleans area.

During the month of September everyone enjoyed our first Luau at Brother

John Watton's pool. The food was good and the ever famous "Jungle Juice" was just as inviting. Too bad it ran out too soon. Also, everyone enjoyed a pleasant inviting dip in the pool.

With the month of October everyone enjoyed the Wine and Cheese party at Brother Frank Parrino's home. It was a close run contest between the cheese table and the bar area!

During the month of November we all enjoyed the Founders' Day Dance at the New Orleans Hilton-Airport. Plans are being made for our fruit cake sale and our Basketball Tournament.

Anyone desiring to become active in the Crescent City-New Orleans Alumni Club, please contact President Kenny Vergas at work 245-1600 or Terrell Ford at 561-4495.

—Terrell P. Ford

NEW YORK-METROPOLITAN

The New York-Metropolitan Alumni Club keeps busy continuing its fall calendar of events. The first "Executive Bar Night" was held in late October. We plan to have a number of these informal

Upon his retirement as Dean of the School of the Business at Sheperd College, Dr. Charles F. Printz was given a surprise party by members of the Shepherdstown Alumni Club. Brother Printz is a charter member of Epsilon Kappa Chapter at Shepherd College.

alumni in action

social gatherings throughout the year so all alumni Brothers can get a chance to know each other.

The club is taking an active interest in local chapter activities. Many of us attended a rush event at Beta Alpha Upsilon, a colony at Adelphi University, where we were able to share fraternity experiences and ideas with these future Brothers. We were also honored to participate in the initiation of the first women into Zeta Omicron Chapter at C. W. Post College. We look forward to more interaction with all of the local chapters and alumni clubs.

The Eastern Area Conference and Founders' Day Celebration was the highlight of the November activities. Our thanks to all the Brothers that worked on that grand event. The Brotherhood shared and knowledge gained made it a most memorable time.

On November 12, Mr. Stewart S. Herman of Shearson, Loeb, Rhodes spoke on Investment Options, Strategies and Planning. I'm sure the information he presented will prove to be of great value in the future.

Our first annual Holiday Party put all Brothers into a holiday spirit and had all of us looking forward to the new year. We invite all Brothers to come and join us as we wish to spread the Brotherhood we share. If interested, please contact Maureen Vanacore at (516) 731-6571 (home) or at (212) 623-1452 (office) or Jean Gallagher at (516) 481-7799 (home) or at (212) 575-5628 (office).

—Maureen E. Vanacore

NORMAN-OKLAHOMA CITY

Interest in the Norman-Oklahoma City Alumni Club has continued to grow, and we are gathering more and more members. Any alumni in the Norman or Oklahoma City areas who has not yet been contacted should call our club president, Gina Burns, at 360-0864.

Recently we have initiated a happy hour get-together, which will regularly be held the third Friday of every month, at Branigan's, a downtown Oklahoma City establishment. Other activities either underway or being planned for the near future include participation in the Beta Epsilon Chapter pledge-member football game, a professional meeting presented to the Beta Epsilon chapter and attending the initiations of the three Oklahoma chapters. Representatives attended the installation of the new chapter at Springfield, Missouri, in November.

Don McCormick, President of the Pittsburgh Alumni Club, presents the Herbert T. Finney Scholarship Awards to Linda Siefert of Iota Tau Chapter at Robert Morris College and Steve Lang of Lambda Chapter at Pittsburgh.

Fall graduates, don't forget to get in touch with us if you are working in the Norman or Oklahoma City metropolitan areas.

—Michael Marcotte

NORTHERN VIRGINIA

The Northern Virginia Alumni Club continues to set membership records. At the commencement of the fall, 1981, program there were over 60 members of the club. Each monthly dinner meeting attracts several more Brothers who have returned to the fold.

The 1981-82 club meeting remains a monthly dinner format with topical speakers from the business community following dinner. Meetings are held on the third Tuesday of each month at different restaurants in the Northern Virginia area. Brothers seeking to re-establish their ties with the fraternity should contact the secretary, Alan M. Winterhalter, 1313 Vincent Place, McLean, Virginia 22101, Phone: (703) 893-2444.

—Alan M. Winterhalter

SHEPHERDSTOWN

Shepherdstown Alumni Club sends greetings to Deltasigs everywhere and

extends an invitation to attend any of our functions. We also wish to congratulate graduating seniors.

The alumni club summer agenda which included a summer meeting, a retirement party and outstanding attendance at the Grand Chapter Congress led into the 1981 fall semester.

The retirement party was a smashing surprise party for Mr. Charles F. Printz head of the Shepherd College business department and founder of the Epsilon Kappa Chapter at the college. Everyone enjoyed good food, gag gifts, and Brotherhood. The party was held at Brother Bruce Myers' home in Baltimore, Maryland. Now that Mr. Printz will have more time, we look forward with enthusiasm to his becoming an even more valuable asset to the alumni club and undergraduate chapter.

The fall homecoming weekend at Shepherd College was followed by the annual Founders' Day banquet where Brotherhood was shared by the alumni club and undergraduates of Epsilon Kappa Chapter.

Our club meets the second Wednesday of each month at the Elks Lodge in Frederick, Maryland. If you are interested feel free to write or call us: The Shepherdstown Alumni Club, Box 328, Hagerstown, MD 21748; or call Brother Bob Grim (301) 655-8926.

Diamond Anniversary Alumni Directory In Process

All alumni should have received a request for the essential information required to assure complete data in the Diamond Anniversary Alumni Directory scheduled for release in Late Summer. We sincerely hope that everyone has replied.

Publication of the directory will be handled by Harris Publishing Company of White Plains, New York. This company is the sole authorized agent for the production and marketing of the directory, and assumes all financial obligations, including the compilation, editing, billing, and distribution of the volume and will cover its costs through the sale of advertising and individual book sales to alumni only. This plan will assure the publication of a professionally compiled volume.

During the next several months alumni will be contacted by telephone for verification of the information to be printed in the directory. At that time, and at that time only, they will be asked if they wish to purchase a copy or place advertising in the issue. The number of directories printed will be based on the number of advance orders received via the phone calls.

Alumni who have not returned their questionnaires and are not reached by telephone by the Harris firm will be listed in the directory with the address, if current, provided by Central Office records. If you have not received your questionnaire or you do not wish to appear in the directory, please notify The Central Office in writing.

the chapters speak

EASTERN REGION

SUFFOLK DELTA PSI

The Delta Psi Chapter at Suffolk planned another exciting year of professional and social activities. To begin the year Brother Nick Souris, president of the American Marketing Association, and its members co-sponsored a professional presentation with Delta Sigma Pi on the topic of creative resume writing featuring Mr. Paul Dindinger.

Several of the Brothers participated in the school's intramural football league again this year. Last year a great deal of satisfaction was derived from our participation in this league and the interfraternity softball league in which Delta Sigma Pi made a very strong showing.

Upcoming social events of the fraternity will include a sweater sale, professional dinners, raffles, rushes, and other campus related activities. In addition to planning fraternity events Brothers Butch Tamulonis, Nick Souris, and Mike Giangregorio have been investing time and energy in the Program Board and Council's efforts to provide a well-rounded social program for the student body at large.

—Bruce A. Caldwell

ROCHESTER TECH EPSILON LAMBDA

The Epsilon Lambda Chapter of Delta Sigma Pi got off to a terrific start last fall quarter. We had 35 returning Brothers with five being on co-op. Financially, we were quite successful with three parties, a plant sale, and our book co-op all within the first month and a half of school. We all looked forward to an enjoyable parents' weekend October 16-18, highlighted by a cocktail party on Saturday evening and a brunch on Sunday.

Our sports program looked better than ever this year. Sophomore quarterback Sean Bratches and returning first team all-Greek running back Lenzy Blake provided a potent offense to help establish our winning three wins and one loss record in the inter-Greek football conference.

We had a fine fall rush program and recruited many outstanding pledges fall quarter. The pledges really got into the

swing of things with several financial and professional projects, in addition to keeping ahead on their other requirements.

Finally, I would like to wish all the other chapters of Deltasig a good year with both their professional and financial programs. Good luck and let's keep Deltasig strong.

—Wayne C. Achey

SUNY-ALBANY ZETA PSI

Zeta Psi Chapter began the new semester riding the wave of enthusiasm following the Grand Chapter Congress. The chapter's 10 undergraduate and six alumni Brothers returned from Michigan and inspired the rest of Zeta Psi Chapter for the activities ahead. "Delta Sigma Pi Bridges The Gap" was the theme chosen for the fall semester, and our recruiting, professional, community service and social activities were formed around this slogan.

The Brothers of the chapter sponsored a Career Day and Graduate School Information Day. These events were aimed at helping the students at SUNY-Albany learn of the requirements and prospects in different careers and areas of education. The professional program of the chapter concentrated on the interpersonal skills needed in the business world. The chapter's community service events were aimed at reaching out to the surrounding community by offering comfort and assistance to those in need.

Zeta Psi Chapter also felt that an active social calendar was needed to bridge the gap. The Brothers of the chapter had a most memorable evening with our Brothers of nearby Theta Upsilon Chapter. Other social highlights were the all-nighters and road trips.

The Brothers of Zeta Psi Chapter would like to thank Mark Roberts for the advice and encouragement he gave us during his October visit. We would also like to congratulate Brother Al Gordon on being named the 1981 Undergraduate of the Year. We're proud of

Director of Chapter and Alumni Club Operations Mark Roberts joins in the singing of the "Rose of Deltasig" with members of Zeta Psi Chapter at SUNY-Albany at the conclusion of a recent visit.

the chapters speak

you, All

To our Alumni Brothers, we hope to see you soon, especially at this spring's formal for our 15th Anniversary.

—Glenn Hedde

C. W. POST ZETA OMICRON

The Brothers of the Zeta Omicron Chapter at C. W. Post College are about to enter a new phase of pledge recruitment. For the first time in our 16 year existence, female neophytes will be inducted into a chapter that has had a history of only male involvement. The Brothers look upon this movement with anticipation and great hope for the future.

Looking ahead to our new beginning, the Brothers have planned a professional program which includes a trip to Binghamton, a series of professional speakers, and an educational trip. All Brothers plan to attend these events in an effort to promote the professional image of Delta Sigma Pi.

A major point in our recruiting program is the recruitment of professional-minded people in our campus community. The Brothers have taken steps to induct faculty and administrators that are willing to take the time to help improve the balance within the fraternity between social and professional activities. As part of this goal the Zeta Omicron Chapter plans to initiate the Dean of the School of Business, Dean Perles, as an Honorary Brother.

—Richard Safaty

CONNECTICUT THETA IOTA

One could say that Fall, 1981, was one of the busiest and most rewarding semesters of the Theta Iota Chapter at the University of Connecticut.

As our reputation of reliability and professionalism grows, so does our responsibility to the School of Business. In addition to our fine and varied professional program, the Dean of the School of Business has asked our chapter to undertake the campus-wide BEST (Business Educators and Students Together) Program as well as assist in other functions for the School of Business.

Theta Iota Chapter held many profitable fund raisers, thanks to our innovative Fund Raising Chairperson, Andrew

Newton. Fund raisers included plant sales, donut sales, raffles, Sears Credit Card promotion, and even bartending a semi-formal.

Of course, Theta Iota Chapter has always been proud of its social side and last semester was no exception. Duffy and his committee planned several parties and activities including an "I'm a Yale Preppy" party (before the UConn-Yale football game), the annual Christmas cocktail party, and a trip to Boston.

A large delegation of Theta Iota's trekked to Binghamton, New York, where our "new Brothers" of Kappa Lambda Chapter hosted the Area Conference. Thank you, Kappa Lambda, for your warm hospitality!

Two more committees have been added to our standing committee structure in order to focus more attention on specific areas. These are: Committee on Community Service with Anne Marie McDonough, Chairperson; and Big Brother Program with Sherry Potenza, Chairperson. Congratulations, Anne Marie and Sherry.

We would like to thank Mark Roberts, Director of Chapter and Alumni Club Operations, for his inspiring speech to our Brothers and neophytes during his visit to our chapter in September.

Finally, we wish to congratulate the new initiates of the Theta Iota Chapter, who by their hard work and dedication have shown themselves worthy to be called Deltasigs. We are proud to call them Brothers.

—Karen Ann Powers

SIENA THETA UPSILON

Theta Upsilon Chapter entered the fall semester with 30 enthusiastic Brothers looking forward to what has been a very exciting semester. We are all confident that we will achieve 100,000 points in the Chapter Efficiency Index for our third consecutive year.

New officers for the 1981-82 year are: Jack Coburn, president; Fran Bidell, senior vice president; Charlie Faas, vice president for pledge education; John Bernardo, vice president for professional activities; Carol Montgomery, treasurer; Anne Marie Mooney, secretary; Jean Sullivan, CEI chairman; Mary Liz Blowe, chancellor; and Lisa Hart, historian.

After a widespread publicity program and several recruiting events, 25 men

and women formally pledged. The pledges went through a seven week pledge period culminating in a fantastic party thrown by the pledges and a very successful initiation.

Donald Corolla, a lawyer, highlighted the semester's professional events. Corolla led a discussion of law and how it relates to the business world.

On November 5, Theta Upsilon and Zeta Psi Chapters got together for a very enjoyable evening. Pizza and beer were shared between Brothers and pledges from both chapters. This gave us all a good opportunity to socialize and get to know our fellow Brothers from Albany State.

Charlie Faas represented Theta Upsilon Chapter at the Grand Chapter Congress this past August in Michigan. An interesting array of workshop seminars and student get-togethers proved very successful. We are looking forward to a rewarding year of Brotherhood. We would like to extend our best wishes for a successful year to all Deltasigs and we would like to wish the Adelphi Colony luck in becoming a chapter.

—Steve Faas

SUNY-BINGHAMTON KAPPA LAMBDA

Kappa Lambda Chapter at SUNY-Binghamton is proud to announce a fall semester chock full of enthusiasm and varied activities that nourished and strengthened our new chapter. Our small chapter is rapidly gaining recognition and members due to the outstanding efforts of our officers.

Our professional program, scheduled by Peg Cass, included several events that spiced up our semester. The fraternity hosted a variety of impressive speakers who spoke on areas ranging from "Careers in Personnel," in a management perspective, to the opposite side of the coin, including "Reality of Organized Labor," the union perspective. In addition, Kappa Lambda Chapter organized a professional forum with Touche Ross and Company, plus a tour of nearby IBM Corporation in Endicott, New York.

Our fall rush brought us a wholesome 19 pledges who eagerly awaited initiation on December 5. Each and every pledge exhibited the qualities of new Brothers that we can have pride in. We can thank Howie Unger, our Vice President for Pledge Education, for a great

the chapters speak

job in his many hours of recruiting efforts.

The chapter held several interesting fund raising activities recently. In addition to regular bake sales, we had candy bar sales, a Sears credit card application drive, Halloween candy apple and pumpkin sales, Christmas stocking sales and two movies.

Besides fund raising, we had spirit raising with our excellent community service programs. We helped out in a Jerry Lewis Muscular Dystrophy Telethon and kept the ball rolling with a charity bowlathon. In addition, Kappa Lambda Chapter showed its entertainment skills in a nursing home talent show, but we found out that our acting talents don't warrant big time yet. Maybe next year we'll be stars.

Our biggest project and honor this fall was being host to the Eastern Region Area Conference, which allowed us a chance to meet plenty of Brothers from far and near. We are proud that our young chapter was able to accommodate such an event.

All in all, Kappa Lambda Chapter has prospered both professionally and socially and we hope to enter the next semester with further successes. We wish all Deltasigs a great spring semester.

—Sarah Wolf

MIDEASTERN REGION

PENN STATE ALPHA GAMMA

Alpha Gamma Chapter started the academic year with a highly involved program of business activities.

The chapter's main fall event was the sponsoring of Business Week for the College of Business Administration. Business Week's theme was "The Future of Business—Growth for the '80's" and featured several keynote speakers from five different multinational manufacturing companies. Topics included implications for future technology, profitability and business ethics.

Other highlights of the early '81-'82 academic year included the chapter's fund raiser involving a raffle for an all-expense paid trip to the Penn State football bowl game; and in regard to community service, helping organize and direct the 1981 Health Expo 10-kilometer and two-mile runs on campus.

We must also acknowledge completion of a job well done by our fall pledge

class initiated in December. During the pledge program, they were engaged in their own fund raiser, community service project and other business affairs to promote the professionalism of Delta Sigma Pi.

The last major event prior to the New Year was the chapter plant tour of Air Products Company in Allentown, Pennsylvania.

It certainly has been a busy but rewarding and highly successful first half, and we have no reason to doubt that the Alpha Gamma Chapter will have a continuing high calibre of professional development throughout the year.

—David C. Weagraff

RIDER BETA XI

Beta Xi Chapter of Delta Sigma Pi would like to congratulate our Brothers who have graduated as of May, 1981: Scott, Joe, Phil, Rich, Al, Pete and Dave. We also want to congratulate Brother Tom and Jane on their wedding of August 15, 1981. Furthermore, the chapter would like to extend a special thanks to Father Jeremiah Cullinane who left our school as of June, 1981. Fr. J has done so much for the Beta Xi Chapter as "Honorary Brother" in the

Father Jeremiah Cullinane is congratulated after being named "Deltasig of the Year" for Beta Xi Chapter at Rider.

past two and a half years it is hard to mention everything. The entire chapter will miss him greatly and wishes him all the best at Indiana State University where he now resides. No other Brother could have deserved the title "Deltasig of the Year" more than Father J.

Getting back into the swing of things, the Beta Xi Chapter is having another successful semester. Working along with the chapter as a whole, the officers for this semester are definitely the "Creme de la Creme." Due to the extraordinary work of Beta Xi President Tony Monticchio, Treasurer Rob Klepner, and the entire chapter, the Brothers have accomplished so far this year one of the greatest concerts given and are proud to have raised a large sum of money at the same time. Featuring the sounds of "Backstreets" on the night of September 18, one could honestly say the night belonged to Delta Sigma Pi of Rider College.

In continuance of our non-stop performance, the Brothers planned a Beer Drinking Contest for the benefit of the American Cancer Society, a Raquetball Party and, in building our alumni relations, a Founders' Day Party given by Alumnus Jeff Collis at his house for all alumni and undergraduate Brothers.

With another pledge class, Brother Wayne Bloom is the proud father of eight new pledges for this semester. While educating them in determination, Wayne has planned various pledge activities with the Brothers in order to make them more acquainted with one another, and he is doing his best to make our Pledge Program a huge success. We look forward to initiating all eight as new Brothers of the Beta Xi Chapter.

As far as professional activities are concerned, Beta Xi Chapter is pretty active, due to Vice President for Professional Activities Nevin Hofing. Nevin, so far, has planned for a tour of Schlitz Brewery in Philadelphia and for a speaker from General Motors to take place sometime this month.

In closing, the Brothers would like to congratulate and welcome to the Beta Xi Chapter our two newest Brothers from last semester.

We all anticipate a promising semester and a most successful initiation.

—Carolyn Giardina

MARYLAND GAMMA SIGMA

The fall semester was an excellent one

the chapters speak

for the Gamma Sigma Chapter at the University of Maryland. We started off the semester in full force and with fantastic stories of the Grand Chapter Congress at Mackinac Island, Michigan. The Gamma Sigma Chapter was represented by Jonathan B. Haber, president; Tracey J. Cohen, senior vice president; and Lucy C. Joyce, vice president for pledge education.

The beginning of the semester was very busy, but with the combined efforts of all the Brothers our rush program was a total success. We had the pleasure of meeting Michael M. Johnson, having him speak at our Open House, and would like to welcome him as our new Mideastern Regional Director.

Our professional program continued to be a great success. Thanks to the persistent efforts of Kail S. Tseng, vice president for professional activities, we enjoyed a full semester of speakers and tours ranging from Capital Analysts of Washington to Xerox.

When it came to fund raising, Susan M. Meitzlish pulled us through with flying colors. Special thanks go to Brothers David P. Colville and Aleda A. Corydon for representing us and dancing for 72 hours in this year's Dancers Against Cancer Marathon.

This semester has been a great one. However, it wasn't due to just the Brothers listed here, but to the entire Brotherhood which is far too numerous to list. We would like to welcome our new initiates, including Dr. Palomba, Associate Dean, College of Business and Management. We are looking forward to working with our new Brothers and together obtaining 100,000 Chapter Efficiency Index points.

—Keith B. Weaver

SHEPHERD

EPSILON KAPPA

Epsilon Kappa Chapter had a very eventful fall semester. Our professional and social programs went off well.

Professional tours to ABEX headquarters and Hinkel Harris Furniture in Winchester, Virginia, *The Evening Journal* newspaper in Martinsburg, West Virginia, and Corning Glassware, were some of our short distance tours. We had a bank trust officer speak about setting up trusts; also an advertising director talk to us about the in's and out's of advertising.

We have had numerous fund raising

Jonathan B. Haber, Tracey J. Cohen, Mideastern Regional Directory Mickey Johnson and Bill Shaw, left to right, addressed prospective members at the Gamma Sigma Chapter Open House at Maryland.

parties at our house. Sub sales and raffles were also profitable. We are making plans for our second annual "Lightside" party which included four bands, 27 kegs of beer, and a lot of food.

We would like to extend our congratulations to Brother Michael "Mickey" Johnson on his election as the Mideastern Regional Director. All the luck to you this year, Mickey, in your new position. Also good luck to Jim Heflebower on his appointment as our District Director.

—Charles Carpenter

SOUTH CENTRAL REGION

NORTH CAROLINA-CHAPEL HILL ALPHA LAMBDA

Alpha Lambda Chapter at the University of North Carolina-Chapel Hill is presently planning a T-shirt sale to raise funds for a chapter bulletin board. We are working to improve relations with the School of Business Administration and to gain greater exposure throughout the campus and the community. During our fall recruitment period, the Director of the Undergraduate Business School, Doug Elvers, spoke to the chap-

ter about the future of the University of North Carolina Business School.

Beta Gamma Chapter was our guest in October for the North Carolina-South Carolina football game. We all had a great time and plan to have many more activities with our neighboring chapters.

Thirty pledges joined with us in September and a buffet initiation was held November 6 at a local motel, just in time for the Homecoming game on November 7 against Clemson. We are looking forward to the spring semester and wish everybody a belated Happy New Year.

—Richard Rand

VIRGINIA TECH ZETA UPSILON

Greetings from the Zeta Upsilon Chapter of Virginia Tech. Through the hard work of our 33 Brothers, fall quarter was quite productive. First off, we would like to congratulate our four newest Brothers: Teresa Oxenreider, Louis Allin, Jeff Barnes and Sally Campbell. Already they are continuing the spirit of unity, friendship, and hard work that has helped make our Brotherhood as strong as it is today. Also, Senior Vice President Joe Bunting III performed an

the chapters speak

Assistant Executive Director Mike Walsh discusses the upcoming initiation at Delta Xi Chapter with President Genie Kane.

excellent job with rush which resulted in six new pledges.

Professional Vice President Ann Hellmann kept the professional program quite active with three speakers and a trip. The speech topics were "Graduate School," "How To Run A Successful Business," and "The Changing American Market." Roanoke was the destination of our road trip where we learned about WSLs-TV.

Our homecoming events were successful in bringing many alumni back to the house. They started arriving Thursday for the "Welcome Back Alumni Party" on Friday night. Our homecoming dance itself was held Saturday night in a nearby clubhouse where the undergraduate Brothers, alumni, and Faculty Brothers all got together to talk of old times and dance the night away. It was appropriate to have so many of our alumni in attendance as our homecoming theme was "Past Presidents."

CEI participation has also been strong under the guidance of Tracy Blanchard. Already at this time we have over half of the points that we acquired during all of last year! Hopefully, we will reach our quota this year.

The Brothers decided to renew the lease on our house even though the rent increase was exorbitant. With regular clean up sessions by the Brothers and pledges, the house looks the best it has in years. The Zeta Upsilon Chapter urges all Brothers in the Blacksburg area to visit us anytime and wishes you luck in the success of your chapters.

—Denise A. Millure

JAMES MADISON IOTA KAPPA

Returning to school with only a 20 member chapter was thought to be a handicap for the Iota Kappa Chapter; however, such was not the case. The semester was chock full of various activities which demonstrated the devotion of the Brothers and refuted the axiom that there is only strength in numbers.

The chapter inducted 12 enthusiastic pledges ready to devote their time and energy to Delta Sigma Pi. The pledges did work hard, even to the point of trying to conquer the Brothers at the traditional Farm Party football game. Nevertheless, the Brothers won.

The chapter embarked on a major fund raising campaign in cooperation with Sears by soliciting credit applications for the company. Increased funds enabled the chapter to celebrate the initiation of the 12 pledges with a banquet/dance at the Holiday Inn. A new twist in entertainment was enjoyed by all as Brother Paul Schiminger, dubbed "that banjo-pickin' fool," played in the band providing a set of live blue grass music.

Terry Crow is to be commended for her consecrated efforts in originating an assortment of professional activities. The Brothers toured Branch Cabell, a stock brokerage; American Packaging Corporation and Dunham Bush. Several speakers were engaged, including representatives from IBM and AFL-CIO. Held in early December, the address of

the AFL-CIO representative was open to the School of Business and refreshments were served, compliments of the chapter. The chapter already has plans in the making for seeing that this semester is as productive as the last one.

—Wanda S. Bull

WINSTON-SALEM STATE IOTA XI

The Iota Xi Chapter at Winston-Salem State University in Winston-Salem, North Carolina, started off the semester with a bang.

We had two very successful car washes and a fantastic hot dog sale, along with two speakers, Wayne Ledbetter who spoke to us on "Computers and Their Relation to Business," and Esther Rockette who spoke on "Selling Yourself." The information they conveyed to the fraternity was very beneficial. We have also designated Thursday as being our "T-Shirt Day."

We held our rush party and interviews for prospective pledges and the pledge program began October 26.

For the continuation of the semester the Brothers of Iota Xi Chapter planned a pizza party, a trip to the movies, a Founders' Day Program and several other activities.

Cheryl Harris is our "Rose of Deltasig;" her attendants are Cheryl Harrison and Melinda Mitchell.

The Brothers of Iota Xi Chapter are looking forward to a dynamic spring semester and we wish all Deltasigs success in whatever they endeavor during the continuation of the year.

—Shirley T. Jones

SOUTHEASTERN REGION

GEORGIA PI

Pi Chapter at the University of Georgia enjoyed a very productive fall quarter and is looking forward to winter quarter's activities. During fall quarter, the Brothers toured Delta Airlines, attended a marketing presentation at Honeywell, Inc., in Atlanta and sponsored a seminar on the U. S. Economic Recovery Act which was presented by Coopers and Lybrand accounting firm. In addition, 18 prospective members pledged which indicates that our goal of

the chapters speak

having a successful recruiting year is being realized.

Professional programs on the agenda for winter quarter include a tour of the Atlanta FAA Radar Control Center in Hampton, Georgia, and a presentation on the "interviewing process" which will be given by a representative from Southern Bell. Dominating our winter quarter activities, however, is our 60th Anniversary Celebration which will be held on February 20, 1982. Pi Chapter will be 60 years old on February 18, 1982, and the Brothers are planning a banquet in honor of this memorable event. Attending the banquet will be Grand President Michael R. Mallonee, Executive Director Mike Mazur, Georgia Head Football Coach Vince Dooley and many of our cherished alumni and College of Business faculty. Pi Chapter has come a long way in 60 years and we are looking forward to the future where we will, undoubtedly, continue to grow and prosper.

—Samuel A. Edwards

Members of Delta Xi Chapter at East Tennessee State gathered informally with Assistant Executive Director Mike Walsh during his recent visit.

SOUTH CAROLINA BETA GAMMA

Beta Gamma Chapter at the University of South Carolina got off to a great start last semester. We had 10 new Brothers who were initiated last spring and along with the rest of the Brothers worked hard on our various projects. We also had a new faculty member, Dean Janice D. Delozier, who has proven herself to be a great asset.

Our new officers for this fall were: President, Sammy Wullner; Senior Vice President, Susanne Rohner; Vice President for Pledge Education, Kevin Hart; Vice President for Professional Activities, James Rabon; Chancellor, Andy Tolleson; Treasurer, James Welsh; Secretary, Mark Belue; CEI Chairman, Lori Franklin and Historian, Dee Kellett.

Beta Gamma Chapter had four undergraduates and one alumnus attend the Grand Chapter Congress this summer in Michigan. President Sammy Wullner attended as the chapter's alternate and Dale Mamele attended as the Columbia Alumni Club delegate. The 23 hour drive took a lot out of those who made the trip, but we understand this did not hinder their participation in the late night activities in the East Lobby.

Prior to the Grand Chapter Congress our officers were hard at work with the faculty and administration of the Business Administration School in arrang-

ing for our upper classmen Brothers to work as consultants with the local Junior Achievement Organizations. Mr. William F. Littlejohn, State Director of the Small Business Development Center, acted as faculty advisor to the consultants and those students who completed the required work received three hours credit in applied management.

In addition to the above our Vice President for Professional Activities, James Rabon, worked hard arranging for our professional program for the fall. On September 22, Vern F. Amick, Director of the Small Business League of South Carolina, spoke on federal regulations on business loans. On October 23, we were pleased to have South Carolina's State Treasurer, Mr. Grady Patterson, speak to us on the bond and money markets. During the month of November Richard A. Harpootlian, Deputy Solicitor of the Fifth Judicial Circuit and Earle E. Morris, Jr., Comptroller General of South Carolina, spoke on various subjects pertaining to their respective offices.

We at Beta Gamma Chapter planned a great semester due to a lot of work last summer on the part of our officers and faculty and with the continued work of our members. We would like to wish the best of luck to all of our Brothers and extend an invitation to anyone who

would like to visit us here in beautiful South Carolina.

—Dee Kellett

GEORGIA SOUTHERN EPSILON CHI

Epsilon Chi Chapter started fall quarter with the induction of five eager pledges. Our Halloween event was a costume party and we all had great fun.

On Founders' Day, Epsilon Chi Chapter was hosted by South Carolina's Beta Gamma Chapter. We celebrated their initiation, a Gamecocks-U. of Pacific football game followed by their initiation party. Our Second Annual Road Rally was enjoyed by both students and the Statesboro community on November 14.

Under the newly elected leadership of Brother Debbie Smith, our professional activities included Mr. William Cook, Vice President of Business and Finance at Georgia Southern College, and a tour and speech at the Sea Island Bank of Statesboro.

Mr. Robert Morris served as our guest speaker at our November 21 initiation banquet and the meal was followed by a well-deserved initiation party for our hard-working, newly initiated Brothers.

the chapters speak

All attended our Christmas party on December 5 and we then parted for our winter break.

—Melanie Morton

COLUMBUS THETA MU

Theta Mu Chapter at Columbus College in Columbus, Georgia, was busy with many activities during their fall quarter. Among the activities, "The Great Pumpkin Run" was a community service project that benefited the Ann Elizabeth Shepherd Home, which is a home for homeless young girls. The run entailed a five mile course around the campus. The winner received a warm-up suit, and all other participants received T-shirts for their efforts. Businesses that helped Theta Mu Chapter sponsor the run were Peachtree Pub, American Family Life, National Bank and Trust Company and Stroh's Beer.

As for new members, Theta Mu Chapter recruited 14 excellent students during fall quarter. This type of recruiting success had not been attained during the past year, so it gives the chapter a good feeling of accomplishment.

The coming year is expected to be a good one for Theta Mu Chapter. Events planned for the remainder of the year include many luncheons, tours of plants, the annual Delta Sigma Pi Spring Banquet, and the annual faculty-student softball game. It is very probable some car washes will find their way onto the calendar . . . Theta Mu Chapter would like to wish all of the chapters great success in 1982.

—Scott Taccati

SOUTH ATLANTIC REGION

MIAMI-FLORIDA BETA OMEGA

The Beta Omega Chapter at the University of Miami had a great time at the Grand Chapter Congress. Coming from one of the longest distances, Beta Omega Chapter was well represented.

Recruiting went very well; both a smoker featuring an investment banker and a tailgate rush party at the Orange Bowl were well attended.

Upcoming professional activities include a tour of American Savings Bank and an F.B.I. agent speaking on white collar crime.

For the fall semester we will have initiated 10 new Brothers and with only losing three to graduation, our Brotherhood will be 35 strong.

District Director Elaine Norton has attended several meetings and functions. She is always welcome here at Beta Omega Chapter.

Homecoming was very exciting—we came out of the competition with many awards. The week was capped with a combination Halloween-Homecoming party.

Upcoming for the spring semester Beta Omega Chapter will again participate in the largest college carnival in the south. Last year Beta Omega Chapter won the Carni-Gras competition with our famous Delta Sigma Pizza Pi booth.

The Brothers of Beta Omega Chapter welcome all Deltasigs to visit us when they come to Florida for spring break.

Have a good semester.

—Stuart M. Berger

FLORIDA STATE GAMMA LAMBDA

Gamma Lambda Chapter at Florida State University has had a very active fall semester. Senior Vice President Gerald Ullmann organized the recruiting table along with other recruitment measures which resulted in a strong pledge class of 12. Last spring and winter a total of 19 new Brothers were initiated.

Everyone likes to take part in the Homecoming festivities and Deltasigs are no exception. We made pre-sales for Homecoming corsages and a fund raiser was led by Brother Tom Anderson that will help make this semester's tour in Tampa as successful as was last semester's tour to Atlanta. Also planned for Homecoming was a reunion on October 31 hosted by our chapter for all alumni who were in town for the game and other festivities.

Interesting and informative speakers like William Furlong, C.P.A., and Kent Spriggs, a city councilman, have rounded out our professional activities thus far.

We are happy to have as an honorary member Bonnie Bonnell, the coordinator of on-campus recruiting and counselor for business and industry. Bonnie not only advises us about job situations, she often lets us use her home for social events and, in turn, we are of service to her in any way the need arises.

Another activity we anticipated during the semester was a service project helping with the Special Olympics program here in Tallahassee.

The Brothers here at the Gamma Lambda Chapter hope your fall was as exciting and busy as ours.

—Karen Lowery

TAMPA EPSILON RHO

Epsilon Rho Chapter at the University of Tampa had a great year in 1981. The Grand Chapter Congress started the fall semester in the best way possible. Many good ideas and friendships developed from the convention and the "Most Improved Chapter Award" was well received by Epsilon Rho Chapter. Brothers John Pickart and Bryon Holz represented our chapter and received

Members of Pi Chapter at Georgia, Iota Mu Chapter at Georgia College and Beta Gamma Chapter at South Carolina paused for a moment before celebrating the successful completion of the First Annual Southeastern Regional Group Initiation.

the chapters speak

the new award along with our Chapter Efficiency Index honor roll certificate. We would like to thank Loren Poucher, again, for the help and guidance that he has given us. We wish him the best of luck as the new Regional Director for the South Atlantic Region.

Our fall rush recruited 13 pledges into the pledge program under the direction of Don DeMan, vice president for pledge education. The smoker attracted alumni Brothers, Theta Phi Brothers, Loren Poucher, and our new District Director, Gail Pierce.

Joe Traugott, vice president for professional activities, has scheduled many professional activities for us throughout the fall semester. Speakers, tours, and films provided Brothers with the business education that is a vital part of Delta Sigma Pi. Ann Marie Mezzetti helped get the Epsilon Rho Chapter "rolling" with a skating party. Most of the Brothers, however, spent more on bandages than on skate rental.

Epsilon Rho Chapter is looking forward to a great spring semester. We would like to wish the other chapters and all Deltasigs the best of luck in 1982.

—John Pickart

FLORIDA ATLANTIC ZETA PHI

The Zeta Phi Chapter was represented at the 33rd Grand Chapter Congress by Delegate Robin Still, Alternate Kathleen McMahon, and Brother Belinda Hirsch. The spirit and fraternalism of the Brothers from across the nation combined with the beauty of Mackinac Island and the prestigious Grand Hotel made for a most enjoyable and memorable convention.

Zeta Phi Chapter's fall semester professional schedule was an exciting and varied one. Speakers included: Herman Rodriguez, manager of IBM, speaking on business impacts of new product development; Honorary Brother Erwin Cochrane, banker, whose topic was Banking Today; Bill Burson, district manager Southern Bell, speaking on Reorganization, Growth and Employee Advancement; Bob Rollins, Insurance Broker at Beaken Group; Dr. Joseph Mount, Chairman of the Board of Datamedix who spoke on "Business, The Real World"; Dr. Theodore S. Kliston, Associate Professor of real estate and finance at Florida Atlantic

University; and Mr. Bruce Schatz, Chairman Real Estate Appraisers Organization. The chapter also had two tours, one of Siemens Corporation and the other of Dania Jai-Alai.

The Brothers, alumni, and pledges celebrated Founders' Day with a fun filled picnic at Spanish River Park in Boca Raton.

The Zeta Phi Chapter extends its congratulations to Brother Elaine Norton who has been appointed as our new District Director.

EAST CENTRAL REGION

PITTSBURGH LAMBDA

Lambda Chapter, in our 61st year at the University of Pittsburgh, has had a busy and rewarding fall semester. Our professional program, under the direction of Vice President for Professional Activities Cindy Smith, was quite diversified and stimulating, and included speakers from American Investors, the National Association of Accountants, and the University of Pittsburgh Graduate School of Business.

We were also very proud to have two of our officers recognized for their outstanding scholarship: Ken Foster and Cindy Smith were inducted into Alpha Sigma Lambda, a national honor society for evening students, on September 25.

In November, our new pledges joined us at our banquet at the University Inn commemorating Founders' Day. This function was educational as well as entertaining for the large group of members, alumni, pledges, and faculty advisors who attended. The climax of our recruiting program was our December initiation when we brought an enthusiastic group of undergraduates into our Brotherhood. At the informal gathering which followed the ceremony, the members welcomed our new Brothers and spent an enjoyable evening getting to know them better.

In addition to our goal in the six areas of the CEI, one of our foremost objectives has been to establish better communication with the other chapters in the Pittsburgh area and with those in our newly-assigned region. During the fall semester, good progress was made in this direction, as we participated in several social and professional functions

with them. We have also been actively working on organizing some special fund-raising events so that more of our Brothers can participate in the future regional and national conferences.

We at Lambda Chapter look forward to a second semester as successful as our first, and wish all chapters the same.

—Michael Dennison

OHIO STATE NU

Honor Roll again! Yes, the Nu Chapter at the Ohio State University made the Honor Roll for its second consecutive year by achieving the goal of 100,000 Chapter Efficiency Index points. We have set high goals for this year and intend to achieve them. So, look for the Nu Chapter on the Honor Roll again!

The quarter has been filled with professional activity. The highlight for the quarter was speaker William Niehous, Owens & Illinois Vice President. Mr. Niehous spoke to a capacity crowd of 315 on "The Role Of The Multinational Corporation In The World Economy." In addition, Associate Dean Robert Georges spoke on "How The College Of Administrative Science Turns A Student Into A Businessperson." David Kaucke, Director of Strategic Planning for Nationwide Insurance, gave an informative speech on long range planning.

Nu Chapter's social calendar has been

Candy Horvath and Diane McNeil of Nu Chapter at Ohio State satisfy another customer at the chapter's coffee table fund raiser.

the chapters speak

full of fun and fraternalism. The "shiny pins" held their original "Hats, Shorts, and Boots" party which needs no further explanation! The Nu Chapter Birthday Party was also a great success. It was celebrated in Nu Chapter tradition which means games such as pin the tail on the Alpha Kappa Psi!

Not ignoring our chapter's social responsibility, Nu Chapter has undertaken the project of collecting empty cigarette packages. Upon redemption, each package allows a needy recipient 30 seconds free use of a respirator.

The fraternity coffee table has been off to a great start. The chilly fall quarter and everyone's participation has led to increased revenues. It all seems to be adding up to another successful year. Last year our revenues made a substantial contribution to our ever popular Rose Formal. We hope to do it again this year!

Recruiting started the first week of classes. Nu Chapter also sponsored a "Meet The Chapter" function which had a terrific turn out. Consequently, we have an enthusiastic group of pledges whom we look forward to calling Brothers.

The Nu Chapter Deltasigs are looking forward to a great year filled with an even stronger Brotherhood within the fraternity!

—Peggy Stratman

CINCINNATI ALPHA THETA

Alpha Theta Chapter at the University of Cincinnati started activities early before the quarter had begun. Members of Alpha Theta Chapter came from all parts of Ohio to work for Riverfest, WEBN's Labor Day fireworks, in which the Greater Cincinnati Jaycees raise money to support the "Cincinnati Arts." This event also served as a very successful money raiser for our chapter.

Our two public relation events for the quarter were "Beech Acres Orphan's Feast" and "Superkids." This was the second year Alpha Theta Chapter supervised "Superkids," a mini-Olympics for children held as a fund raiser for the Southern Ohio Lung Association.

Professional activities included many prestigious and outstanding business professionals in the Cincinnati area who spoke to us about their particular career knowledge and experience.

The tour of The Central Office and picnic at Hueston Woods was very infor-

These happy Deltasigs are members of the Alpha Omicron Chapter at Ohio University.

mative and enjoyable. We are looking forward to next year's tour and picnic already.

The Brothers of the chapter celebrated Founders' Day with a dance and a raffle drawing, inviting Deans of the Business College, advisors, alumni, neighboring chapters and friends. This year's fall induction was a double initiation together with Theta Lambda Chapter from Xavier University. A dinner, a professional speaker, and a party were given in honor of our new members.

Alpha Theta Chapter's Executive Committee and members welcome our new members into the chapter. Together we can strive for the common goals of professionalism, unity and Chapter Efficiency Index points!

—Stephanie Kanistros

OHIO ALPHA OMICRON

Alpha Omicron Chapter at Ohio University had a very active quarter. We began with various activities including a speaker from the University's Career and Placement Program. The month of October was devoted to a tour with NCR and Shell Chemical. To further our learning experiences, several speakers were chosen. These representatives from various companies came from Owens Fiber Glass, Ravens Metals and McDonough-Caperton Insurance Company.

Many service activities were included

in our busy quarter. We helped the School of Business Administration by passing out registration and course reviews. The Brothers also assisted in career day and the Board of Visitors activities. Also, our annual "Goody Bag" was distributed, which consisted of 9,000 packets of coupons from area merchants. The sale of insulated O.U. beer coolers, T-shirts and coffee contributed as our major fund raisers.

Congratulations were extended from our chapter advisors for our national recognition at the Grand Chapter Congress. We were chosen as the top chapter in the East Central Region and second in the nation.

We were also pleased with the addition of 18 new neophytes on November 14, to make a total of 62 members.

Best wishes to fellow Deltasigs across the nation.

—Janice Koelliker

MIAMI-OHIO ALPHA UPSILON

Alpha Upsilon Chapter welcomed everyone back to school this January with high hopes that this semester will be as fulfilling as the last one.

Recruiting was the main task facing Alpha Upsilon Chapter when we returned to school first semester. It consisted of three evening functions which included a lecture on stress management and a party at The Central Office. On September 20 we pledged seven

the chapters speak

sophomores, adding to our total membership of 56.

An event which is always exciting is our annual Alumni Pancake Breakfast which we held on Homecoming Day, October 24. The Brothers of our chapter were pleased to welcome several alumni back to Miami along with members of the Cincinnati Alumni Club and many Brothers from Alpha Omicron, Epsilon Xi and Iota Tau Chapters.

Accompanying this type of fun we are doing some work! Currently, we are working on the details for what we believe will be one of our best fund raising efforts—a beach towel sale for Miami University's spring break. At the present, we are selling submarine sandwiches and doughnuts to raise capital for this spring effort.

On October 13, we held nominations for officers for the 1982 calendar year. Speeches were given October 27 and on November 3 an excellent team of new leaders was elected. Transition has been completed and we have already submitted a great number of Chapter Efficiency Index points to The Central Office. We are again on our way to a 100,000 point year.

—Kac Huber

KENT STATE BETA PI

Beta Pi Chapter aggressively attacked the problem of rebuilding our chapter after more than half of our Brothers graduated in the spring of 1981. As an indication of our determination to remain the Number One student organization in the College of Business Administration, we recruited 29 fine pledges in the fall, and will continue to recruit aggressively this spring of 1982.

We kept the pledges and the Brothers busy throughout the semester with a variety of professional and social activities, parties, speakers, and tours. Our foremost professional project was the installation of 50 lockers we donated to the College of Business Administration for use by commuter students. The locker project, a joint effort by the Brothers and the pledges, was a total success, and kept the good name of Delta Sigma Pi in the forefront of student organizations.

Among other activities, Beta Pi Chapter held a wine and cheese party for the College of Business Administration faculty and attended a Kent Area Chamber of Commerce breakfast in order to estab-

lish a relationship with the members of commerce in our community. Deltasigs were also instrumental in establishing the Executive Business Council, an organization representing all the undergraduate organizations in the College of Business Administration.

We have met our goals this semester, both in membership and professionalism. We will carry on the spirit this new year, and we wish all Brothers of Delta Sigma Pi a fantastic year. Flying high, with Beta Pi!

—Thomas Prendergast

WEST LIBERTY STATE DELTA OMEGA

Thanks to the Delta Omega Chapter a fantastic Fall Festival carnival came to our campus for the first time in eight years. This new fund raiser included approximately 20 booths set up by campus organizations, fun-filled rides, and lots of delicious snacks. It was a lot of work and a lot of fun for everyone, and

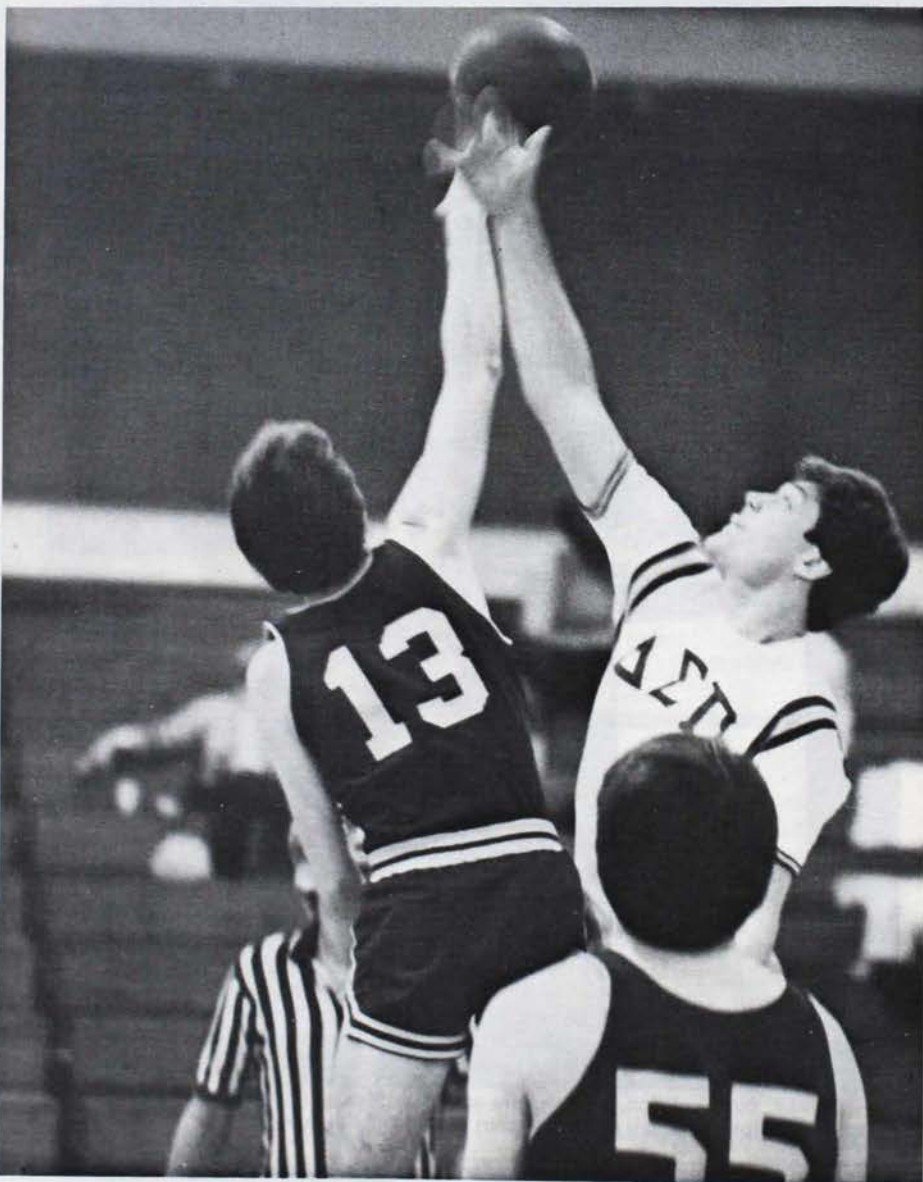

(continued on page 34)

Mark Datson, Sue Derikson, Max Braune and Pam Fisher, left to right, count the proceeds of the Alpha Omicron Chapter T-shirt sale at Ohio University.

Crescent City Basketball

For over ten years, Deltasigs have gathered in New Orleans to compete in basketball and to share Brotherhood. As the 1982 Basketball Tournament approaches, we review the tenth anniversary of this Intra-regional event . . .

Tradition is very strong in Delta Sigma Pi and the members of the New Orleans Crescent City Alumni Club have, for the past ten years, sponsored the Annual Southern Region Basketball Tournament. Now a part of the newly-created Gulf South Region, the name of this annual event will change but the spirit of Deltasigs gathered together for a weekend of fun and Brotherhood will be even greater. As the Eleventh Annual Gulf South Regional Basketball Tournament approaches in March of 1982, we review the events of last year's tournament.

Eta Tau Chapter from *McNeese State University* captured the championship trophy in the Tenth Annual Southern Regional Basketball Tournament. The tournament was attended by over 200 Deltasigs and guests, including then Regional Director Frank Busch, newly-elected Gulf South Regional Director Gus Schram, Past Grand President Bill Tatum, newly elected Director of Alumni Activities Danny LaFont and 1980 Undergraduate of the Year Marilyn Doskey. Ten chapters and three alumni clubs were represented at the outing, which over the years has become the only annual gathering of Southern Region chapters.

Although the history of this tournament is 10 years old, yet its objective is the same today as it was at that first meager four-team event a decade ago. With the assistance of Past Regional Director Frank Busch, this tournament has represented Crescent City's major promotion of Brotherhood and alumni relations within the region. It is the largest activity of the club, with over half of their annual budget allocated to it. All games are played on a Saturday, leaving visiting chapters free time to enjoy New Orleans.

On occasion, social events and professional tours have been planned in conjunction with the tournament.

In the 1981 tournament, Eta Tau Chapter's victory in the championship game made them the only chapter in tournament history to regain the title after having lost it, having previously won in 1979. However, both McNeese and runner-up Gamma Delta Chapter, *Mississippi State*, had to overcome 8-point half-time deficits in their respective semi-final matches, with State eventually winning by two points and McNeese by one, in overtime. Preston Williams of Eta Tau Chapter and James Collins of Gamma Delta Chapter finished one-two for tournament scoring honors. The other semi-finalists providing the tough competition were Beta Psi Chapter, *Louisiana Tech*, the only chapter with three tournament titles, and Epsilon Nu Chapter, *University of New Orleans*, the only 10-year participant.

Competition was heavy in the first two rounds. Second-round qualifiers included Zeta Iota Chapter, *Mississippi College*, and Beta Zeta Chapter, *Louisiana State University*. Consolation winners were Epsilon Psi Chapter, *Christian Brothers*, a first-year entry and the most dis-

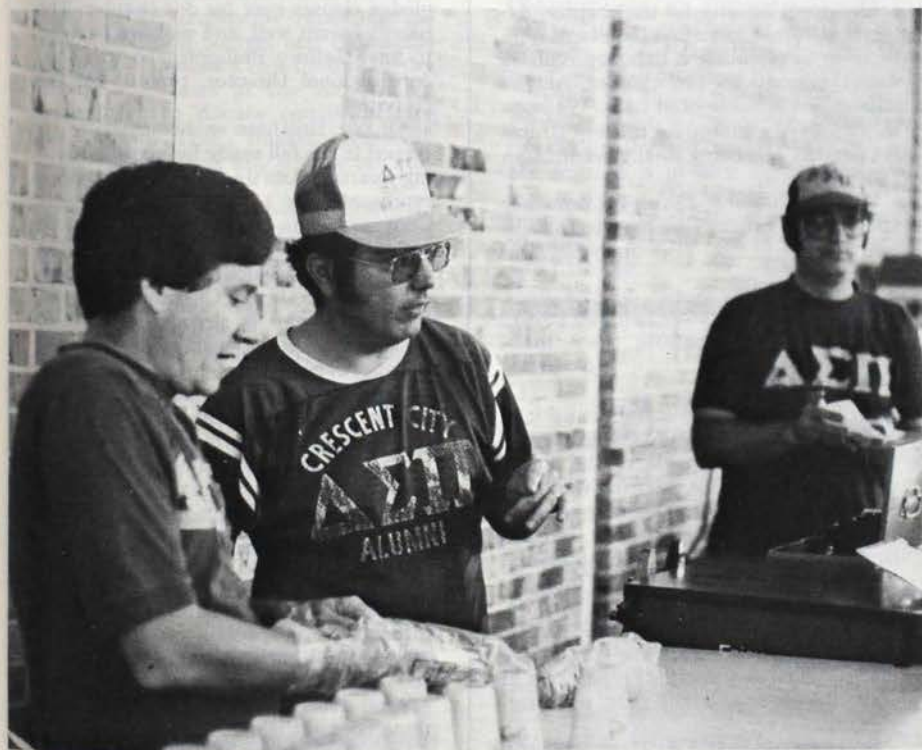

Then Southern Regional Director Frank M. Busch, far left, surveys the action during the 1981 Southern Regional Basketball Tournament. The longstanding tradition of this event will continue within the newly-created Gulf South Region.

tant chapter attending, over Eta Iota Chapter, *Nicholls State*, and Eta Omicron Chapter, *Northeast Louisiana*, over Delta Nu Chapter, *Loyola*.

The alumni championship went to Houma-Thibodaux by virtue of a 37-29 triumph over Lake Charles-Bayou Country, the title holder the previous three years. The new champs, led by Ralph Boudreau and Danny LaFont, overcame a 19-point effort by Anthony Bartie of Bayou Country in winning their first alumni crown. Houma-Thibodaux warmed up with a 32-11 drubbing of host Crescent City, which had to woefully drag most of its players away from the beer stand.

Looking ahead, as a result of the regional alignment, the tournament will be changing its name and format. Under the new arrangement, Gulf South chapters will receive an automatic invitation with at-large bids being extended to selected chapters in other regions.

The members of Crescent City Alumni Club appreciate the participation of all chapters and alumni clubs at the tournament. This type of activity is an excellent way to establish good undergraduate/alumni relations and promote Brotherhood within a region. For further information on the 1982 tournament, please contact Louis Lehr, 2323 Park Place Drive, Gretna, Louisiana 70053.

Members of the New Orleans-Crescent City Alumni Club have sponsored this event since its inception.

the chapters speak

(continued from page 31)

we are hoping to make it an annual event. Although this carnival was our first money making idea of the semester, another major one consisted of selling advertisements in order to finance an academic calendar which will be given out to all West Liberty students. Not only will these calendars be beneficial to us, they will also provide a service to everyone.

Our professional activities program was also in full swing, taking us on a tour to Three Rivers Stadium, an aluminum reduction plant, and an exciting visit to Equibank and KDKA television in Pittsburgh, Pennsylvania. These tours, combined with the pleasure of listening to several interesting speakers, provided our chapter with many fun-learning experiences.

This semester the Brothers of Delta Omega Chapter have arranged for a \$100 Scott Lewis Scholarship to be given annually to an outstanding junior majoring in business. We are also proud to announce that we initiated 12 new members into our chapter this term and are looking forward to a very eventful semester.

—Angela Nutter

DAYTON EPSILON TAU

The Brothers of Epsilon Tau Chapter at the University of Dayton were off and running after a fantastic reactivation year. We were able to achieve 100,000 points in the Chapter Efficiency Index and became recognized on the University of Dayton campus.

Two delegates, Maureen Brodbeck and Steve Koch, represented Epsilon Tau Chapter at Mackinac Island for the 1981 Grand Chapter Congress in August.

Epsilon Tau Chapter had a busy fall semester. We had excellent speakers. Some of the subjects they covered were resumes, interviewing and the transition period between college and first job. We also toured the *Dayton Daily News* and General Motors Corporation.

The fund raising committee kept the Brothers busy. In September we were dealers for a Monte Carlo night. During October members worked at Rike's Department Store for a day.

The initiation of the 1981 Fall Pledge Class took place November 21.

On the social side, we began the semester with a "Madhatter" party. October 11 we were invited along with Xavi-

er University, University of Cincinnati, Miami University and Cincinnati Alumni Club, to a picnic at Hueston Woods. October ended with a big Halloween party.

After a busy fall semester we are looking forward to next semester and the activities ahead.

—Cora Robison

AKRON THETA KAPPA

Theta Kappa Chapter at the University of Akron is once again having a successful year. This year, Theta Kappa Chapter is involved in community activities; hopefully, the chapter is going to try two or three of these service projects each semester. So far this semester, we helped out the Jaycees with their annual community Halloween party and this month we are planning a casino night with a local nursing home. Theta Kappa Chapter feels that this can be a major asset to the fraternity.

The chapter has a pledge class of 17 students with an initiation date of December 5. This is one of the largest classes Theta Kappa Chapter has had. The pledges were active in the Founders' Day celebration and they are planning a professional activity for the chapter. After the formal initiation, Theta Kappa Chapter is planning a banquet. This is something new for our chapter. All the alumni are being invited back. We hope this will give a chance for the new Brothers to relax and enjoy finally becoming a Deltasig.

We are hoping again for another 100,000 CEI points year like last year.

—Amy E. Hand

XAVIER-CINCINNATI THETA LAMBDA

Professional development and the building of successful leaders and Brothers summarize the goals of the Theta Lambda Chapter at Xavier University.

Our professional program, based on the theme "Preparing for your Career," continues to enlighten our chapter and the university with valuable information. Our speakers, made up of authors, business consultants and other professionals, speak on topics such as: Entry into the Business World; Preparation of your Resume; and the Art of Interviewing.

Building successful Brothers and lead-

ers is a cherished goal of the chapter. Through the strong efforts of our Recruiting Committee, we were able to recruit a pledge class of 13 members. (This will almost double our chapter's present membership of 15). This achievement is a direct result of Theta Lambda Chapter's beliefs and pride in the Brotherhood of Delta Sigma Pi.

Theta Lambda Chapter was honored to send a delegate, Brother Jean Saum, to last year's Grand Chapter Congress. The information and friendships gained by Brother Saum will assist greatly in the building and strengthening of our chapter.

The Brothers of the chapter recently initiated a faculty member, Brother Mary Rose Boyle. Brother Boyle will be serving as the chapter's faculty advisor. Through the assistance of dedicated and enthusiastic Brothers, Theta Lambda Chapter will fulfill its goals.

—Karen L. Bowie

BOWLING GREEN STATE THETA PI

Theta Pi Chapter ended the 1980-81 school year with 38 newly initiated Brothers. This was one of the largest pledge classes ever for our chapter. The banquet went well, and we were honored to have Jeffrey Philippi, who was then our Regional Director, present for the activities.

All our Brothers enthusiastically returned in the fall ready for another exciting quarter. Ann Jackson, our chapter's representative to the Grand Chapter Congress, came back with a lot of great ideas. Ann spoke at our first meeting about her experience and highly promoted the next Grand Chapter Congress, and our chapter is already planning to have a larger representation at this next biennial event.

Our coffee and tea sales are going strong. Krista Koch, fund raising chairman, initiated this project last spring. It has been a profitable fund raiser, and it is hoped that it will remain a permanent operation for our chapter.

Our first professional speaker was very interesting. Dr. Richard Buchanan, a professor at Bowling Green, spoke on "Interviewing Etiquette." It was very informative, especially to the senior members who are currently involved in the interviewing process. There were several other speakers planned for the remainder of the quarter.

Our recruitment for our fall pledges

the chapters speak

got underway early, and we were pleased to have 20 new pledges join us. The traditional pledge party had a good turnout and an enjoyable time was had by all.

Once again Theta Pi Chapter is proud to announce that the chapter has achieved 100,000 CEI points for 1981. With our busy calendar of activities remaining, we are confident of obtaining that goal again this year.

Finally, the Brothers of Theta Pi Chapter would like to wish all Deltasigs the best of luck in this new year.

—Yvonne Brennan

ROBERT MORRIS IOTA TAU

Iota Tau Chapter has had a very busy and rewarding fall semester. Our calendar has been packed with professional, social and community service events.

On September 24-26, Robert Morris College sponsored its 3rd Annual Fall Carnival to raise funds for D.T. Watson Home for Crippled Children. Delta Sigma Pi ran two booths, "Chuck-a-Luck" and "Color Cube." Thanks to the enthusiasm and dedication of all the Brothers, Iota Tau Chapter surpassed all other organizations in funds raised.

Iota Tau Chapter also raised funds for Muscular Dystrophy by repeating the Big Mac eating contest and Christmas caroling. We added a new fund raiser by asking businesses in the surrounding community to donate certificates for their stores. This "Basket of Certificates" was raffled off, with great success.

The weekend of October 23-25 was an exciting and interesting one for many of our Brothers. These Brothers had an opportunity to visit The Central Office in Oxford, Ohio. We would like to express our appreciation to our Brothers at Miami of Ohio for their hospitality during our stay.

November 14 saw the initiation of new Brothers after six weeks of vigorous pledging. We welcome our new Brothers to Delta Sigma Pi and challenge them to keep up the good work!

Iota Tau Chapter hopes that everyone had a successful semester and wishes all the chapters the best of luck in the coming semesters.

—Sandy Dzera

CENTRAL REGION

WAYNE STATE GAMMA THETA

Reflecting on an exciting year, the Brothers of Gamma Theta Chapter at Wayne State University anticipate an equally successful new year. The highlight of 1981 was, of course, the Grand Chapter Congress held here in Michigan. Nine Brothers, including our delegate and newly-elected President Steven A. Silverstein, joined Brothers from across the nation for a memorable five days. Gamma Theta Chapter also had the pleasure of hosting several Brothers from Iota Upsilon Chapter at Cal-State Northridge during their stay.

Beginning the fall semester Gamma Theta Chapter was visited by Chapter Consultant Jere White and Director of Chapter and Alumni Club Operations Mark Roberts. Both offered valid thoughts and advice. Several Brothers from Gamma Theta Chapter visited Eta Phi Chapter at Eastern Michigan University to assist in their recruiting functions. During our own recruiting functions, Gamma Theta Chapter held a "Meet the Chapter" party at the home of Faculty Advisor Professor Bruce Drake, meeting with much success. We now have increased our membership with the initiation of 17 new Brothers, including faculty initiate Gary Reggio. Unfortunately, we also bid a fond farewell to four graduating seniors—Ed Cochran, Steve Gabrian, Jackie Graham, and Past president Eric Walters.

Thanks to the endeavors of our new Vice President for Professional Activities Kevin Popis, Gamma Theta Chapter enjoyed a number of professional events during the fall semester including G. M. Tech Center, J. Walter Thompson, Merrill Lynch, and Coopers and Lybrand.

In closing, the Brothers of Gamma Theta Chapter would like to wish all our Brothers a prosperous and successful new year.

—Jackie Graham

FERRIS STATE DELTA RHO

Never let it be said that the Brothers of Delta Rho Chapter can't start the school year off with a bang! An outdoor rock n' roll concert which was organized and headed by Brother Richard Scheuenstuhl was held at Blanchard Park in front of over 2,000 screaming fans. Some of the major bands attending the concert included Rare Earth, Sa-

lem Witchcraft, and Robin Tyner, former lead singer of the MC5. Because the concert lasted from 12:00 NOON to 8:00 P.M., an excellent time was had by all who decided to drink beer and listen to some good sounding rock n' roll.

Even before the school year started, however, Delta Rho Chapter welcomed Brothers who attended the 33rd Grand Chapter Congress held at Mackinac Island, Michigan. Brother Mike Cady was in charge of the event and made sure Brothers from near and far had a good time. Activities at Mackinac Island included carriage tours, cycling, golf, saddle horses, swimming and tennis, historic scenery and, of course, a variety of bars.

Our professional program fall quarter proved to be most educational and continued to uphold our high standards of professionalism. Our fall tour, under the leadership of Vice President for Professional Activities Peter J. Standish, took us to Grand Rapids where we visited the Gerald Ford Museum, Amway Corporation, and the *Grand Rapids Press*. Visiting these places was not only exciting, but also informative. The Brothers were shown an indepth view of how the companies operate on a broad scale.

Delta Rho Chapter is presently looking forward to a prosperous year with the coming Florida trip, Career Day, and Rose Ball. We will continue to strive for the 100,000 Chapter Efficiency Index points which we have received for the past four years. Come on, Delta Rho, let's make it five!

—Dennis Arney

INDIANA STATE DELTA TAU

Greetings, Deltasigs, from the Delta Tau Chapter at Indiana State University! The fall semester has been an extremely busy and fun semester for us. It began with Brothers Kurt Kahl, Steve Love and Renee Stull attending the Grand Chapter Congress, in Mackinac Island, Michigan. They brought back many new and useful ideas. Rush activities were very successful this semester, thanks to Senior Vice President John Kelsey. Twenty-nine pledges were recruited. At the Pledge Induction, we were fortunate to have three very distinguished guests: Delta Tau Founder Dr. George Eberhart, our District Director Richard Garber, and Regional Director John V. Henik.

The month of October was filled with

the chapters speak

activities as our chapter's birthday and I.S.U.'s Homecoming coincided. As a result of both festivities we held a Birthday Dinner at the House of Hunan, sponsored a car in I.S.U.'s Homecoming parade, which is one of the largest student operated parades in the United States, and participated in other Homecoming-sponsored activities. Happy 22nd Birthday, Delta Tau!!

Professionally, speakers such as Bob Sutherland of Terre Haute First National Bank, Dave Dunbar of Valley Federal Savings and Loan, and H. Gradless of SALcor were very informative, as was our trip to The Central Office in November.

Money making projects were very important items on our list this semester. Desk blotters with ads from local businesses were given away to students, coupon books were sold, and our chapter had the pleasure of parking cars at an annual Terre Haute sponsored event, the Oktoberfest.

Our officers for the fall semester were: Denise Jeziorski, president; John Kelsey, senior vice president; Rita Gradeless, vice president for professional activities; Leonard Mroz, vice president for pledge education; Ken Dopher, chancellor; Karen Sturgeon, secretary; Renee Stull, CEI chairman; Betty Apple, treasurer; and Laura Hawley, historian.

—Bonita L. Powe

BALL STATE EPSILON XI

The Epsilon Xi Chapter had a wonderful summer and is enjoying a very exhilarating new school year. We held a summer get-together at Kathy Boullis' home on the lake. An action-packed day with a cookout with water events filled the day. Later in August, we sent five Brothers to the Grand Chapter Congress. They returned enthusiastic and wishing the event came more often!

Fall Quarter brought many new, refreshing evaluations of our rush procedures. Much input was involved and what resulted was a lengthened, twice-a-year rush. This included a new, additional "tea" falling between the rush party and the oral questioning. We feel this gives our chapter a better opportunity and an extra chance to get to know the prospective rushees. Since there are only two rush classes, instead of the previous three, the length of pledgship is extended over quarter breaks. This addi-

tional time is to be used to enhance a slower, more in-depth education of our pledges.

Also this fall, we had our annual three-day beer sign sale. We netted around \$450.00! Talk is that we might try it again in the spring. Also during the quarter we have toured Delco-Remy, Bell, etc. Some of our other projects were selling credit card applications, Halloween party for the Delaware County Big Brother/Sister Organization, Founders' Day, and numerous other fun activities.

All in all, our fall quarter was great and we are anticipating a terrific, fellowship-filled Winter Quarter! Best of luck to all fellow chapters through the year and "Hello" to all our new regional chapters. We are looking forward to a close tie of Brotherhood in our great Fraternity of Delta Sigma Pi!!

INDIANA NORTHWEST THETA PSI

Theta Psi Chapter has had a very successful year; although 16 members were graduated in May, 14 new members were initiated in November. The rush for pledges began with an innovation—three "Meet the Chapter" nights were held in early September at Indiana University Northwest's new library, presided over by Senior Vice President Dwight Vigna and Social Committee Chairperson Katie Freeman, and ended with the traditional smoker on September 26 at Tiburon Trails Clubhouse in Gary, Indiana.

Pledge classes were held every Friday night, and the new Brothers were initiated at a dinner dance on Saturday, November 21, at Pine Island Clubhouse in Schererville, Indiana. Brother Terry Mitchell was presented with the Scholarship Key at the dinner.

The Vice President for Professional Activities, Sue Jebens, arranged for speakers on interviewing techniques, meeting our future energy needs, and the advantages and disadvantages of franchising. All three lectures were extremely interesting and attendance was high.

Theta Psi Chapter and the Northwest Indiana Alumni Club also toured Bethlehem Steel Corporation's Burns Harbor plant in November.

Dr. Charles Reilly and Mr. Rich Lundstrom have retired as chapter advisors, and Mrs. Sandra Pelfrey and Mr. Dennis Bollhorst have assumed their du-

ties.

Theta Psi Chapter also held two very successful fund raisers by collecting paper and aluminum cans; the pledge class conducted a raffle as their own fund raiser.

—Mary Johnson

INDIANA-PURDUE IOTA LAMBDA

Iota Lambda Chapter at Indiana-Purdue Fort Wayne has experienced a very successful and informative fall semester.

The many activities we participated in have proven very rewarding. We started our semester out by donating blood to the American Red Cross. A few of the Brothers of the chapter were skeptical about this project, but all pulled through with flying colors. Another project that had proven very successful was our bake sales, with some of the proceeds being donated to the Cancer Society. Also, the Brothers of the Iota Lambda Chapter had the pleasure of entertaining the young children at the Allen County Children's Home to a Halloween party, which everyone enjoyed.

During the month of November, we experienced a very informative time of the semester for both Brothers and fellow students. We invited various speakers to our campus to give us some insights on such topics as "Interviewing" from Mr. Calvin Keys from General Electric and also "Professionalism with Business," by Dr. Steven C. Meyer.

All of the Brothers here at Iota Lambda Chapter hope that all the Deltasigs had a Merry Christmas and a Happy New Year.

—Kay L. Ferdinand

EVANSVILLE IOTA SIGMA

Iota Sigma Chapter at the University of Evansville ended its 1980-81 academic year with a professional luncheon held in honor of Mr. Wayne A. Davidson, president of Mead Johnson. Mr. Davidson received the first annual Iota Sigma Chapter of Delta Sigma Pi's Award for Professionalism in Community and Commerce. He presented an outstanding speech on the free enterprise system to over 80 Evansville businessmen, faculty and students.

Iota Sigma Chapter kicked off its new year by sponsoring a faculty tea to en-

the chapters speak

Vickie Springer and Dave Scaer were pleased with the results of the Cancer Society Bake Sale conducted by Iota Lambda Chapter at Indiana-Purdue, Fort Wayne.

able all the students in the School of Business Administration to get acquainted with new as well as old faculty members.

Our first professional activity was an overwhelming success. UE's new Dean of the School of Business Administration presented his new ideas, hopes, and dreams. He was very well received. Other fall professional activities included a dynamic Account Executive from Keller Crescent, a special representative from Phillips Chemical Company, and an independent oil producer. Iota Sigma Chapter also traveled to Chicago where we visited the Merchantile Exchange, Federal Reserve Bank, Quaker Oats, and other windy city sites.

Iota Sigma Chapter recently received 20 enthusiastic new members. We are very glad to have them, and are certain that each one will be an asset to our young chapter. We would also like to welcome our new District Director, Nancy Kenny, and our new Regional Director, John Henik.

—Aleta Smith

GREAT LAKES REGION

MARQUETTE DELTA

Delta Chapter achieved a long sought after goal last school year—the first 100,000 point year since reactivation in 1978. Congratulations!

Another Delta Chapter first that deserves recognition is the attendance at "Meet the Chapter Night" last semester. More than 75 prospective pledges met members, saw a slide show, listened to speakers and enjoyed refreshments. A pledge class of 47 was established, which will more than double the size of our chapter!! Congratulations to our new Brothers initiated in January and to all Brothers who worked so hard on "Meet the Chapter Night."

Boy, were we enthusiastic after Brother James Dornoff's speech "The Power of Enthusiasm" kicked off our profes-

sional program on September 9. Vice President for Professional Activities Kathy Lukasik is responsible for organizing this year's outstanding professional program. Plans for this semester include a debate and another industrial tour.

Service Chairman Linda Serrano has been quite successful involving Delta Chapter Brothers in a variety of activities. Towards the end of September we helped register participants for Al's Run to raise funds for Children's Hospital. Other projects worked on were a telephone survey for the Center for Independent Living and a food collection drive for Food for Families.

What better way to celebrate Founders' Day than gathering at an ice cream parlor as four young men did in 1907? With this thought in mind, Delta Chapter spent the evening of November 7 at Farrell's Ice Cream Parlor and then took in a movie sponsored by—who else but Delta Chapter! Other activities organized by Social Chairman Peter Bray included a picnic at the lake, a roller skating party, and the annual holiday dinner party at the home of Brothers Chris Biesack and Laura Ferrone. Plans for this semester are now being finalized and promise to be more fun than ever.

—Amy V. Barry

WISCONSIN-MADISON PSI

Psi Chapter Brothers had a fine fall semester. We began by initiating six new Brothers and formal congratulations go to Renard Beatty, Curt Culhane, Dale Gregory, Jim Hilmer, Louis Jimenez, and Gregory Jones. In addition, everyone is excited about the latest pledge class of 16. Their dedication and hard work have been an inspiration to all of us.

Professionally, Madison Deltasigs enjoyed a well-rounded calendar of events. Highlights included the Chicago field trip to advertising and public relations firms, an informal resume writing workshop, and guest speakers. An especially good presentation was given by Kenneth Opitz on "The History of Real Estate."

Live bands on our porch, free beer, and ecstatic Badger football fans sum up the first half of our social semester. Our Little Sister hayride, generic party, toga melee, and holiday festivities are just a few of the activities that kept the Psi Chapter busy this semester.

Lastly, we congratulate the seven

the chapters speak

Brothers who graduated in December: John Laverty, Kevin Chartier, Ray Leonard, Konrad Opitz, Dick Palmershiem, Steve Spiekerman and Larry Wallace. We wish them the best of luck and will miss them greatly.

—Dale R. Gregory

EASTERN ILLINOIS EPSILON OMEGA

Epsilon Omega Chapter is proud to announce another 100,000 point performance in last year's Chapter Efficiency Index. This year the chapter is striving to continue this good record. We have already participated in the Jerry Lewis Telethon for Muscular Dystrophy, and are planning a project to help the American Cancer Society.

Last August, four members of the Epsilon Omega Chapter attended the Grand Chapter Congress at Mackinac Island, Michigan. The members were Jim Roth, Paul Augustyniak, Jeff Lewandowski, and alumnus Doug Hast.

The chapter would like to congratulate alumni Lydell Marion, Mark Murch, and Jim Mansk for their recent marriages. We wish them much happiness and success. Also, the chapter is proud of alumni Brothers Joe Harowski and Craig Bernard for landing lucrative jobs since their graduation. A final congratulation goes to alumnus Bob Maliszewski on his new baby.

Epsilon Omega Chapter planned a hog roast to help celebrate Eastern's Homecoming and is planning several activities and fund raisers for the upcoming year. Presently, speakers from All State Insurance, McDonald's Corporation and Lanier Business Products are scheduled to appear before our chapter. As our major fund raiser, the chapter is going to participate in a plane wash at a local airport.

The chapter pledged 16 new pledges after a very successful recruiting period. Congratulations go to Jim Willis for his hard work and dedication while organizing the program. We are sure these new pledges will contribute a great deal to the betterment of Epsilon Omega Chapter.

—Jon M. Olson

NORTHERN ILLINOIS ETA MU

Eta Mu Chapter at Northern Illinois

University had a very busy and productive semester. Our year began with the coffee hours for pledge candidates coordinated by Senior Vice President Kathy Jahnke. We held an informal rush party which was enjoyed by all members and prospective pledges. Also, a pledge/member dance, which was semi-formal, was held at a local Holiday Inn prior to the pinning Ritual of the 26 chosen pledges.

Our Vice President for Professional Activities, Greg Lavris, prepared an extensive professional program. The program consisted of four speakers representing Abbott Lab, Illinois Bell, Lake County Chamber of Commerce, and Commonwealth Edison. Our final program was a tour of The Stock Exchange in Chicago.

On October 29, we hosted a Halloween party for the children in the Big Brother/Sister program of DeKalb. We also visited Oakcrest Nursing Home in DeKalb. The trip was a very worthwhile experience.

Eta Mu Chapter is happy to introduce our new advisor, Dr. Ahmed Rifai. Dr. Rifai was a previous advisor. After a year's leave in Saudi Arabia, he is back with us again.

Finally, in retrospect, Eta Mu Chapter's delegation to the 33rd Grand Chapter Congress wish to express their thanks to fellow Deltasigs for making the Congress a worthwhile experience.

Eta Mu Chapter wishes everyone a very successful second semester.

—Andrea L. Zuckerman

WISCONSIN-LA CROSSE ETA RHO

The Eta Rho Chapter returned from a long summer enthusiastic with the anticipation of a busy semester. The fall rush was productive, due to the efforts of Pledge Educator William Pattison. The initiation of 13 new pledges, whose dedication will help us in attaining 100,000 points in the Chapter Efficiency Index again this year, is very welcome.

Our professional program, under the direction of Professional Vice President Ron Korpala, deserves acclaim. To start the semester Ron arranged a very successful trip to Milwaukee where we toured the Harnischfeger Corporation, observing the production and assembly methods of large industrial machinery. We also toured the Pabst Brewery where everyone learned that the Old Style way isn't the only way to brew

beer. Hours later, starting with a tailgate party, we took in a Brewers' game to finish an informative and fun weekend.

Our Career Day was an immense success again this fall here at UW-LaCrosse. Over 50 employers showed up to give students an opportunity to speak with company representatives about seeking future employment and the needs and trends in their companies. Other professional activities included several speaker dinners and a community project.

Departing from LaCrosse Friday, October 8, members of our chapter traveled to Whitewater, Wisconsin, to join the Theta Xi Brothers for a cookout and a night of fun and laughter. Leaving early Saturday morning for Chicago and the Midwest Regional Conference, they learned a great deal and shared their experiences with our chapter. That evening spirits ran high as the Alpha Omega Brothers of DePaul University played host for a toga dance party. The memories will be hard to forget.

The Brothers would like to welcome our new chapter advisor, Dr. Thomas Kuffel, and also extend a special "thank you" to the Milwaukee Alumni Club for contributing \$100 to the Eta Rho Chapter and sponsoring two of our members who attended the Grand Chapter Congress in Mackinac Island, Michigan, this past August.

In closing, the Eta Rho Chapter wishes all chapters continued success for the remainder of the year.

ILLINOIS STATE IOTA CHI

Iota Chi Chapter at Illinois State started off the fall semester with a calendar stocked full with activities and projects. Our fall membership drive gained us 27 fantastic pledges initiated on November 14. Both the pledges and chapter members benefited by a visit from Chapter Consultant Jere White when he came before our chapter as a guest speaker in early October.

Our speakers for the professional meetings included a sales representative, a management consultant, a financial analyst, a director of recruiting, an account manager, and a manager in investor relations. A professional tour in October took the Brothers to the U. S. Federal Reserve in St. Louis, Missouri.

Along with the professional speakers, our chapter organized activities to famil-

the chapters speak

iarize the chapter members with the pledges. These activities included our Big Brother system, softball games, some informal parties, and a reserved block of tickets for our homecoming football game. Our social program also included a Founders' Day celebration, a fall initiation banquet, and a large celebration for our first chapter birthday. Plans for a trip to Florida during spring break were also discussed. Our fund raising activities consisted of a candy bar sale, a November Gondola sandwich sale, and a raffle for a package of homecoming weekend specials including two reserved seats to the football game, dinner for two, two tickets to see Rich Little live at our Union Auditorium, and money for transportation.

Community service projects included a Delta Sigma Pi sponsored blood drive. Other projects included hosting the reception for visitors on the College of Business Alumni Day and holding a festive holiday activity for children in the special education department at Illinois State.

Our chapter strives for efficiency and unity in Brotherhood. Jere White complimented our motivation as a new and young chapter and gave us suggestions and encouragement to maintain and reach the goals of our chapter as a whole.

—*Jacqueline A. Jankowski*

SOUTHERN REGION

ALABAMA ALPHA SIGMA

Are you an S.O.B.? Alpha Sigma Chapter hopes so. This semester Alpha Sigma Chapter is selling green T-shirts which read: S.O.B.-Student of Business-University of Alabama. Profits from this first annual event are estimated to be from \$300 to \$350.

This fall semester, we organized into four committees. Besides the Fund Raising Committee which is in charge of T-shirt sales, we also have Professional, Social and Publicity Committees.

Professional activities included a meeting with the new Dean of Commerce and Business Administration, Dr. H. H. "Bill" Mitchell, also a Deltasig. At this meeting, Dr. Mitchell stressed the importance of M.B.A. programs, and the increasing need for Business Ph.D.'s in the college community. As a

follow-up, Dr. John Fielden, graduate of Harvard and Business Communications instructor at Alabama, named many prestigious business schools and what personal assets should be emphasized on applications to these schools.

Deltasig is a Brotherhood and Alpha Sigma Chapter is giving special attention to this aspect of our fraternity. Cookouts and socials are planned throughout the semester. These activities give us time to share and grow closer to our Brothers.

—*M. Paula Fitzgerald*

MISSISSIPPI ALPHA PHI

Alpha Phi Chapter at Ole Miss announces the fall 1981 pledge class: David Tannehill, Peter McDowell, Susan Word, Nan Torbert, David Shaw, Pam James, Ruthie Ingram, Susan Partridge, David Bradshaw, Paige Boyd, Clay Adcock, Greg Davidson and Jim Knight. The pledges sponsored a service project and a fund raiser. The enthusiasm of the pledge class was largely due to the leadership of Dana Dalosta, vice president for pledge education. Pledges were honored by a banquet held in their behalf on initiation day. At this time the new members presented paddles to their Big Brothers. Alpha Phi Chapter is aiming for 100,000 CEI points and is off to a good start, thanks to Elizabeth Martin, CEI chairman. Charles Morris, Paul McClain, Jerry Rudman, Jay Cofield and Judy Dukes contributed much of their time and energy as officers. Dr. Frank Wiebe, fall faculty initiate, and L. Murphy Smith began serving as co-advisors. Alumni support was provided by Lt. Nicholas Charles and Bev Morgan III. Alpha Phi Chapter ended the fall semester with a grand Christmas Party. Alpha Phi Brothers send best wishes to all Deltasigs for 1982.

—*Katherine T. Smith*

MISSISSIPPI STATE GAMMA DELTA

Gamma Delta Chapter at Mississippi State University really got back into business for the fall semester of 1981. The rush party was held September 7, 1981, here on campus to invite everyone interested in pledging the fraternity. There was a total of 22 interested pledges.

Some of the events of the chapter fall

semester included a fund raising project in which the members voted to sell candy bars, displays of the fraternity to encourage prospects, and professional dinners also were scheduled. Our first professional dinner scheduled Dr. Alvin Brown to speak with us on taxation.

With the help of everyone in the fraternity, as well as new pledges, we plan to account for the 100,000 points in the Chapter Efficiency Index that we were proud to announce last year. We are hoping for a good spring semester, too.

—*Janice Sherman*

SOUTHERN MISSISSIPPI GAMMA TAU

Fall semester has proven to be a busy semester for the members of Gamma Tau Chapter. Tours, speakers, banquets and social activities kept our members involved in Delta Sigma Pi while reminding us all of our purpose in gathering together.

This semester our professional activities were highlighted by tours to the McRae's Department Store Executive Office in Jackson, the Hattiesburg Coca-Cola Bottling Plant, the local television station and the Federal Reserve in New Orleans. We also had the pleasure of honoring Brother Joseph A. Greene, Dean of the College of Business Administration and co-founder of Gamma Tau Chapter, at a professional dinner on his birthday. Hattiesburg Mayor Bobby L. Chain was the guest speaker at the occasion and spoke to undergraduate members, faculty and alumni on the subject of "Business and Government."

Gamma Tau Chapter sent six members to the Grand Chapter Congress last August and all returned enthusiastic about Delta Sigma Pi and with valuable information on recruitment, pledge education and professionalism. This information has greatly aided our officers in effectively carrying out their duties and has given chapter members a better understanding of fraternity operations. Also, we would like to congratulate Brother Bill Kelly, from Gamma Tau Chapter, on his election to the position of Southern Regional Director.

In closing, we would like to thank our faculty and alumni for their support and encouragement. Gamma Tau Chapter is growing stronger with their help and we're looking forward to working with them next semester.

—*Linda Freeman*

the chapters speak

CHRISTIAN BROTHERS EPSILON PSI

Fall semester 1981 for the Deltasigs of the Epsilon Psi Chapter at Christian Brothers College in Memphis proved to be a very rewarding one. The key here was the involvement and closeness of the Brothers in the various activities we had. Several service and social projects, recruiting for new members, and outstanding professional meetings contributed to the continued growth of our chapter.

At the 33rd Grand Chapter Congress, Epsilon Psi Chapter was recognized for its achievement of 100,000 points and Dave Sterling and Bro. Alfred Moroni returned bubbling with enthusiasm. Their stay at Mackinac Island gave them a multitude of new ideas and reaffirmed some old ones, all of which they shared with an eager chapter.

At the annual Boys Town Carnival, the Brothers of Epsilon Psi Chapter manned a roulette wheel with the finesse of the Las Vegas pros. A good time was had by all who helped raise money for these kids. Once again, the Barn Dance, an annual hayride/dance looked forward to college-wide, was a rousing success. Everyone enjoyed shuffling to the songs of Seabreeze. Special thanks to Mr. Bill Carrigan, whose hot dogs are still unrivaled.

At our recent initiation, a fine group was initiated. It's good to see Epsilon Psi Chapter continue in its high standards of growth. These new Brothers will contribute much to the future of our chapter.

The semester began with a professional meeting featuring Mr. Jack Herring, an executive search consultant, as a guest speaker. Mr. Herring presented a great deal of helpful information on looking for a job, a topic quite close to the hearts of the many seniors in our chapter. All the Brothers of Epsilon Psi Chapter benefited from the fine professional program.

In closing, Epsilon Psi Chapter wishes all chapters the best of Brotherhood for the remainder of the year.

—Leann Holley

WESTERN KENTUCKY ZETA THETA

The Zeta Theta Chapter at Western Kentucky University in Bowling Green,

Kentucky, began the 1981 fall with many professional activities. One of the major and most informative excursions was that of our new General Motors Corvette assembly plant. This tour supplemented many classes that we were presently taking or had taken in the past and further enhanced our appreciation for the applicability of our studies at the university.

The efforts of our Senior Vice President to organize the recruiting of new pledges paid off with an increase of 67% in members. With the planned activities for the fall, the increase in members helped relieve some of the pressure in getting our fund raisers accomplished. In addition to our own fund raisers, the Zeta Theta Chapter participated in the first annual phon-a-thon at Western. This was to increase financial assistance to the university in lieu of the Reagonomics plan which took much of the funding away from the university. The efforts succeeded in raising approximately \$55,000.00 from the many Western Alumni contacted. This was an enormous accomplishment for the first in a series.

After the Grand Chapter Congress in August, 1981, our Zeta Theta Chapter has been rezoned to the Southern Region. We hope we can be of help to our new Regional Director, Bill Kelly.

Dr. John S. Herrick, Chapter Advisor, will be leaving the university after the 1981 fall semester. His contribution to the chapter and the university has been exceptional in the planning and implementation of many organizational endeavors. Good luck to you in your future plans. Your presence will be missed.

—Chris A. Johnson

GULF SOUTH REGION

LOUISIANA STATE BETA ZETA

Beta Zeta Chapter at Louisiana State University had a very successful semester. Each month represented a new goal to the chapter; and under the leadership of our enthusiastic officers these goals were met.

The professional program was one of the best ever. The chapter participated in two field trips. The tour of the National Headquarters of the Wilsons Corporation and American Bank were very rewarding to the chapter. Five profes-

sional meetings were held with speakers consisting of a judge, businessmen and a former Louisiana State Governor. The topics ranged from "How To Dress For Success" to "White Collar Crime."

The fund raising project for the semester was selling "BEAT BAMA" buttons to promote school spirit for the first football game of the season. The chapter sold 1100 buttons, raising \$300 for the chapter funds.

The Brothers of the chapter also participated in several civic service projects. The program consisted of a Halloween party for the children at the Louisiana School for the Deaf, collecting food for the needy at Thanksgiving, playing Muscular Dystrophy football and visiting an old folks' home at Christmas.

At initiation last fall we initiated 21 new members into the chapter. These new members, being of top quality, will surely extend the goals that Beta Zeta Chapter is forever striving to attain.

—Joan B. Baker

LOUISIANA TECH BETA PSI

Fall quarter for Beta Psi Chapter was a busy and exciting quarter. President Mike Weil organized an all day party, with volleyball, swimming, beer and hot dogs, at the KOA Campgrounds to kick off the quarter.

Our fall rush was very successful, thanks to all the members and especially Senior Vice President Debbie Moore. Formal rush was held on September 29 and informal rush was held on October 1. We were very pleased to induct 34 pledges into the fraternity on October 6. Andrea Rousselle, vice president for pledge education, did an excellent job of teaching the pledges.

Vice President for Professional Activities David Dodd lined up many interesting speaker meetings and tours for the fall quarter. The Halloween party for the Ruston State School children was held on October 28, followed by the Founders' Day party which was celebrated on November 7. Beta Psi Chapter's Alumni Reception was held on November 14.

The quarter came to an excellent close with the initiation of our 34 pledges followed by an initiation banquet where everyone had plenty to eat and drink. Beta Psi Chapter enjoyed fall quarter very much and hopes all other chapters did, too.

—Anne Smith

the chapters speak

LOYOLA-NEW ORLEANS DELTA NU

Delta Nu Chapter at Loyola is very proud of another successful semester. Our most important event of the fall term was a professional activity held on October 14. Former Lt. Governor of Louisiana Jimmy Fitzmorris, responsible for much of the recent economic growth throughout Louisiana, was the speaker at an open-to-the-public event sponsored by the Delta Nu Chapter. Local newspapers, radio stations and television stations were represented in the audience, and this should greatly enhance the public relations of Delta Sigma Pi within the New Orleans area.

On the social side of the chapter activities we have once again held a successful Retreat, the pledges sponsored the 1981 Halloween Party, and our final events were a Founders' Day Party and a Christmas Party, all of which proved a lot of fun for the chapter.

In the spring, Delta Nu Chapter will be losing many of its undergraduate members to graduation. However, due to a successful fall rush we have initiated many fine new members who will be capable of carrying on the excellent tradition of Delta Sigma Pi. We hope you had a productive and fun fall semester and we wish all the best for the spring.

—Danny E. Wellmeyer

NEW ORLEANS EPSILON NU

Epsilon Nu Chapter at the University of New Orleans began its new school year early in the summer. Our year began with a swimming rush party in early August. Our other summer activity, our Las Vegas Night fund raiser, was very successful.

Our fall activities began with our rush program. The program included our annual wine and cheese party and our rush smoker. Dean John Altazan, Dean of the College of Business Administration, was the speaker at rush smoker. Rush activities culminated with the pledge ceremony and Epsilon Nu Chapter had 10 prospective Brothers to teach about our fraternity.

The rest of our semester was also very busy. Our football team battled hard to top its third place finish of last season. Our professional program boasted more than 10 events, including a tour of the Dixie Brewing Company and a speech

Zeta Sigma Chapter gathers with Gerry G. Bordelon, far left, who was presented with the first College of Business Outstanding Alumnus Award.

by the new chancellor of the University of New Orleans, Dr. Leon Richelle.

Our professional and social calendars are full and Epsilon Nu Chapter is well on the way to another 100,000 point year.

SOUTHEASTERN LOUISIANA ZETA SIGMA

Greetings from the Zeta Sigma Chapter. We all hope your new school year started off as great as ours did. The chapter started fresh this fall semester with new officers. They have some unique ideas that have helped improve the chapter.

The recruiting program has been changed this semester and has proven to be successful. We have been able to recruit our annual quota already. A lot more functions to meet the chapter were added which improved the student turnout. The pledges were a hard working bunch and will be very effective in our chapter.

New fund raising activities are in the making. They are different from any previously tried before. The activities include a male beauty contest and a student sponge throw with faculty members being thrown at, but the major fund raising "baby" is Delta Sigma Pi Superstars. This will include different chapters competing among each other in different events for one champion. This will take a whole day, ending with a par-

ty and awards. The Superstars will be a lot of work, but the new pledges will be a great asset.

Professional activities are more numerous and have included the whole college of business. This has helped to make Delta Sigma Pi more widely known on campus and the attendance has doubled with this new policy.

With all these new programs and members, the Zeta Sigma Chapter is moving up. Your Brothers of the Zeta Sigma Chapter wish all a good year full of fun.

—Patricia Cancalosi

NICHOLLS STATE ETA IOTA

Eta Iota Chapter started off the semester by stuffing Delta Sigma Pi bookmarks in all the business books. The recruiting program was a big success and the chapter is very proud of the new pledges. Our first professional meeting was an informative one. Timothy Mott, a CPA from the area, spoke to us on the field of accounting and finance and their relationship in the business world. Much interest was displayed in the question and answer period that followed.

Eta Iota Chapter conducted a barbecue in the center of our campus. It allowed our fellow students to see us all work together and the pledges were able to become more familiar with the mem-

(continued on page 48)

bits and pieces

personal mention

Kenneth J. Lazarowicz, *Robert Morris*, has accepted an accounting position with Mosher, Seifert, and Company, a CPA firm in Houston, TX.

L. Murphy Smith, *North-east Missouri State*, has joined the Accounting Department faculty at the University of Mississippi in Oxford, MS.

Nicholas C. Morgan III, *Northeast Missouri State*, is now serving as a field artillery officer at Fort Sill, OK.

Robert E. Schlosser, *Illinois-Urbana*, has been appointed to the positions of Professor and Director of the Professional Accounting Program at the Graduate School of Management at Rutgers University, Newark, NJ.

The Change Resisters: How They Prevent Progress, the 19th book by George S. Odiorne, *Rutgers-Beta Rho*, has been released by Prentice Hall Spectrum Books. Brother Odiorne is professor of management at the University of Massachusetts; prior to this he was Dean of the School of Business at the University of Colorado, Boulder, CO.

Christine M. Kerwick, *Siena*, a consultant with Peat, Marwick, Mitchell & Co., Albany, NY, has been designated a Certified Employee Benefit Specialist (CEBS) by the International Foundation of Employee Benefit Plans and the Wharton School of the University of Pennsylvania.

Ernest J. White, *Georgetown*, from Alexandria, Virginia, was elected to the Supreme Senate (National Board of Directors) as Vice Chancellor of Delta Theta Phi Law Fraternity at their 42nd Biennial Convention held in St. Louis, Missouri, in August.

Edward J. Pieszchala, *Loyola-Chicago*, is a partner (secretary-treasurer) in Electronic Specialists, Inc.,

an electronics manufacturer representative firm, in Elmhurst, IL.

Daniel R. Noe, *Cincinnati*, has been promoted to vice president and manager of the Atlas Office of First National Bank in Cincinnati, OH.

James E. Grobmyer, *Christian Brothers*, has been promoted to executive director and chief executive officer of St. Anthony's Hospital, Inc., in St. Petersburg, FL.

Jeffrey Collis, *Rider*, is the new Rector of St. James Episcopal Church in Long Branch, NJ.

merger

Miriam Fischer, *North-east Missouri State*, on May 23, 1981, at Jefferson City, MO.

Shirley Newquist, *North-east Missouri State*, on May 30, 1981, to Charles Reid, at Ottumwa, IA.

Randal E. Woodard, *North-east Missouri State*, on June 6, 1981, to Cindy Elliot, at Ottumwa, IA.

Steven A. Kreyling, *Northeast Missouri State*, on June 13, 1981, to Debra Talley, at Laddonia, MO.

Michael A. McCarty, *Northeast Missouri State*, on June 30, 1981, to Mary Ann Youse, *Northeast Missouri State*, at Hannibal, MO.

Diana L. Ross, *Northeast Missouri State*, on June 27, 1981, to Thomas B. Roberts, at Kirksville, MO.

Carol A. Brenner, *North-east Missouri State*, to Greg Sharpe, at Ewing, MO.

Karen S. Hayman, *North-east Missouri State*, on August 1, 1981, to Gary Kallansrud, at St. Louis, MO.

Kathryn A. Campbell, *North-east Missouri State*, on September 19, 1981, to Clyde Smith, at St. Louis, MO.

Jeffery C. Sammond, *Georgia Southern*, on October 10, 1981, to Donna Farnell, at Brunswick, GA.

Daniel G. Dippel, *Georgia Southern*, on April 1, 1981, to Suzanne Seay, at Statesboro, GA.

Richard K. Knieriem, *Georgia Southern*, on December 31, 1981, to Jo Anne Ray, at Marietta, GA.

Robert R. Kennedy, *West Florida*, on November 21, 1981, to Tara M. Orlando, *Troy State*, at Pensacola, FL.

Cynthia S. Schepers, *Central Missouri State*, on August 7, 1981, to Thomas Record, at Jefferson City, MO.

Nadine M. Klott, *Central Missouri State*, on September 12, 1981, to Joe Pruessner, at Hermann, MO.

Gayle L. Kral, *Central Missouri State*, on April 25, 1981, to Robert Doherty, at Raytown, MO.

Robert Neil Harvey, Jr., *C.W. Post*, on March 7, 1981, to Pamela Jeneczek, at Fairfield, CT.

Allen E. Hoppe, *St. Cloud State*, on September 19, 1981, to Susan K. Ellestad, at Mounds View, MN.

Alfred J. Colarusso, *Suffolk*, on September 21, 1981, to Diane M. Lally, at Dorchester, MA.

Joyce Hayden, *Marquette*, on May 23, 1981, to Philip A. Shepet, *Wisconsin-Madison*, at Brookfield, WI.

Shari L. Scott, *Arizona*, on October 17, 1981, to Daniel S. Nattell, at Phoenix, AZ.

John T. Veire, *Minnesota-Minneapolis*, on August 15, 1981, to Sherri Thibodeau at Brooklyn Centra, MN.

Jeffrey A. Haynes, *Minnesota-Minneapolis*, on May 23, 1981, to Kathy Olson, at Hopkins, MN.

Allen R. Harju, *Minnesota-Minneapolis*, on August 29, 1981, to Mary Jo Kelley, at Fridley, MN.

James M. McKay, *Minnesota-Minneapolis*, on October 10, 1981, to Lori Wahner, at Rochester, MN.

Scott Hastings, *New Orleans*, on August 14, 1981, to Diane Clarkson, at New Orleans, LA.

Michael Keim, *New Orleans*, on June 5, 1981, to Robin Penn, at New Orleans, LA.

Robert Taylor, *Wayne State-Michigan*, on June

12, 1981, to Joyce Costanza, at East Detroit, MI.

Deborah Sparrow, *Virginia Tech*, on July 25, 1981, to Anthony Bauer, at Newport News, VA.

Bradley L. Clark, *Wisconsin-LaCrosse*, on August 8, 1981, to Kelly Sue Lievens, at Onalaska, WI.

Patricia A. Stavola, *Connecticut*, on June 27, 1981, to Richard A. Diotalevi, at Stratford, CT.

Mary C. Eisele, *Connecticut*, on June 27, 1981, to Peter McArdle, at Madison, CT.

Terry D. Peterson, *Man-kato State*, on August 29, 1981, to Audrey Troe, at Emmons, MN.

Preston E. Robinson, *Robert Morris*, on September 5, 1981, to Cynthia Dickey, *Robert Morris*, at Midland, PA.

S. Richard Shook, *Texas Tech*, on August 15, 1981, to Mary Lou Drolet, in Waco, TX.

Donna Chism, *Texas Tech*, on August 1, 1981, to Gale O'Leary, in Lubbock, TX.

C. Glen Jackson, *Texas Tech*, on August 8, 1981, to Patti S. Atnip, *Texas Tech*, in Bonham, TX.

Randall A. Turner, *Texas Tech*, on August 15, 1981, to Terri Seabold, in Lubbock, TX.

Samuel L. Gallucci, *San Diego State*, on August 29, 1981, to Antonia S. Manos, *San Diego State*, at Thousand Oaks, CA.

James A. Ponder, *San Diego State*, on May 30, 1981, to Carol Ann Johnston, *San Diego State*, at San Diego, CA.

John M. Kunysz, Jr., *San Diego State*, on November 21, 1981, to Madelyn Marconi, at San Diego.

dividends

To Brother and Mrs. Paul Ritchie, *San Diego State*, on May 27, 1981, a son, Sean Christopher.

To Brother and Mrs. John Wilson, *Wayne State-Nebraska*, on May 8, 1981, a daughter, Shannon.

To Brother and Mrs. Bruce Drake, *Wayne State-*

Nebraska, on July 27, 1981, a son, Kevin.

To Brother and Mrs. John Harmon, *Minnesota-Minneapolis*, on August 26, 1981, a daughter, Kristina Marie.

To Brother and Mrs. Richard Collins, *New Orleans*, on September 17, 1981, a son, Jonathan O'Brien.

To Brother and Mrs. Thomas J. Boyd III, *Rider*, on July 15, 1981, a daughter, Sarah Grace.

the chapters speak

(continued from page 41)

bers. The Brothers of the chapter all pitched in on the community project scheduled for the middle of October. We planned to clean up a neglected grave site in our area. This is the grave of Francis T. Nicholls, the man for whom our university was named.

The Social Committee was very busy making arrangements for our very important Founders' Day celebration. As the semester progressed we planned activities that will help us to become an even better chapter and will bring us ever closer to achieving 100,000 points in the Chapter Efficiency Index.

—Dawn E. Harp

NORTHEAST LOUISIANA ETA OMICRON

The Eta Omicron Chapter of the International Fraternity of Delta Sigma Pi has elected officers for the 1981-82 year. They are as follows: President Dean Bordelon, a senior majoring in Marketing from Baton Rouge, Louisiana; Senior Vice President Spring Rounseville, a senior majoring in Marketing from Charlottesville, Virginia; Vice President for Pledge Education Teri Cantrell, a senior majoring in Accounting from Vicksburg, Mississippi; Vice President for Professional Activities Edward Credle, a junior majoring in Accounting from Natchez, Mississippi; Treasurer Joe Bruno, a sophomore majoring in Accounting from West Monroe, Louisiana; Secretary Teresa Costantini, a sophomore majoring in Accounting from Vidalia, Louisiana; Historian Elaine Minsky, a sophomore majoring in General Business from Lake Providence, Louisiana; Chancellor Susan McGraw, a senior majoring in Business Data Processing and French from Monroe, Louisiana; CEI Chairman Ray Scriber, a senior majoring in Marketing from Winnsboro, Louisiana; The DELTASIG Correspondent Robin Kennedy, a sophomore majoring in Accounting from Mobile, Alabama; Social Chairman Jan Gunter, a senior majoring in Marketing from Houston, Texas; and Newsletter Editor Velvet Mitchell, a sophomore majoring in General Business from Monroe, Louisiana. The Athletic Chairmen are Johnny Williams, a junior majoring in Management from Natchez, Mississippi, and Sam Pilley, a senior majoring in business Data Processing from Monroe, Louisiana.

SOUTHWESTERN LOUISIANA KAPPA XI

Kappa Xi Chapter ended the 1980-81 school year as the 199th chapter to be installed, with 32 enthusiastic new Brothers.

We would like to thank all of those Brothers from other chapters, and all of those who graduated from Southwestern in May, 1981, for nearly two long years of hard work and determination in helping to turn our hopes of becoming a chapter of Delta Sigma Pi into a reality and getting the Kappa Xi Chapter off the ground.

We're off to our first year of operation with high hopes and expectations. We plan on doubling our membership and working our way towards 100,000 points in the Chapter Efficiency Index. We've certainly started out well! Those Brothers returning in the fall were eager to begin active recruiting, which paid off with a very successful "smoker" and more recognition on campus for Delta Sigma Pi, and a pledge class of 47.

The fall semester definitely turned out to be a very busy and rewarding beginning with our new officers spending many hours organizing and familiarizing themselves with the ways of the fraternity, a full calendar of events including several professional speakers and educational tours, a few parties and a fund raiser.

With the fall semester now ending the Kappa Xi Chapter is looking forward to the start of a new and even more rewarding spring semester.

In closing, the Brothers from Southwestern would like to extend our best wishes to all of the other chapters for an enjoyable and successful year.

—Karen Jacobs

NORTH CENTRAL REGION

IOWA EPSILON

Epsilon Chapter at the University of Iowa started the semester by initiating one of our biggest pledge classes in recent years. It consisted of 38 members, led by Vice President Freese who was in charge of pledge education. Their activities included such things as a paper drive and a "Be Kind to Your Kid

Week" to help them become better acquainted with their pledge parents.

Our social projects began with a trip to Mercy Hospital on Halloween. There we visited the children's ward and delivered cookies to them. That same night, the Deltasigs took part in an entertaining Halloween party with our friends and rivals of Alpha Kappa Psi. Our next social project found us in the busy month of November. Epsilon Chapter helped the elderly of Iowa City by going around to different homes and doing such yard work as raking leaves. Later activities of that month included an interesting and fun trip to Minneapolis, Minnesota, with our Brothers from Theta Omicron Chapter at St. Ambrose College in Davenport, Iowa. There we had the opportunity to tour various businesses, meet our Brothers of Alpha Epsilon Chapter, and watch an exciting hockey game of the Minnesota Stars.

Also in November, we continued to work on the formation of an Iowa City Alumni Club, which is under the supervision of Alumni Chairman Mary Lynn Lutjen. Other activities included initiation in which Epsilon Chapter expanded to incorporate many enthusiastic new members.

—Valerie Geiger

NEBRASKA-LINCOLN ALPHA DELTA

The Alpha Delta Chapter set the stage for a busy, eventful academic year by pledging 36 new members! This was our biggest pledge class to date, increasing our undergraduate chapter to nearly 100 members.

Our professional program this year included a road trip to Kansas City, Missouri, where members toured Hallmark and General Motors Corporation. Our chapter has also enjoyed a variety of speakers at our professional meetings and dinners, including Roland Luedtke, Lieutenant Governor of Nebraska.

Our Fifth Annual Basketball Marathon for retarded Children, held in November, was a great success. We thank Pabst Blue Ribbon for their generous financial donations to this event.

The Lincoln-Greater Nebraska Alumni Club has been very supportive. Undergraduates and alums got together to celebrate such events as our Chapter Birthday Party, Founders' Day, Halloween and Homecoming. The alumni club also supported us financially with contri-

the chapters speak

butions to our professional trips, the marathon and scholarships for worthy members.

We look forward to welcoming our Brothers from the North Central Region to our Regional Basketball Tournament in Lincoln in February.

—Shelley C. Rhoades

MINNESOTA-MINNEAPOLIS ALPHA EPSILON

Alpha Epsilon Chapter at the University of Minnesota started out the school year with a great deal of spirit and enthusiasm. After a fun filled summer which included a pig roast on July 12 at River Park in Brooklyn Park, the Brothers of Alpha Epsilon Chapter came back to school with a rejuvenated outlook. The pig roast was put on by the Alpha Epsilon Chapter alumni and undergraduate Brothers and their guests were invited to attend. Volleyball, softball and wading in the river were just a few of the activities which accompanied the good food and drink to make the day one of sheer fun and relaxation. Much appreciation goes to Brothers Dan Harrington and Doug Spurgeon for planning the event.

As the result of a fine rush effort led by Brother Jack Schnabel, Senior Vice President, we were proud to have a fine pledge class. The pledges participated in fund raising by collecting Sears credit card applications and by joining the chapter in the selling of *Entertainment '82* and *Happenings* books. Rush activities included two informational meetings, a professional dinner and a rush party. Several Brothers spoke in business classes to recruit members and this proved to be a valuable tool in the recruiting effort. We are counting on these pledges to help us achieve 100,000 points in the Chapter Efficiency Index.

Fall social events included a horseback riding outing, a Halloween party at the Moose Lodge and a formal at a fine local restaurant.

The Alpha Epsilon Chapter alumni held a tailgating party on October 10 before the Gopher Homecoming game and the undergraduate chapter was invited to attend. Joel Erlandson and Larry Leif were the main organizers and chefs and all those who attended enjoyed the party immensely.

We at Alpha Epsilon Chapter are working very hard to achieve our goals and we wish all of our Brothers success

in accomplishing their goals as well.

—Mary Kuehborn

SOUTH DAKOTA ALPHA ETA

The Alpha Eta Chapter of Delta Sigma Pi is once again in full swing. Our first big activity was the fall rush. The chapter worked hard at recruiting and it appears that our hard work has paid off, with approximately 48 pledges! Rush activities included a taco feed, a faculty tea and a Little Feat Party, all of which proved to be most effective!

Other activities of the Alpha Eta Chapter included various fund raisers such as magazine sales, D Day (Homecoming) Button Sales and an all-campus party. We've also had excellent professional speakers from Touche-Ross. The chapter is initiating a fund raiser for our spring field trip. The fall mini-field trip took us to Sioux City, Iowa, for a tour of KD's Stockyards.

"Going Chinese" was the theme for our Christmas Formal, and for a good reason; the formal was held at Sioux City's own "Chinatown."

Alpha Eta Chapter is looking forward to another excellent year and wishes the rest of the International Fraternity well.

—Mike Casey

DRAKE ALPHA IOTA

Alpha Iota Chapter at Drake Universi-

ty once again had a busy and beneficial fall semester. Inspired by the enthusiasm of those members who attended the Grand Chapter Congress and a successful rush program culminating in our acceptance of 23 duly qualified individuals, we began the year with added vigor.

Through its professional program, Alpha Iota Chapter was the recipient of an extensive yet diverse education. The 13th Annual Career Day, sponsored by the chapter, was a huge success with representatives from over 50 firms attending. Our fall trip took us to Kansas City, where members toured several industries. Speakers from local businesses were the highlight of several meetings during the semester.

The sports arena provided the axis for a number of chapter activities. These ranged from escorting several underprivileged children to a football game through a successful season for Alpha Iota Chapter intramurals to the Annual Alumni basketball game.

The Brothers of the chapter engaged in a realm of social activities, numerous "Double Bubbles," a fantastic Founders' Day celebration and the Winter Dance, to name only a few. The Alpha Iota Chapter hopes that all Brothers have benefited from similar successful semesters and wishes all the best of luck for the remainder of the year.

—Lori A. Watts

MANKATO STATE EPSILON IOTA

Epsilon Iota Chapter at Mankato

Melinda Roach, Sue Halseth and Mike Roach, left to right, were part of the recruiting team at Epsilon Iota Chapter at Mankato State.

the chapters speak

State University is proud to rejoin the roll of active chapters of the International Fraternity of Delta Sigma Pi by our reactivation on May 16, 1981. Shortly after our reactivation Mark Dorn, Theres Stenger and Brenda Ziegler attended the 33rd Grand Chapter Congress on Mackinac Island, Michigan. They returned to our chapter with a wealth of new ideas and even greater enthusiasm.

The fall quarter began with the return of 20 active undergraduate members and, after an extensive recruiting program, 17 new pledges were acquired.

Our professional program was very active during the fall quarter including an address by Sal Fredrich, owner of Happy Chef Restaurants and Art Petri, business executive. In addition, a professional dinner was held and tours were conducted at 3M and Blue Cross/Blue Shield.

We have also been active in the area of fund raising by participating in the Sears Credit Card application program and by holding a raffle for a stereo. In the area of social activities, a pledge/member football game was held, Founders' Day was celebrated, a coffee was held for members of our faculty and monthly birthday parties have been conducted for each of the members.

As you can see from our activity, Epsilon Iota Chapter is back and is active at Mankato State University!

—Brenda Ziegler

WAYNE STATE ETA PI

Once again, the Eta Pi Chapter of Wayne State College has experienced a full and active fall semester. Our successful rush activities brought in a pledge class of 10, under the direction of Brother Gary Seeman. This makes for a total membership of 51.

Professionally, we've had a number of area businessmen speak on various issues. Also, the annual professional tour took us to Kansas City during the latter part of October. Brother Deb McKillip arranged interesting and educational tours of such businesses as General Motors, Colgate-Palmolive, Armco Steel and Hallmark. It was a much enjoyed trip for all who attended!

Some of our fund raising activities included the sale of discount coupon books, a "chugging" team competition, sale of decorative canisters, T-shirt sales and energy (food) packets which are distributed during the week of final exami-

nations.

Our successful semester is due to an energetic and ambitious group under the excellent leadership of President Kathy Forbes and Senior Vice President Karen Whittler. Good job, Brothers of Eta Pi Chapter! We wish all other chapters the best of luck in attaining their goals both now and in the future.

—Lynae C. Barry

ST. CLOUD STATE THETA TAU

Theta Tau Chapter at St. Cloud State University received 100,000 points in the Chapter Efficiency Index, and was proud to have been chosen the outstanding chapter of the North Central Region. This honor exemplifies the hard work and dedication by all Brothers of Theta Tau Chapter.

Several Brothers were able to get together July 25 and 26 at Brother Bill Bell's cabin. Water skiing, volleyball, and horse shoes were enjoyed by all Brothers who attended. It was fun to learn what each Brother was doing this past summer, and a good way for all to enjoy each other's company without the pressures of school.

Theta Tau Chapter went on an extended visit October 15-16 to Minneapolis. On Thursday we visited the Federal Reserve Bank and found our visit there

most exciting and educational. On Friday we had a tour of Control Data and the Minneapolis Grain Exchange. This trip let all Brothers experience Brotherhood to its fullest extent by working and participating with each other towards our educational experience and business background.

In other news, Theta Tau Chapter has recently added a new office. This is an improvement from an old single locker and will allow us to operate more efficiently. All Brothers are working hard on our spring Florida trip. Everything seems to be shaping up nicely in what we expect to be the best trip ever. Homecoming found Theta Tau Chapter sponsoring an alumni picnic. It was fun for us new Brothers to meet and get to know alumni in an informal setting to share experiences and business dealings after graduation from St. Cloud State.

—Brian R. Nicklason

MIDWESTERN REGION

MISSOURI-COLUMBIA ALPHA BETA

Alpha Beta Chapter at the University of Missouri-Columbia found the new school year marked with excitement and enthusiasm as we embarked on our 41st consecutive 100,000 CEI point year un-

Members of Iota Omicron Chapter show that Deltasig spirit during a football game last fall.

the chapters speak

der the direction of our new President Marlow Kee.

Fall recruiting activities, under the direction of Senior Vice President Steve Rasche, saw over 100 prospective members go through our rush week activities. A memorable midnight pinning ceremony was held in the moonlit shadows of Mizzou's historic columns. Vice President for Pledge Education Dave French was given the task of instructing the pledges in the ways of Deltasig and the traditions of the Alpha Beta Chapter.

Professional activities, under the direction of Vice President Dave Pace, provided the chapter with several interesting programs. The theme for this semester was, "The Business of Marketing and the Marketing of Business." We were privileged to hear speakers on this topic from the areas of banking, accounting, and restaurant management as well as speakers from Mobil Oil, Xerox and Granite City Steel. The highlight of the fall professional program was a tour of several firms and industrial concerns in Kansas City and a stay at the Kansas City Hyatt Regency Hotel.

Our fund raising efforts were concentrated on the Coke booth that we operate at Mizzou football games. Under the direction of Brother Tracy Truster, the Deltasigs ran the #1 Coke booth in total sales and operational efficiency. Other fund raising projects included an all-campus party and the continuance of the Sears credit card program.

The fall social calendar was filled with numerous theme parties. The Mizzou vs. Nebraska football weekend provided the setting for our "Member Party for the Pledges" with "New Wave" as the party theme. We were happy to have several Brothers in attendance from the other Missouri chapters who helped us party and "punk out." A good time was definitely had by all.

Our Alumni Weekend activities were coordinated with Mizzou's Homecoming and Halloween. The fun filled weekend saw many alums return to share the Brotherhood they had once known as undergraduates. A costume party was held on Halloween to commemorate Founders' Day. A tailgate party before the game, a Mizzou victory over the Oklahoma State Cowboys and a post-game celebration rounded out the action for the weekend. We encourage every chapter to increase their alumni activities and to make the most of this valuable resource.

The remaining members of our Executive Board, Lisa Iovino, secretary; Ned Shine, chancellor; Kevin Monahan, trea-

surer; Pat Conboy, historian; John Boetcher, CEI chairman and our guides, John Holland and Tim Weis, are to be commended on the outstanding jobs they have been doing this semester.

In closing, the Alpha Beta Chapter wishes all our Brothers the very best in every endeavor, and we challenge every chapter to a 100,000 CEI point year.

—Marlow Kee

TULSA BETA CHI

Beta Chi Chapter of the University of Tulsa started the semester with a wine and cheese party for the members and the professors of business. It was an excellent opportunity for us to get to know the professors in a more relaxed atmosphere. Our rush program was very successful this semester. It gave us nine great new initiates and we know they will be a great asset to the chapter.

Our Vice President for Professional Activities worked hard this semester to provide us with interesting and educational speakers and tours. The best was a tour of Public Service of Oklahoma Headquarters, which was recently renovated from a school into their offices. This building was equipped with all the latest equipment and an atrium to give the employees a more relaxed feeling at work. The speaker that stands out in everyone's mind this semester was the one on credit counseling because it affects everyone's life.

During September our officers went to a Regional Conference in Springfield, Missouri. They brought back many new ideas to put to use this semester. While there they also attended the pledging of the Sigma Mu Sigma Colony at Southwest Missouri State University which was started by a Brother from our chapter.

This was a productive semester for the chapter and we in Beta Chi Chapter would like to wish all of you a good semester.

OKLAHOMA STATE GAMMA EPSILON

Gamma Epsilon Chapter at Oklahoma State University pledged 38 new neophytes for the fall semester. Immediately following formal pledging there was a

big-little party at the Playhouse Restaurant where much enjoyment was had in getting to know our new pledges.

Mrs. Bernie Baker of Genie Personnel Service, Inc., began the fall professional calendar with her talk on interviewing. Gamma Epsilon Chapter's first fall professional tour was to the El Reno Reformatory. The members were taken on a tour of the facilities and the assistant warden gave useful information about the financial operations of the reformatory. Other professional activities for the fall included a trip to Dallas where members toured Sanger Harris, American Airlines training facility and IBM.

Fund raising activities for the semester included a gas raffle and the collection of Sears and John A. Brown credit card applications.

The community service project was based on the theme of helping the elderly. Plans were made to visit an area nursing home and do odd jobs for the residents.

Gamma Epsilon Chapter is enthusiastic about making this year our most productive and in working toward a better chapter.

—Sherise L. Bray

NORTHEAST MISSOURI STATE IOTA NU

"Attitude" is the key word explaining the super fall semester experienced by Iota Nu Chapter.

Vice President for Professional Activities David Lind arranged a professional tour to Houston, and 39 enthusiastic Deltasigs visited Texas Instruments, St. Regis paper, LBJ Space Center and the Astrodome.

We were also thrilled to visit Southwest Missouri State twice this year to see Sigma Mu Sigma colony pinned and initiated. We were honored to have a part in their growth, and we wish the new chapter and District Director Valerie McHargue (an alumnus) the best of luck!

We hope to be making another road trip soon to St. Louis where Brother Jeff Janowski is working on the reactivation of Eta Nu Chapter. These road trips are special times for Iota Nu Chapter because so much Brotherhood is shared. It is a neat experience to meet Brothers from other chapters and to become even closer to those in our own chapter, and we encourage all other chapters to make such trips, whether it

the chapters speak

be to a Regional Conference or a trip you plan yourself.

Thanks to all alumni and Brothers of other Midwestern Region chapters who attended our Homecoming. You made it an extra special weekend!

Some of our other activities during the fall included professional speakers, our 3rd Annual Cystic Fibrosis Bike-athon, Parents' Day, our 3rd birthday party and running the football and basketball concessions. The latter is excellent practical experience, as it is like a small business.

Finally, we welcome our 23 terrific new Brothers, including one faculty initiate. They were the first to go through a more refined pledge program built around a Pledge Class Efficiency Index. It is based on the CEI and is an idea we brought back from the Grand Chapter Congress.

We wish a Happy New Year to all Brothers, and may it be a great one for every chapter!

—Nancy Dintleman

CENTRAL MISSOURI STATE IOTA OMICRON

Iota Omicron Chapter at Central Missouri State University has moved from a productive summer into what is proving to be a very successful and exciting year.

Several fund raising projects which included working a concession stand at several home games of the Kansas City Royals were used to help finance the journey to Mackinac Island in August for the 33rd Grand Chapter Congress. While in Michigan we met many fellow Deltasigs, conducted fraternity business, and most of all we increased our pride in and our love for Delta Sigma Pi.

The fall term for the 186th chapter started in a grand fashion with the rushing of 47 prospective members under the direction of Senior Vice President Tony Hayes. After careful screening and formal pinning on October 13, the neophytes entered the pledge program under the watchful eye of Denise Vandersteen, vice president for pledge education.

The weekend of September 25 provided an opportunity to strengthen our ties with the other chapters in the Midwestern Region. The Regional Conference at Southwest Missouri State was especially significant because a new colony, Sigma Mu Sigma, was established there

during the conference.

The professional activities calendar was well planned, thanks to Vice President of Professional Activities Eileen Moore. Our September speaker was Mr. John Mahoney, a prosecuting attorney and an alumnus of Central Missouri State University. His topic for the evening was corporate crime. In October we visited the world's largest computer center at McDonnell/Douglas in St. Louis. Also in October Mr. Gary Rohs spoke on the advantages and disadvantages of self-employment.

Central Missouri State's Homecoming on October 10 proved to be an exciting time for all. The activities included campaigning for our queen, Brother Nancy Gregory; building our float; and a social on Friday with other chapters in our region. Saturday topped off the week with a fabulous parade, the football game and a hayride complete with bonfire.

Fund raisers for the term have included candy bar sales, bake sales and concession stands. Tumblers, T-shirts, and singing telegrams are being considered for future sources of cash.

The Iota Omicron Chapter wishes to extend to all chapters of Delta Sigma Pi our warmest greetings and best wishes for all activities and endeavors.

—Dennis W. Long

SOUTHWESTERN REGION

BAYLOR BETA IOTA

Beta Iota Chapter is back! After being absent from Baylor University campus for several years, 45 members and three sponsors were initiated and our charter was returned on April 26, 1981. We were honored to have Past Grand President Bill Tatum serve as Headmaster and guest speaker at our initiation ceremony and banquet and we would like to extend special thanks to Vic Tabor, Southwestern Regional Director, Tom Johanneck, Theta Tau Chapter alumnus, Mark Roberts, Director of Chapter and Alumni Club Operations, and the Houston Alumni Club for all of the advice and aid which they offered.

Our first semester was a mixture of pledging activities and efforts to create a smooth running chapter. In attempts to raise money, we sponsored both a car wash and a pancake breakfast at Pelican's Restaurant. As community serv-

ice projects, we visited a local nursing home and also took 15 retarded children on an overnight trip at a nearby Campfire Girls Camp. These service projects, along with many baseball games, volleyball games, frisbee throws and picnics, succeeded in creating many close friendships and an overall Brotherly bond.

This past semester was an even greater success than the first. Our beginning intramural football team was able to score a winning record throughout the regular season and advance into the playoffs. Much hard work and dedication at the beginning of the year resulted in the initiation of 28 new members who accompanied us on an exciting trip to Austin, Texas, on November 20 and 21. During that weekend we toured two plants—Motorola Appliance Division and Tracor, Inc., electronics firm. While there, we also attended the football game between the defending Southwest Conference Baylor Bears and the University of Texas. Overall, the trip contributed much to our educational experiences. Our education was also furthered by professional speakers throughout the semester. Included among these was Ken Johnson, who is the founder and president of T-Shirts Plus, Inc. He discussed and answered questions concerning the different aspects of beginning and operating one's own company.

We are very proud of our new chapter and the advancements we have made and would once again like to thank all of the friends who helped us instill the purpose of Delta Sigma Pi in our hearts and demonstrate it in our actions. Beta Iota Chapter wishes all of our Brothers the greatest of success in this coming year.

—Jane A. McCoggins

TEXAS TECH BETA UPSILON

The Beta Upsilon Chapter started a new tradition this year, a Pledge Olympics. Our pledges (all 28 of them) competed against the pledges of our rival, Alpha Kappa Psi. The day turned out great. All of the Brothers got to meet other business students, but most of all it helped show our pledge Brothers the meaning of Brotherhood.

James Kurth, president, organized a busy semester for us this fall. He, his officers and committees set up a varied professional program and events like the Olympics, for social activities. Our professional program included speakers

the chapters speak

Recently reactivated Beta Iota Chapter at Baylor is proud of their Fall Semester pledge class.

from Dr. Pepper and Price Waterhouse and a film from Texas Instruments.

A trip to Dallas was our big event for the semester. We got to tour Diamond Shamrock, Republic National Bank and Sanger Harris. The trip ended with a lot of sore throats from all the yelling we did at the Texas Tech vs. SMU football game.

Our newly initiated members, along with all of our activities, have us well on the way to getting our 100,000 points in the Chapter Efficiency Index. We worked hard for Delta Sigma Pi fall semester and are looking forward to the spring semester.

SOUTHERN METHODIST BETA PHI

The Beta Phi Chapter began the fall semester with 53 members and ended with 84. Thirty-one pledges, after several successful rush parties conducted by Senior Vice President Steve Pipes, were inducted in late September and initiated in late November. The highlight of pledgship was the annual pledge retreat held at a new location this year, Lake Whitney, on November 14 and 15. This was a big shift toward luxury—everyone slept in cabins instead of tents, thanks to David Heutel, vice president for pledge education.

The Brothers of the chapter worked all last semester in committees to put on a one-day business competition for the Cox School of Business. The competi-

tion will take place this spring and will be designed to test the ability of business majors to identify and solve a problem and then communicate their solution to others. Business students may enter the competition in groups of two or three to utilize facts and figures to solve a situational problem that can be expected to be encountered in the business world. Judges will be business school professors, Dallas businessmen or both.

Beta Phi Deltasigs were as active socially in the fall as ever. Parties included a greasy back to school party at Randy and Dick Covington's pool, a Halloween costume party and the annual Christmas party. Social Chairman Simon Hughes also remained busy during the semester planning the annual spring Rose Ball, where Greer Bogle and Cami Coe will hand down their crowns to the new Rose King and Queen.

Vice President for Professional Events Kathy Weidinger was instrumental in keeping all members updated on local business activities with regular speakers for professional events at the Faculty Club. We were especially excited to welcome Robert Dedman in October, who recently donated \$25,000,000 to Southern Methodist University.

—Cami Coe

NORTH TEXAS STATE DELTA EPSILON

Here at North Texas State University, the Delta Epsilon Chapter is looking

ahead for big and exciting activities this semester with the induction of 10 fine pledges: Debbie Beechman, Debbie Deadman, Deanna Dean, Dana Davis, Donna Coke, Laura Feyereisen, Lisa Evans, Melinda Miller, Sandie McLamore and Pledge President Larry Lloyd; we expect some exciting new ideas and events. Our new officers this year are Charles Smith, president; Page Davis, senior vice president; Gloria Velasquez, secretary; Bret Miller, treasurer; Randy Monen, vice president for pledge education; Greg Morris, chancellor; Bruce Shepard, CEI chairman and Richard O'Keefe, vice president for professional activities.

We had two exciting and informative tours fall semester. Our fraternity was treated with grand hospitality by the Associates, who are a group of prestigious accountants in Dallas, Texas. Next we toured the Peterbuilt Factory. We watched how those big trucks that travel along our highways are built. In the near future, our chapter is planning a tour of the General Motors Assembly Plant and a speaker on free enterprise. Right now we are involved in the Annual North Texas State blood drive. We are also proud to announce that the Delta Epsilon Chapter has established the Cox Scholarship fund for eligible business students. Dr. Cox was a distinguished professor in the marketing department who passed away recently.

EAST TEXAS STATE DELTA PHI

Our present enrollment is very encouraging. In the fall of 1979, we had five members and we have now grown to 24 members and 10 pledges.

Our officers for this semester are: president, Marilyn Miller; senior vice president, Joan Williams; vice president for pledge education, Gilberto Rodriguez; treasurer, Robyn Curington; secretary, Becky McGuyer; historian, Stacy Newman; chancellor, Kevin Wallace; Senior Guide, Dale Winter; Junior Guide, Rhonero Chadwick; vice president for professional activities, Kathy Banz; Ritual chairman, Jeanette Ostrander; CEI chairman, John Flynn, and Deltasig correspondent and newsletter editor, Bruce Walters.

We have had two Meet-The-Chapter functions in which students were introduced to the fraternity. In addition, our

the chapters speak

first rush party was held at the *Show-down*, a local club that many students frequent.

For fund raising, we are working for the College Credit Card Corporation which is affiliated with Campus Dimensions. We earn 75¢ for each Sears charge account that students fill out. So far it has proven quite successful. Rumor has it that we may also go to Six Flags Over Texas to work for a weekend.

We feel we have a very active chapter, and the membership is promoting a great deal of confidence.

TEXAS A & I ZETA NU

Zeta Nu Chapter at Texas A & I University started the 1981 fall semester with a new sense of Brotherhood and professionalism.

Throughout the semester Zeta Nu Chapter held many professional projects. Among them was an interesting tour of Haunschild Distributing Company in Kingsville. The chapter arranged to have professional speakers throughout the entire semester. At one special dinner meeting, the Dean of the School of Business Administration, Dr. Robert Nash, and the President of Texas A & I University, Dr. William Franklin, gave very interesting speeches.

New officers for the fall semester included: Ben Blanco, president; Tim Simek, senior vice president; Jimmy Young, vice president for professional activities; Chris Rodriguez, vice president for pledge education; Darryn Christian, treasurer; Orlando Garza, secretary; Cornell Cunningham, chancellor; and Omar Correa, historian/reporter. The new officers proved to be a strong backbone for the fraternity.

Financially, the Zeta Nu Chapter was in great shape throughout the semester. Fund raisers included our Annual Homecoming Mum Sale that did better than expected. Other projects included car washes that always brought in money as well as being fun and several beerbursts that helped out quite a bit.

On the social side, Halloween provided us a night to remember. With a joint Halloween-Founders' Day Party, the fraternity had a great time. Two road trips to Houston and Austin also were highlights of the semester.

Congratulations to our graduating Brothers. We wish them happiness and

success in the future. We hope to continue the achievements and prosperity that your presence has given us and will strive to uphold the pride of the Brothers of Delta Sigma Pi

—Omar Correa

ANGELO STATE ETA THETA

Eta Theta Chapter at Angelo State University has had what could prove to be one of our best semesters. We had a tour of the Robert Massey Funeral Home and a tour of *San Angelo Standard Times*. This tour of the newspaper helped our Computer Science majors to see another use for computers.

We had two of our newest members, Kerry Holliday and Jaime Voss, attend the Grand Chapter Congress at Mackinac Island this past August. They gave us a great report which helped us start our semester in the best way possible.

We also had a good rush, with eight pledges, five men and three women. It also looks like we will have a good rush this coming spring.

We had a good social calendar for the fall semester. In October we had a road trip to Abilene for the Abilene Christian game. In Abilene, we had a party with several of our alumni. On Halloween, we had a costume party with the Delta Zeta's and everyone had a blast. Later in the semester we had our banquet with the Phi Gamma Nu's. We are looking forward to a great year!

—Gregory S. Gayler

CORPUS CHRISTI STATE IOTA PSI

Iota Psi Chapter at Corpus Christi State University began the 1981 fall semester by sponsoring a Meet the Faculty Party. Over 50 students and faculty members attended. A Meet the Chapter Party for all students in the School of Business Administration was also held with Dean John Richards attending.

The Brothers of the chapter sponsored two professional speakers, Kathy Heyman of the Corpus Christi Tourist Bureau and Eddie Cavasos of the Small Business Administration. Our purpose for these professional functions is to give business students a look at current business and economic situations. The chapter also held a party to celebrate

Founders' Day.

The chapter conducted a Halloween blood drive on October 28. The purpose of this blood drive was to help the local blood banks to stock the much needed blood supplies for the Thanksgiving holidays.

At our recent pledging ceremony, 16 pledges were initiated into the pledge class of Iota Psi Chapter. We are counting on these pledges to help the Brothers of the chapter achieve the goals of Delta Sigma Pi.

—Janet Wilkerson

INTERMOUNTAIN REGION

COLORADO ALPHA RHO

Alpha Rho Chapter at the University of Colorado started the fall semester with 49 returning Brothers. Senior Vice President Brad Fisher and Pledge Educator Keith Wheeler recruited 18 new pledges who received pledge pins and Big Brothers at Formal Pledging on September 28. Keith designed an eight week pledge program that entailed a resume, a signature book, a social activity for the members, service committees and fund raisers. Initiation was November 13, while the Rose Banquet and Ball was held November 14 at Boulder's Hilton Harvest House. We hoped that Denver's Alpha Nu Chapter would join us at the Rose Ball.

Our Vice President for Professional Activities Ruth Kahn set up Internship-for-a-Day programs with IBM, United Bank of Denver, Metrol Bank of Denver and Aurora Community Hospital for those Brothers in the areas of finance, management, accounting, marketing, personnel and information systems. Also, Ruth set up a speaker on "How to Begin in the Stock Market" and an Information Systems workshop. Ruth and Brother Diane Heppting attended the Grand Chapter Congress in Michigan this past August and were able to relate many valuable ideas to the chapter.

Secretary Tammy Cooney organized a valuable chapter directory of Brothers, pledges and faculty alumni. Tammy took charge of a hot pretzel sale, while Chancellor Mike Murphy organized the fund raiser, *101 Dalmatians*. Meanwhile, Social Chairman Cyndi Neal has been invaluable for her work on the recruiting

the chapters speak

mixer, the Formal Pledging celebration, Halloween Party, Homecoming-Alumni reception, Square Dance, Hayride and the Founders' Day celebration.

Craig Anzai returns as our historian, Gary Eisenstat is our new treasurer, and Joan Christl returns as our phone committee chairperson. Senior Brothers Kent Hammerstrom and Nancy Hazelrigg announced, at the chapter meeting on September 28, their engagement to be married.

We finally did it!! Alpha Rho Chapter reached 100,000 points in the Chapter Efficiency Index for the 1980-81 year! Our new CEI Chairperson Sharon Collins hopes to continue this tradition. Alpha Rho Chapter welcomes two new Brothers who have transferred to the University of Colorado: Shuli Aziz from the Gamma Psi Chapter at the University of Arizona and William Harris from the Alpha Upsilon Chapter at Miami of Ohio.

I have relinquished my position as CEI Chairperson for the past one and a half years to take on the responsibilities of president. I love the job; and I love all my Alpha Rho Brothers—they are my favorite people in the whole university! Alpha Rho Chapter wishes all chapters a happy and successful year!

—Katherine J. Kneedler

TEXAS-EL PASO GAMMA PHI

The fall semester began with the return of all the Brothers ready to work and help in organizing the activities for the semester.

Publicity was the motivational element in coordinating the fall events. Our first main event was preparing for the "Meet the Chapter" recruiting meeting organized by Senior Vice President Hector Aguilar. The recruiting event was very successful and brought in many prospective pledges.

The Gamma Phi Chapter participated in the Cornucopia Fall festival held on September 24 and 25. President Jorge Villa organized the booth to promote the goals and purpose of the fraternity. The scrapbooks from past semesters were displayed along with the community service award and scrapbook. The Deltasig filmstrip presentation was also used to attract prospective members.

The professional activities program was well planned and scheduled by Brother Joe Werthmann. Speakers were

on the topics of investments, business and today's youth, the business of running a city and employer-personnel relations. Tours of the Coca-Cola Magnolia Bottling Co., Packard Electric, Mountain Bell Telephone Company and Dickshire Coors Distributors, Inc., were interesting as well as educational.

During the semester the chapter also helped promote Insurance Career Day which consisted of increasing awareness of the career opportunities in the insurance field.

The Gamma Phi Chapter will again sponsor College of Business Week in April. This has been organized as an annual event which exposes the business students at Texas-El Paso to the local business community. We will be scheduling prominent business persons to speak on the topics of job interviewing and careers in business.

—Diana Caudillo

ARIZONA GAMMA PSI

Excitement and unique opportunities abounded during the fall semester for the Gamma Psi Chapter. At our first meeting, we greeted the new District Director, Theresa Jeszka. She left all with feelings of inspiration and anticipation of an eventful year for the Arizona chapters of Delta Sigma Pi. In addition, our Regional Director, Bill Leonard, spoke to a packed room of Brothers on the changes made in fraternal policy at the Grand Chapter Congress last summer.

The term was filled with numerous exceptional professional activities. Speak-

ing topics included the new interstate banking system, public administration and health services, and the efficiencies of management information systems. We also held our annual Coors Tour of the Tucson distributorship of Coors beer. This proved to be enjoyable to all.

An especially well-received speaker was Warren Rustand, self-made millionaire and successful businessman. His diversified background in sports, politics, entrepreneurship and consulting activities provided us with a wealth of information. The message of the talk was to set high goals for ourselves and to achieve these goals by exercising our potentials to the fullest.

Finally, we traveled to Phoenix to celebrate the 30th birthday of the Gamma Pi and Gamma Omega Chapters in Arizona. Everyone enjoyed the weekend social and the opportunity to meet Grand President Michael R. Mallonee. We look forward to his next visit to the Intermountain Region of Delta Sigma Pi.

—Sue A. Eby

ARIZONA GAMMA OMEGA

Gamma Omega Chapter at Arizona State University started the academic year off with recruiting week, and is proud to announce the induction of 20 new pledges and five faculty initiates. The pledges are full of enthusiasm and we are sure this will continue throughout their college careers.

Our professional program began this semester with an Executive Imagery

the chapters speak

Seminar. In addition to the many speakers we have had, we also toured Mountain Bell and Bozell and Jacobs Advertising Agency.

Among our special events this semester we had a reception for William Rief, our new Dean of the College of Business Administration. We also had the honor of holding a reception and forum with Grand President Mike Mallonee, Executive Director Mike Mazur and Past Grand President Bill Tatum. A meeting with Mark A. Roberts, Director of Chapter and Alumni Club Operations, was also on our agenda.

Our service project went as well as always; we volunteered our time and effort for the annual telethon held by KAET-TV.

Gamma Omega Chapter's Deltasigs are busy at work planning our celebration of Founders' Day. This is Gamma Omega Chapter's 30th Anniversary, and we are looking forward to making this year as successful as the previous ones.

—Judi Schneider

NORTHERN ARIZONA ZETA OMEGA

Zeta Omega Chapter started the fall semester off with an induction ceremony. It was our privilege to induct as an honorary member of Delta Sigma Pi Northern Arizona University President Dr. Eugene M. Hughes. In addition to President Hughes, 12 pledges were initiated into our chapter, thanks to Pam Proeschel, vice president for pledge education, and her assistants.

President Matt Kells was our representative to the Grand Chapter Congress at Mackinac Island, Michigan. He returned with many tales of the social activities as well as information regarding the current policies and procedures of Delta Sigma Pi.

Our professional activities began in early October with a very interesting speech by Mr. Charles Mannel of the American Graduate School of International Management, located in Glendale, Arizona. We also toured Southwest Forest Industries, Turf Paradise, and Revlon Corporation, all of Phoenix.

This fall we decided to combine a fund raiser with a community service project. In November we sponsored a basketball game between KZKZ Radio and our own College of Business Administration faculty. All donations were given to

the Flagstaff Big Brothers-Big Sisters organization.

Then, to help a great fall semester to a close, we held our banquet at the Best Western Canyon Squire Inn at the Grand Canyon. And, of course, an after-party immediately followed the banquet, which met our usual standards for party excellence.

In closing, the Brothers of Zeta Omega Chapter extend many thanks to our alumni for all their participation and support. Also, to all Brothers of Delta Sigma Pi, we wish you the best of everything for 1982.

—Mitchell C. Evenson

WESTERN REGION

SAN FRANCISCO STATE DELTA OMICRON

A Happy New Year wish to all Brothers throughout the nation from Delta Omicron Chapter. Also, a special initial welcome to all new Brothers reading this issue of The DELTASIG for their first time.

Over the summer, our vice president for professional activities, Dan Neuman, along with Alumni Brother Guymond Louie, attended the 33rd Grand Chapter Congress. They reported a fantastic experience which they will undoubtedly never forget. Their report to us was sizzling with enthusiasm about this fraternal experience.

In addition, because of much hard work by Dan Neuman, we had many professional speakers and tours throughout the fall. Furthermore, Delta Omicron Chapter is a member of San Francisco's Chamber of Commerce. The different committees, seminars and social gatherings offered by the Chamber are a great asset to our business experiences as members of Delta Sigma Pi.

A highlight from this past semester occurred at San Francisco State University's semesterly Student Activities Fair where we operated a dunking booth. The most money was generated at this event while our senior vice president, Corrine Osmidoff, sat atop the booth taunting the crowd. The biggest splash occurred when our president, Mike Hayes, was knocked into the "freezing" water for his first time. Brrr! This event was a success because of the diligent work by Chris Stelma and Brad Iwafuchi, our vice president of finance

and her committee. We must also not forget Brad Nelson's great comedy routine which attracted many of our customers.

Delta Omicron Chapter's pledge education program was run by Steve Rezentes who, along with his committee, was responsible for those we now call Brothers. We all appreciated Steve's hard work and diligence.

Finally, we would like to welcome our new Chapter Advisor, Dr. Richard Barnhart, to Delta Omicron Chapter. At the same time we would like to thank Dr. A. J. Dierksen for his past contributions and experiences shared with us as he steps down from this position.

—Kevin J. Brown

LOYOLA MARYMOUNT DELTA SIGMA

Delta Sigma Chapter started the fall semester with a bang. Publicity Chairperson Christine Penning flooded the campus with flyers publicizing our Student-Faculty Barbeque and Rush Nights to occur during the second week of school. With the much appreciated support of our alumni and Brothers of Eta Chi and Iota Upsilon Chapters the rush was a success as well as an enjoyable evening.

On a more serious note Cynthia Morris, vice president for professional activities, organized two presentations. The first, entitled "Accounting-The First Year," consisted of two new alumni of the fraternity speaking on their experiences during the first year in the business world. In the second presentation, William Kinsella and Henry Jordan presented talks from opposite sides of an accounting firm—the tax department and its duties as opposed to the auditing department. Both presentations proved to be highly informative and interesting.

The reorganization and restructuring of our pledge period by Vice President for Pledge Education Steve John has helped to bring all the Brothers of our chapter much closer together this year.

—Rita T. Schoenfeld

CAL STATE-CHICO EPSILON THETA

Epsilon Theta Chapter began the fall semester by signing up 74 candidates during recruitment week. This group was trimmed down to the 13 pledges we

the chapters speak

felt would represent the best interests of the fraternity. Rob Salisbury, vice president for pledge education, worked with the pledges during the semester, getting them involved in fund raising and community service projects. The pledge class was initiated on November 13 with an award being given to the pledge with the highest grade point average during the semester.

Our professional program for the semester was organized by Ken Haruta, vice president for professional activities. We had a professional speaker from Xerox during recruitment week, along with several speakers from the business community during October and November.

Epsilon Theta Chapter was represented at the Grand Chapter Congress by Brothers Tom Engwer and Brett Podstata. Both Brothers had a great time, enjoying the seminars and the chance to socialize with Brothers from other chapters. Their representation will help the chapter reach 100,000 points in the Chapter Efficiency Index for the 17th time in 20 years.

Last semester's blood drive was once again co-sponsored by the Brothers of the chapter. It was very successful, raising more than 8000 units of blood. In addition to this, the Brothers helped serve Thanksgiving dinners to the elderly in the community. Our main fund raising event for the semester was a tostada feed. We made over \$500 on this event. We also continued our nightly donut sales, making around \$1000 for the semester.

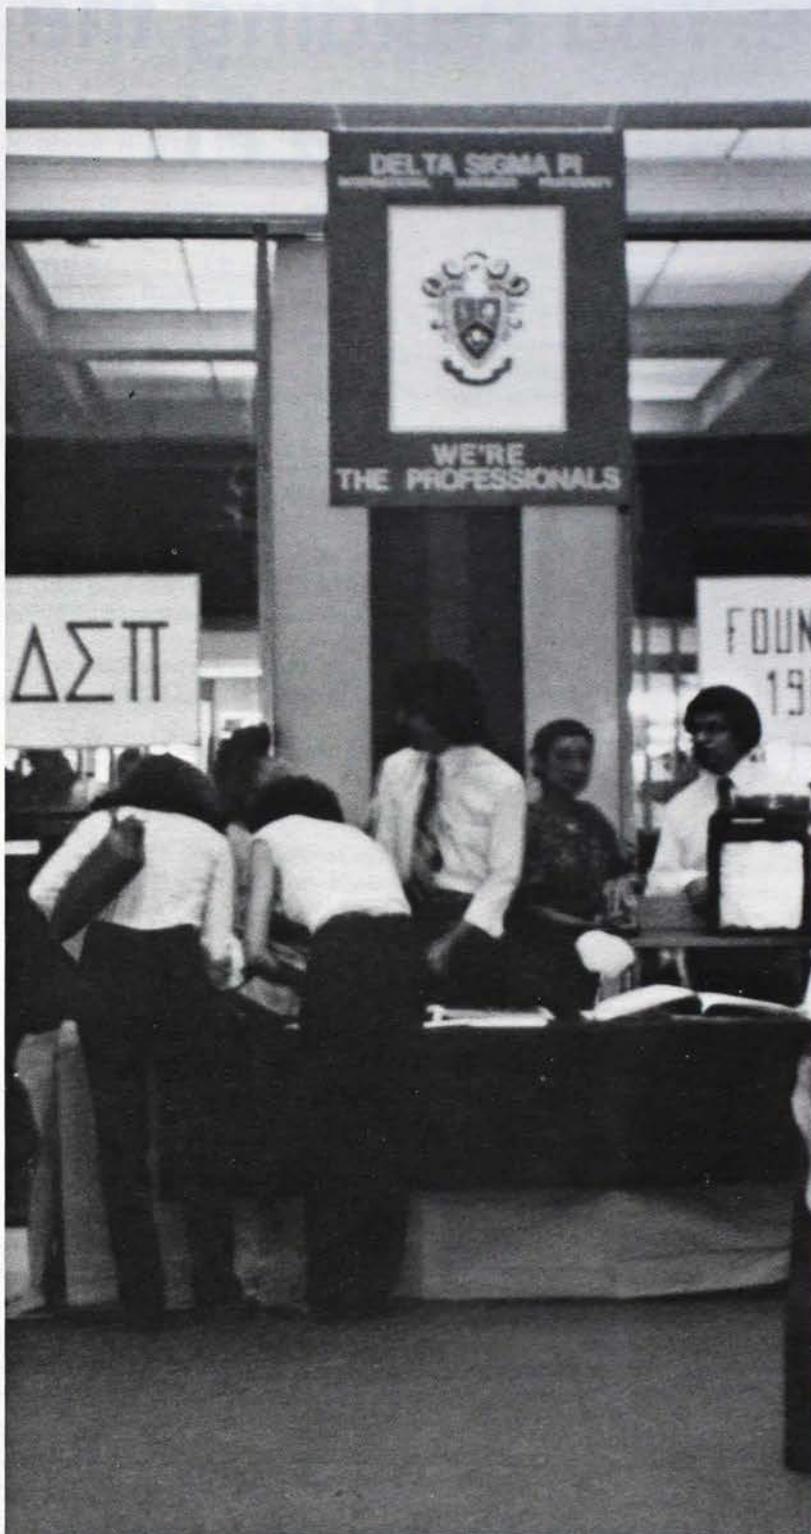

Closing out the year was our sky diving party and our second annual New Year's Eve party. These events were a lot of fun and were a great way to end the semester.

—Donald P. Boell

CAL STATE-SACRAMENTO EPSILON PHI

The community service program of the Epsilon Phi Chapter at California State University-Sacramento has been an excellent one this school year. We have been involved with the Big Brother Organization and chapter members brought 25 children from the Big Brothers to a home football game in October. Our pledges also participated in this, attending the game with their fraternal Big Brothers. Before the game there was a picnic for the kids and the Brothers.

(continued on page 60)

This attractive recruiting table was utilized by Gamma Phi Chapter at Texas-El Paso.

Are You Building the Future of Delta Sigma Pi?

Some time ago I had the privilege of looking through some old issues of The DELTASIG Magazine. I mean some real old issues, from the 1920's and 1930's. Looking through these old issues I found many interesting stories, articles and news items about Delta Sigma Pi, the chapters and alumni clubs, other fraternities and the business world in general. Mostly, though, I was able to sit back and watch Delta Sigma Pi growing, evolving and expanding into the organization that it is today. It was just like watching a movie called "The Story of Delta Sigma Pi." These old issues of The DELTASIG had, in effect, become a chronicle of Delta Sigma Pi.

After having "viewed" this "movie," one word kept on coming into my mind. Of the many words that have been used to describe Delta Sigma Pi this one word stands out among almost all the rest. That one word is "builder." The only other word that stands out more is the word "fraternalism." These two words fairly sum up the character and spirit of Delta Sigma Pi. We are all very aware of our fraternal nature, but are we really aware of our "builder" nature? This "builder" side of our character was very much present in the very early days of the Fraternity. In fact, Grand President C. W. Fackler (Epsilon Chapter), considered this aspect of such importance that not only did he expound on this subject in his President's Article that appeared in the December, 1924, issue of The DELTASIG, but in that article he included an appropriate poem that follows here:

"An old man going a lone highway
Came at the evening cold and gray
To a chasm vast and deep and wide.
The old man crossed in the twilight dim,
The sullen stream had no fears for him.
But he turned when safe on the other side,
And built a bridge to span the tide.
'Old man,' said a fellow pilgrim near,
'You are wasting your time with building here,
You never again will pass this way,
Your journey will end with the closing day.
You have crossed the chasm deep and wide,
Why build you this bridge at evening tide?'
The builder lifted his old gray head,
'Good friend, in the way that I've come,' he said,
'There followeth after me today,
A youth, whose feet must pass this way.
This stream that has been as naught to me
To the fair-haired youth might a pitfall be.
He, too, must cross in the twilight dim,
Good friend, I am building the bridge for him.'"

This poem contains not only the builder aspect of Delta Sigma Pi, but also the fraternal aspect. Deltasigs are as Brothers in their fraternal relations, but they are also builders. Builders, indeed! The typical Deltasig is one who, as an undergraduate, is building his or her future by preparation for a career in the business world; the typical Deltasig is one who, as an undergraduate or alumnus, is building a better life for himself and his fami-

ly; a typical Deltasig is one who is working to build a better community in which to live a happy life; and, a typical Deltasig is one who, as an undergraduate or alumnus, is building a better Delta Sigma Pi at the chapter level, the alumni club level and at the National level. The typical Deltasig cares to improve his Fraternity, which is an organization of his own choosing that helps him to prepare for and make a better, more prosperous, and happier life. This in the final analysis is the real purpose of Delta Sigma Pi.

Do we know all the ways that we can build a better, stronger, Fraternity? The ways are limited only by our imagination, but let me concentrate on a few of them. At the chapter level, we strive to improve our fraternal relations, build a better professional program, improve the chapter financial condition, maintain good alumni relations, strive for a good chapter-wide GPA, attain 100,000 points in the CEI, have good campus and community relations and participation in National activities.

At the alumni and alumni club level we strive to improve our fraternal relations, support our alumni clubs and their efforts to conduct ongoing and beneficial programs, become officers and committeemen in the clubs, support the National programs and support the Delta Sigma Pi Educational Foundation.

But what about our National organization? Did you ever stop to think that the purpose of having a National organization was to provide services for the chapters and clubs that they otherwise would not be able to

provide for themselves, and that the purpose of the National organization is to provide assistance, guidance and ideas to the clubs and chapters for their betterment? Well, it is! Yet what the National organization is able to do for us is, as we all know, only in proportion to what help they get from us. It's staggering to think of how much more they could do if they only had the resources. Every aspect of our organization would be vastly improved. Our pride in our Fraternity would be much increased. The benefit of Delta Sigma Pi would be much greater.

Would you believe that the formula for a much improved Fraternity is really quite simple and relatively inexpensive? Well, it is. The formula starts with the all important Life Membership. The Life Membership is of paramount importance for several reasons. First, all cash received from the sales of Life Members is deposited into the National Endowment Fund of Delta Sigma Pi. The Fund is invested and only the in-

come of the Fund is spent by National in improved, expanded and new programs. Educational loans and chapter house loans are available from this fund. But what is it that you get? First, your National Alumni Dues (presently \$20.00 a year) are paid for life. Second, you get The DELTASIG Magazine for life. This is quite important, for to remain active in an organization you must first remain knowledgeable about it. The DELTASIG will come to you four times a year for life and will contain news about the chapters, clubs, the Educational Foundation, the National Congresses, Regional Conferences, and a lot more. In fact, your Life Membership presently offers so much, the inflation will soon force the cost of a Life Membership to be increased.

You can't afford a Life Membership? Then listen to this. You are encouraged to pay for your Life Membership in a single payment, but you can pay for it in installments. Your Life Membership can be start-

ed with a down payment of only \$10.00, with the balance paid off in consecutive monthly installments of \$10.00 or more. Within less than a year, your Life Membership will be paid in full and you will receive your Life Membership certificate and card. But mostly, you will have helped your Fraternity forever. Take this important step today by forwarding your check with the form found elsewhere in this issue. You won't regret it. Be a builder of Delta Sigma Pi's future!

the chapters speak

(continued from page 57)

In the spring semester we plan to have our Casino Royale together with the Big Brothers. Casino Royale is an event where the Brothers set up a gambling hall with play money which is open to the public. Guests buy the play money and use it to play blackjack, craps and roulette. At the end of the night we auction off gift donations from local businesses to the highest bidders. Casino Night should be grand this year with the Big Brothers' participation.

We also had a benefit bake sale on campus and donated the profit to the Children's Center. They used the money to buy toys for the children that stay on campus while their parents are in school.

Our chapter should prove to be the most improved chapter thanks to the efforts of our officers and all the Brothers.

—Lisa A. Brosnan

MENLO ZETA RHO

The Zeta Rho Chapter of Menlo College's School of Business Administration is making a concerted effort to increase its visibility on campus. For the

past few years the chapter has worked rather unobtrusively. This semester we are changing that.

Every Brother has selected an independent project geared to benefit both the chapter and the school. Two examples of these are: designing an emblem for our School of Business Administration and researching the student body's preferences among alternative professional activities so they can be considered for next year. The projects draw attention to the chapter and contribute toward building our visibility. They also allow the members to give to the school as individuals and as a chapter.

The fall term was filled with our usual complement of industrial tours, weekly speakers, informal functions, plus something completely new for us. Together with the largest social fraternity at Menlo College, Zeta Rho Chapter threw a gigantic costume party, the only formal dance of the semester. We invited the area chapters and had a sizeable contingent of Deltasigs there.

—Susan Jeanne Feldmeir

CAL POLY-POMONA ETA CHI

After only one quarter, this looks like the best year yet for Eta Chi Chapter. The highlights included an outstanding professional program and also a successful rush campaign.

Our professional program had an investment theme this quarter. Speakers from the *L.A. Times* newspaper, Paine-Weber and other brokerage firms came out to give us a first-hand view of the investment world. The speakers covered a wide range of topics including investment precautions, the stock market, real estate, precious metals and how to get started on a shoestring.

Our social calendar was also very full, headed by our bi-annual Deltasig Day at the Races at Santa Anita Racetrack. This is a private event held on the infield of the track with our own betting windows, television monitor and refreshment stand. Unfortunately, no one went home rich this time. The Eta Chi Chapter also held a cocktail recruiting party which was hailed by all as a big success.

The Eta Chi Chapter took on a rather challenging financial project again this quarter. We opened a Christmas tree lot in Pomona. Besides being a successful money maker, the tree sale proved to be a lot of fun and quite a learning experience.

Members of the Epsilon Theta Chapter at Cal State-Chico were pleased to win the Sports Trophy at the Annual Western Regional Picnic.

the chapters speak

The Eta Chi Chapter sincerely hopes that all our Brothers had a happy and joyous holiday season. We are positive that 1982 will be the best year for Delta Sigma Pi!

—Robert J. Holman, Jr.

SAN DIEGO STATE IOTA PI

The Brothers of Iota Pi Chapter at San Diego State University welcomed two alumni members chosen to fill vacancies in the fraternity, including a recent graduate of San Diego State, Dustan "Dusty" Foster, who took over as our District Director, and Dr. Stephen P. Robbins as our new Faculty Advisor. This chapter greatly benefited from their help and guidance, and we look forward to working with them in the coming semester.

Our chapter's annual T-shirt sale held in October was again a success. This being one of our major fund raisers of the semester, a lot of hard work and effort was needed, supplied and expended by our members. New styles were included in the T-shirt line to increase sales activity. The sale promotes our College of Business Administration in a most positive way. In addition to the T-shirt sale, we sponsored a renowned hypnotist, Dr. Dean, for a show at our school. Though it was a first, our Finance Chairperson and her committee made it, too, a success.

Located at San Diego State is a child care center where parents going to school can leave their children for the day. One weekend in October, the Brothers of Iota Pi Chapter rented vans and took the children of the center to the San Diego Zoo as a service project. A good time was had by all; the parents showed great appreciation. In addition to being a service project, it served as a P.R. tool to show a major facet vital to Delta Sigma Pi.

—Joel M. Bennett

CSU-NORTHRIDGE IOTA UPSILON

Brotherhood . . . that is the word that best describes the 33rd Grand Chapter Congress. From the boat trip from Mackinaw City, to the plane ride back home, that Brotherhood, that comradeship, that sodality pumped through my veins and became my blood.

Oxnard, California was the site of a planning retreat for members of Kappa Mu Chapter at Cal Poly-San Luis Obispo.

The people throughout this country that are part of the unity of Delta Sigma Pi are to be proud. This fellowship, when called upon to act, acts with speed, deliberation and concern. These traits were unveiled on the Congress floor day after day. At each meeting, at each event, a respect for each other and the fraternity as a whole, prevailed.

This is not to say that each event was a solemn or sober one, particularly not sober. I personally found the 2:00 A.M. indoor football game quite thrilling. That is, what I remember of it! And W. Leon Garman II still doesn't know who sent back his bright orange and blue shorts! I still laugh until I cry remembering what Brother Steve Silverstein looked like rolling backwards down the fairway when I "accidentally" had to swerve the golf cart to avoid a bump and he flew out.

Unfortunately, the crying turns from happy to sad as my thoughts turn from remembering to reality. Having to say goodbye to my new-found friends, like the Brothers of Gamma Theta Chapter, is perhaps one of the hardest things that I've ever had to do. The only thing that makes it bearable is realizing that the alliance and kinship still remain and, of course, thoughts of Denver in '83.

Thank you all for, literally, the time of my life!

—David J. McNeil

CAL POLY-SAN LUIS OBISPO KAPPA MU

For the Kappa Mu Chapter of the California Polytechnic State University-San Luis Obispo, nothing could have been more exciting than our very first pledge class. Being such a new chapter, a pledge class was quite a challenge, one that called upon the talent and resources of each of us, and we proudly welcome our new members to the Brotherhood.

On April 4, 1981, we were installed as Brothers of Delta Sigma Pi. Since then we have worked hard to establish ourselves on campus and in the community. We have hosted a banking seminar with Thomas D. Dickinson, Financial Director of the National Banker's Association, as keynote speaker, and have gone on many business tours, recent ones being tours of Bateman Eichler and Hill-Richards. We have had a 5K run to help earn money to sponsor children for the Special Olympics, and we have made "Pumpkin Caroling" a Halloween tradition with the Senior Citizens in our area.

As we look forward to our first anniversary, I would just like to say that the Brothers of Kappa Mu Chapter and Delta Sigma Pi are very special people.

Best wishes to all for a happy 1982!

—Victoria E. Barnhardt

Educational Foundation Notes

What is 28 years old, has dedicated its life to the International Fraternity of Delta Sigma Pi, but is not a Brother? It is your Delta Sigma Pi Educational Foundation. In 1945, the Grand Council (now called Board of Directors) of the International Fraternity of Delta Sigma Pi began to give consideration to the possibility and practicality of creating an Educational Foundation which would enlarge upon some of the activities carried on by the fraternity and inaugurate new services in the field of worthy educational and scientific projects of business research and other professional activities.

The Foundation Board of Directors has approved the following programs this biennium:

—Undergraduate Scholarship Program for Deltasig children, grandchildren, nieces or nephews.

—Graduate Study Grants for all members of Delta Sigma Pi.

—Sponsorship of the Delta Sigma Pi Scholarship Key program.

—Sponsorship of the Delta Sigma Pi *Biennial Survey of Universities Offering an Organized Curriculum in Commerce and Business Administration*.

—Graduate Study Grants to the Delta Sigma Pi Undergraduate of the Year.

—Funding for a Career Brochure to high school students and guidance counselors distributed by the American Assembly of Collegiate Schools of Business.

All members in good standing of the International Fraternity of Delta Sigma Pi as well as the surviving spouse of such members are eligible to become voting members of the Foundation and do so upon contributing \$100.00 or more to the Foundation. Contributors of less than \$100.00 are associate members until their total contribution reaches the \$100.00 level. Contributions from friends, organizations and Delta Sigma Pi chapters and alumni clubs are welcome. Remember, your contribution is tax deductible from Federal Income Taxes.

You can help the Educational Foundation fund these programs by sending your contribution directly to Treasurer Theresa M. Jeszka, 4510 W. Marlette Avenue, Glendale, AZ 85301.—MARC H. COHEN, PRESIDENT OF DELTA SIGMA PI EDUCATIONAL FOUNDATION
