

Commentary

William R. Kinsella

Dear Brothers:

As I look out at the horizon at 33,000 feet over Western Pennsylvania, I finally have a chance to catch my breath and reflect on the 1990 Regional Conference Season. And what a season it was!

It began for me on September 21st in Toledo, Ohio at the East Central, Central and Huron "Tri-Regional". Two months later, I have been fortunate to have attended seven Regional Conferences covering eleven different regions, traveled over 20,000 air miles, consumed over 25 airline meals, moderated over 20 seminars, presented seven Fraternity awards, participated in the initiation of one honorary member and a joint initiation for six chapters and met nearly 1,000 Deltasig collegians and alumni across the country. At each of these, and at every Regional Conference held this year, the Deltasig experience, the Deltasig pride and the Deltasig enthusiasm was alive and well throughout our fraternity.

Our regional meetings are designed in part to provide our membership with an important educational experience in fraternal and professional matters. Under our new format derived from the fraternity's Educational Masterplan, this experience provided important new benefits for our Brothers. The educational seminars, highlighted by the membership and operations morning sessions, were very well received and enabled all members the same educational opportunity

across the Fraternity. Many, many Brothers devoted extra time and energy to plan and moderate these seminars. They were able to gain valuable seminar presentation experience and assist in the growth and development of our members in the process. On behalf of all of us, I want to thank everyone who was a seminar moderator at a Regional Conference. Your time, effort and commitment to this critical task of education is vital to the continued growth and development of our Fraternity.

At many Regional Conferences, there was discussion on many current issues within the fraternity. Many of you expressed your views on the important topics of career opportunities, regional realignment, membership composition and risk management, among others. I, along with all your other fraternity officers and Central Office staff, appreciate hearing these views so that we can balance competing needs and differing viewpoints in our efforts to chart the best course of action for our entire Fraternity.

The efforts of our Leadership Fund Trustees were also well rewarded during this regional season. As the Leadership Fund enters its second Annual Campaign, your response has been extremely encouraging. Thank you to all who have contributed or pledged in these past two months. I want to especially recognize the District Directors in attendance at the Gulf Western/Southwestern "Texas" Regional and South Pacific Regional who have each pledged to the next level of giving and to complete that pledge by the Grand Chapter Congress in Washington, D.C.

I would also like to recognize the chapters of the Eastern Region who, under the leadership of Regional Director Nick Steinkrauss, are establishing an endowed Deltasig scholarship within the Leadership Fund. Our thanks to these and all the supporters of our efforts to enhance the financial stability of our Fraternity.

Yes, it's been quite an interesting two months. Thanks to all of you who extended your hospitality and greetings; it was deeply appreciated. I have many fond and interesting memories of this 1990 season that I will not soon forget, including:

- Meeting and initiating John Rawley, Assistant to the Chairman of Hershey Foods, at the Eastern Regional in Montreal.

- Initiating 86 pledges from six different chapters at the joint initiation during the South Atlantic Regional in Orlando.

- Listening to an excellent presentation on Drinking and Social Responsibility by the Theta Phi Chapter at the University of South Florida during the South Atlantic Regional.

- Getting rained on all day at Disney World the day before the South Atlantic Regional.

- Visiting with the Mu Omicron Brothers (that's MOBROS to those in the know; they even have it on T-shirts) from our newest chapter during the "Texas" Regional in Austin and experiencing the Rose of Deltasig, Texas style.

- Impressed with the support for the Leadership Fund by the chapters in the North Central and Midwestern Regions and with the outstanding attendance at their joint regional.

- Sharing an open and productive exchange of ideas with the chapters at the South Pacific Region on risk management and installing our new Riverside Alumni Chapter.

- Wondering just how far State College, Pennsylvania really was from Pittsburgh as we travelled to the Midwestern Regional, where I also gained a new appreciation for Penn State football, a place called Phyrsts, and the color red.

- Having that sinking feeling that I might miss my plane at the Toledo, Ohio airport when my driver says, upon crossing the Michigan state line, "You know Bill, I don't think we're going the right way".

Again, thanks to all of you that I met during these past two months. I hope that you have also taken the opportunity to personally thank the real hero of your Regional Conferences, your Regional Director. Until you've been in those shoes, you can't fully appreciate the months of planning, work and worry behind the event. If you haven't taken the opportunity to do so, I encourage you to just say "thanks" to your Regional Director for a job well done.

Best fraternal regards,

WILLIAM R. KINSELLA
Grand President

The Chapters Speak

NORTHERN PROVINCE

The year has started off with a bang in the North! After the August Executive Committee Meeting in Miami, we had the fewest number of troubled chapters in three years. Also, the general health of the Province, as measured by CEL, is very good.

Again, the East Central Region was named Most Outstanding Region. We also took home a number of other national awards; Boston Alumni Chapter was named Outstanding Alumni Chapter, Alpha Kappa Chapter at SUNY-Buffalo received the National Service Award, Alpha Pi Chapter at Indiana University was named Most Improved Chapter.

Immediately following the Executive Committee meeting, many of our Northern Province Brothers sailed the deep blue sea to the Bahamas for the first annual Alumni Fling. Everyone that went came back with stories of fun and frivolity. Needless to say, there will be another fling in 1992. (The Grand Chapter Congress will be in Washington, DC in 1991, and will serve as our gathering place for alumni.)

Of course, the big events in the fall are always the Regional Conferences. Having had the opportunity to attend the Officer Training Schools (OTIS) during the summer months, many of our chapter officers were well prepared to begin the year. The Regional Conferences got the rest of us going.

The East Central, Central and Huron Regions all met together in September for a Tri-Regional Conference. The Tri-Regional featured Brothers from the states of Pennsylvania, Ohio, West Virginia, Indiana and Michigan, and was held in Toledo, Ohio. This is the first time that three regions have met in a conference format.

The second regional in the Northern Province was held in Montreal, Canada in October. The Eastern Regional Conference went "international" to the town where our first international chapter once was (Tau, McGill University, which is now inactive). The highlight of the weekend was the initiation of Mr. John H. Rawley as an Honorary Member of the Alpha Kappa Chapter (SUNY - Buffalo). Mr. Rawley is the Assistant to the Chairman of the Hershey Foods Corporation. Mr. Rawley is responsible for strategic planning for Hershey. He acted as keynote speaker for the Conference speaking on personal planning and goal setting.

The final Regional Conference of the season is the Mid-Eastern Regional which was held in State College, Pennsylvania. As usual, everyone had a great time.

The other very impressive area of operation in this Province is expansion. We were fortunate to welcome Mu Xi Chapter at LaRoche College in Pittsburgh, Pennsylvania into our Brotherhood on April 28, 1990. In addition,

we are reactivating Epsilon Omicron Chapter at Western Michigan University in Kalamazoo, Michigan. We also have numerous other candidates including our colony at Penn State-Behrend in Erie, Pennsylvania.

We are very fortunate to have Past Grand President Richard J. Parnitzke in our Province. Brother Parnitzke is spearheading a major expansion/ reactivation effort in the upstate New York area. There are a number of schools that have been approached and several who have given permission for us to recruit. While these efforts are just beginning, I think that we already owe Brother Parnitzke a debt of gratitude.

We are having a great time in the North! I am blessed with tremendous people and great chapters. Everywhere I look, I see something good happening. To my Brothers in this Province, keep up the good work. Hold your heads up high for your successes and accomplishments. I am very proud of you! The coming Grand Chapter Congress in Washington, DC is the first in our Province since 1981 and will be the last until 1999. We have a chance to shine and celebrate our successes. Be there for our grand triumph!

SAMUEL F. SHAHEEN
Northern Provincial Vice President

EASTERN REGION

CONNECTICUT, THETA IOTA— Theta Iota started the decade off with its' 20th birthday party in March. The following month, some of our members traveled to "Spring Fling VI" in Myrtle Beach, South Carolina, to unite with our Brothers from the entire Eastern Region. We ended the spring semester by initiating 16 members into the chapter.

The fall semester's list of events started with recruiting 16 enthusiastic pledges. We sponsored five professional activities, Big Brother/ Little Brother get togethers, and festive social events like our "Famous Names" party. We also held a Founder's Day wine-and-cheese celebration in November. Our chapter's community service efforts were very profitable for the Red Cross Blood Drive, and for the patients at Windham Memorial Hospital when we went trick-or-treating there on Halloween. One of the highlights of our semester was sending nine collegiates and two alumni Brothers to the Eastern Regional Conference held in Montreal, Canada. We wish everyone continued success and good fortune in the future semester, and hope that strong Brotherhood prevails in every chapter.

—Debra Trondsen

SAINT PETER'S, ZETA ETA— The Zeta Eta Chapter at Saint Peter's College has had a busy and exciting semester. We have enjoyed three

professional speakers from Paine Webber, Deloitte & Touche, and AT&T. The speakers emphasized leadership, assertiveness, and professionalism. Aimed at providing fellow students with an opportunity to meet future employers, we hosted our seventh annual Career Fair. The fair allowed students to meet with companies in a relaxed environment.

Community service has been in full swing with a system to send letters to soldiers in Saudi Arabia. We also participated in a bruising Floor Hockey Intramural Tournament.

Finally, we are proud to have had 20 candidates in this semester's pledge class.

—Jeffrey A. Dupree

SIENA, THETA UPSILON—In the midst of our twentieth anniversary, the Theta Upsilon Chapter is off to a great start. We are looking forward to our banquet in February, which will mark our twentieth year as a chapter in Delta Sigma Pi. We know that this year will be our strongest yet! We started off the semester serving as the host chapter at the Regional Conference in Montreal, which turned out to be a great success. Our professional committee is keeping us busy this semester by providing us with numerous events, while our other committees are equally active. We have eleven pledges this fall who are extremely enthusiastic and look like they are going to be great contributors to our chapter.

Have fun and have a great year!

SUNY-ALBANY, ZETA PSI—The Zeta Psi Chapter at the State University of New York at Albany is enjoying another successful and fun filled semester. We started the year with a bang, raising money by selling carpets to students living in the dorms. We quickly followed that with our annual Career Day, where over 65 firms came to campus to speak with students about career possibilities. We have had many interesting and well attended professional events, including a seminar on interview techniques presented by Richard A. Eisner & Co. an accounting firm in New York City, who is our corporate sponsor. Both our male and co-ed softball teams reached the playoffs again this year, and we are all preparing ourselves for floor hockey and volleyball. We look forward to our 17 new Brothers helping our chapter grow and prosper.

—Marty Bank

SUNY-BUFFALO, ALPHA KAPPA—Alpha Kappa Chapter thus far has had a successful semester. We are ecstatic about receiving the Outstanding Service Award at the Regional Conference in Montreal. Furthermore, our chapter is proud to announce the Honorary initiation of John Rawley, assistant to the chairman of Hershey Foods.

Our professional program is exceptional this semester as we will be learning about job hunting, interviewing, and entrepreneurship. For our fund raising projects we have worked

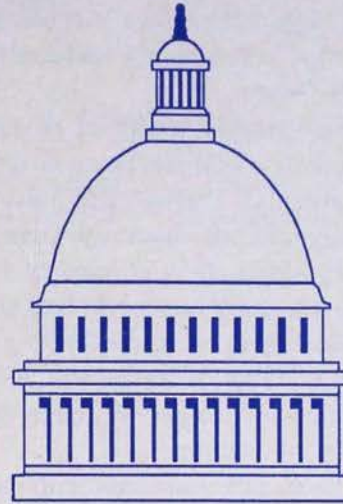

(see CHAPTERS page 12)

Capitalizing on Brotherhood

Washington, D.C., our Nation's Capital, will become
the center of attention for Delta Sigma Pi
and for Deltasigs worldwide as it hosts
the Grand Chapter Congress, August 13-18, 1991.

Photo by Jake McGuire © 1990

This 38th gathering of The Grand Chapter marks a dramatic change in convention scheduling and programming for Delta Sigma Pi. Many details about the many exciting convention events will be published in the Spring, 1991 issue of THE DELTASIG. In this issue, preliminary information is provided for your initial planning purposes and there is a wealth of information about Washington.

Washington history began some 200 years ago in 1790 when Congress determined it as the site of the capital of the United States of America. From the beginning, it was planned as a grand city by French engineer Pierre L'Enfant and today, a walk along The Mall, the grand promenade of the capital, provides clear testimony of the quality of the cityscape.

The number one industry of Washington is, of course, government. Its influence is pervasive as evidenced by the seemingly countless governmental buildings. The second largest industry is tourism and this city is a delight for all. Over twenty million visitors from all over the world come to Washington each year. The many buildings, monuments, museums, galleries and other attractions are, for the most part, free of admission charges making for a wealth of experiences at little or no cost.

The Mall, a two mile long open green and reflecting pools, serves as the focal point of the city. Along this expanse are gleaming marble, columned buildings that clearly signify that this is the seat of power in this nation. At one end is The Capitol located on a hill that L'Enfant described as "a pedestal waiting for a monument." In this vicinity are a number of other interesting buildings includ-

ing; the Supreme Court Building, the Library of Congress, and the Botanic Gardens.

At the opposite end of The Mall can be found the colossal Lincoln Memorial, the moving Vietnam Veterans Memorial, the stunning Washington Monument and the Jefferson Memorial which dominates the south bank of the Tidal Basin.

Along the central area of The Mall are the Smithsonian Museums. The average visitor to the Smithsonian can spend days among the various exhibits in order to begin to see just a small portion of the 75 million items in its collection. The major museums include: the National Museum of Natural History with its impressive displays of dinosaurs and other animals to the spectacular 44.5 karat Hope Diamond; the National Museum of American History with its displays of American commerce and industry as well as the gallery of the Inaugural Ball gowns of the first ladies; the National Air and Space Museum which is the most visited of all with its displays of Lindbergh's Spirit of St. Louis to actual space orbiters, and the Freer Gallery of Art as well as the National Portrait Gallery and the National Museum of American Art.

Of course, no visit would be complete without seeing The White House, home of President and Mrs. Bush and Millie. Tours of The White House are available on a limited basis and VIP tours are available by writing your Congressman in advance of your visit.

A sobering yet impressive site to visit is Arlington National Cemetery located a short distance over the Potomac River in Virginia. It is the final resting place of

thousands of members of the military. The Tomb of the Unknown Soldier with its impressive hourly changing of the guard ceremony and the John F. Kennedy gravesite with its Eternal Flame are among the most visited areas within the cemetery. Also in Northern Virginia are historic Alexandria and Mount Vernon, the home of our first President, George Washington.

Washington is more than just a city of government, politics and monuments. It is a vibrant city with charming and historic neighborhoods. Perhaps the most widely known of them is Georgetown, home of Georgetown University and Mu Chapter. It is an area of restored Colonial period homes; a center of superb shopping at its many shops and unique boutiques, and a thriving area of nightlife with its endless array of restaurants and nightclubs. Collegiate members will especially enjoy this area but it offers something for everyone!

Adams Morgan is another popular spot with its countless ethnic restaurants and grocery stores, street vendors and colorful festivals. It offers many enjoyable nightspots and a variety of new experiences with dining at reasonable prices. Nearby Dupont Circle is alive with numerous art galleries, outdoor restaurants, elegant Victorian homes and many specialty shops.

Woodley Park is a residential area along Connecticut Avenue with beautiful shaded street and rolling hills. It begins with Rock Creek Park on its southern border and is spread among block after block of restaurants, numerous sidewalk cafes, foreign embassies and art-deco buildings

and specialty shops. It provides the perfect setting for the National Zoo, home of the famous Chinese Pandas. Woodley Park is also the setting for our convention headquarters, The Omni Shoreham Hotel.

The Omni Shoreham is an expansive facility which, in its sixty year history, has served as the site for numerous Inaugural Balls and has housed many notables from all walks of life including foreign dignitaries, Presidents and entertainers. It has a long history of quality service in a stately atmosphere.

Upon entering the hotel, one is immediately impressed with the expansive lobby area. The Garden Court offers a large open gathering spot with cocktail service. Both the east and west corridors provide easy access to either of the elevator banks and meeting wings. Monique, the hotel restaurant, is open for breakfast, lunch and dinner and offers a unique dining atmosphere with its multi-colored marble decor.

With nearly 800 rooms and its extensive meeting space, The Shoreham provides the perfect setting for the convention. Having undergone extensive renovation, the hotel offers exquisite guest rooms, a large outdoor pool, lighted tennis courts, a basketball court, a scenic jogging course through Rock Creek Park and a new health club facility.

The winning combination of Washington and The Omni Shoreham Hotel will make for an historic and enjoyable convention for all Deltasigs and their families and friends. In the Spring, 1991 issue of THE DELTASIG, a complete convention guide will appear. This guide will provide

greater detail on individual convention events, registration fees, hotel room rates and other items of interest for making your convention attendance plans. Until then, mark August 13-18, 1991 on your calendar and plan to be with your fellow Deltasigs in Washington, D.C.

The Chapters Speak

Brothers from Alpha Kappa Chapter at SUNY-Buffalo gather with Honorary initiate John H. Rawley at the Eastern Regional Conference in Montreal, Canada.

(CHAPTERS from page 7)

with AT&T, Ban Roll-On, and Artcarved Rings. Currently, we are working at the Buffalo Bill's games as vendors. We look forward to an outstanding year and building upon the great tradition Alpha Kappa Chapter has.

—Cathy Perencevich

LONG ISLAND—The Long Island Alumni Chapter opened its 1990-1991 year with the annual Chapter Picnic in Eisenhower Park in June. It was well attended with Brothers from Kappa Rho Chapter, Boston, Greater New York/New Jersey and Southern New England Alumni Chapters joining in the fun. Following the success of the picnic, 25 Brothers and guests attended the Mets vs. Cubs game in August at Shea Stadium which was followed by a barbecue at Brother Teresa Capaccio's home.

In October, Several LIAC Brothers treaded to Montreal for the Eastern Regional Conference. Sight-seeing, seminars and building fraternal bonds were the main activities of the weekend.

Also in October the LIAC held its first annual "Dance til you Drop" costume bash at

Brothers Tom and Dell-Ann Benson's home. Over 25 Brothers and guests joined in the fun of palm reading, tarot cards and costume contest. Prizes were awarded to the top three costumes which were a fire hydrant, unicorn and Cleopatra.

November brings around the annual night before Thanksgiving gathering. This year it was held in Bennigans and was extremely well attended.

Additionally, the LIAC is conducting a community service raffle in which we will be donating the proceeds to the Make A Wish Foundation which grants wishes to terminally ill children. First prize is a \$100 gift certificate to the Marriott Hotel.

Upcoming events include a community service bowl-a-thon with the Big Brothers and Big Sisters of Long Island. Winter also brings the possibility of a ski trip and in the spring we will be in Atlantic City.

As you can see, the LIAC is busy keeping up our fraternal bonds. We always encourage any participation from other chapters who wish to join in our fun.

For any further information you can contact Teresa Capaccio at (516) 741-6711 or Donna Smith (516) 742-5195.

MIDEASTERN REGION

HOWARD, IOTA RHO—Iota Rho Chapter at Howard University is making great strides to increase participation as well as chapter efficiency. "New Directions" is a program that has been implemented to achieve these objectives. The program is designed such that each Brother is placed in a group of two or more members and assigned a specific task or objective. The program has been met with favorable comments and responses. Iota Rho Chapter has sponsored a host of professional activities such as a tour of Peat Marwick, a seminar on importing and exporting, and an informational session on Entrepreneurship.

Community service is a realm of the Brotherhood that cannot be overlooked. On September 27, we sponsored a clothing drive on campus and were able to donate three large boxes of clothing to a homeless shelter in the area. Future goals and objectives include the publication of our chapter newsletter "What's IP", a math tutorial program, and a computer literacy seminar. Iota Rho Chapter is striving for the unification of all students by encouraging academics and social activities. Indeed, Iota Rho is headed in not only a "New Direction" but the "Right" direction.

—Karen Carter

JOHNS HOPKINS, CHI—Wow what a recruiting event! On September 21, we sponsored Gloria Johnson, the Deputy Director of Administration at the Baltimore Museum of Art, as a speaker for our prospective members. She spoke about the retail industry, its changes and how she sees its future. She also spoke about the difference between private industry and public non-profit organizations. This event was a huge success and 11 professional business students were recruited into the Chi Chapter pledge class.

All the Brothers of Chi Chapter welcome their new members and look forward to working with them for an even greater spring.

RIDER, BETA XI—Beta Xi Chapter at Rider College was invited to an investment seminar featuring Jack Vander Vliet, Chief Investment Officer of Dean Witter. Hosted by the School of Business Administration, the seminar was by invitation only, so it was truly an honor for our chapter to be invited.

The Brothers have really pulled together in an effort to work together to achieve the goals we have set for ourselves, and with hard work and determination, we will fulfill our goals.

EAST CENTRAL REGION

BOWLING GREEN STATE, THETA PI—The Theta Pi Chapter has been busy this past year with numerous professional, community service and social events. The annual teeter-totter-a-thon was a huge success, with all the Brothers taking time to help reach 72 hours of continuous teeter-tottering. Proceeds from this event were donated to the American Diabetes Association.

The Chapters Speak

This year has started off great with many successful events. Excellent recruiting turned out a pledge class of 30. The first pledge retreat for Theta Pi Chapter was held in October and gave the pledges a chance to get to know each other. Winning the Homecoming Banner Contest at the football game on homecoming day, lifted the Deltasig spirit as we celebrated the day with a cookout and a party honoring all the returning alumni. The wine and cheese party for the Deltasigs and their parents was held on Parent's Day, and everyone had fun competing in games such as Trivial Pursuit. Brothers also assisted many business professionals during Job EXPO 1990.

The upcoming semester is going to be filled with a wide range of activities. Our biggest event being planned is to host a campus-wide comedy show, featuring local comedians, to support the Northwest Ohio Homeless fund. Theta Pi Chapter has also started compiled a faculty profile book. Brothers are planning now for the 38th Grand Chapter Congress in Washington, D.C. by initiating fund raising projects.

—Sara C. Wolak

DAYTON, EPSILON TAU— At our recent initiation, Epsilon Tau Chapter welcomed nineteen enthusiastic members, who are helping us work toward achieving our goal.

Brothers are looking forward to a busy spring semester and are excited about our annual ski trip on the slopes in Snowshoe, West Virginia.

In November, the chapter went on a professional trip to Toronto. The Brothers toured The Harbor Marine and listened to speakers from the Toronto Board of Trade and the Council of Great Lakes Governors. The trip was a great learning experience and was enjoyed by all the Brothers who attended.

—Brigid Vance

DUQUESNE, THETA RHO—We have a lot to be proud of as demonstrated in 1990! Some of the highlights were a successful Area Conference in Pittsburgh in February, and our 20th Anniversary Banquet in September. We should have 19 new Brothers by the end of the year! We began publishing our new newsletter, which we plan to do every semester in the future. Theta Rho Chapter just keeps getting better.

—Laura J. Newberry

KENT STATE, BETA PI— The Beta Pi Chapter began the 1990-91 school year with much enthusiasm. Three of our Brothers attend the Philadelphia Officer Training School this past summer returning with many motivating ideas to help us attain these goals.

We also took part in a Tri-Regional Conference held in Toledo, which turned out to be a great success. Beta Pi Chapter introduced an Adopt-A-Brother program at the conference. The purpose of this program was to increase inter-chapter relations among all Deltasigs. Information is available through Beta Pi Chapter. Also, Beta Pi Chapter was recognized at the conference for their outstanding support to the Leadership Fund, with two Brothers reaching the "1907 Society" level.

October brought about a busy month with such things as another outstanding homecoming float, a Community service Bowl-A-Thon for MDA, and professional activities putting together a "Dress for Success" evening. Also a mock interview program was staged. Beta Pi Chapter's major fund raising projects for the fall semester were the famous coffee sale, which is held daily in the Business College and our Cleveland stadium concession sales. Socially, Beta Pi Chapter hosted a hayride with Brothers visiting from Akron, Theta Kappa Chapter, Ohio State, Nu Chapter, and East Central Regions newest chapter, LaRoche, Mu Xi Chapter. Also, an alumni picnic com-

plete with a football game was a lot of fun, as was our Founders Day Party.

The Beta Pi Chapter would like to welcome it's newest Brothers from the fall 1990 pledge class. Also, we would like to bid a fond farewell to our graduating seniors. Congratulations and good luck in the business world.

—Eddy Chiochetti

OHIO, ALPHA OMICRON— Though the past year, the Alpha Omicron Chapter has been more active than ever. The year to come should also prove to be one of our most exciting and busy ever. We have greatly increased our community involvement in the past few quarters with projects such as a hunger clean-up, volunteer activities at local nursing homes and day care centers, and we are looking forward to an upcoming winter project which involves the renovation of a house for a local homeless family. Professionally, we have grown with the help of our wonderful guest speakers, including many of our own successful alumni. Last spring the chapter enjoyed a trip to New York City with tours of Wall Street, Chase Manhattan Bank, and Price Waterhouse. This coming spring we are planning a trip to Chicago.

Finally, we are in the process of raising an additional \$1,000 this year to refurbish our own office at Ohio University's school of business, and we are very proud of the changes already made by our members.

—Laurie Blackert

OHIO STATE, NU— Greetings to fellow Brothers from Nu Chapter! We are exceedingly proud of the accomplishments we have achieved and are continuing to achieve. Scholastically, we are making the grade with six of our members being chosen for the prestigious Pacesetter award based on leadership potential and scholastic achievement.

Brothers further expanded their personal boundaries through entertaining terminally ill children at Children's Hospital, hosting 14 boys from Buckeye Boys Ranch for a day at the zoo, and raising money at a charity benefit for the homeless.

A trip to Chicago, highlighted by a tour of MCI, an upcoming trip to New York will strengthen our overall business acumen.

A new promotional fund raising project involving Frito Lay's Smartfood popcorn product has not only allowed us to further our community recognition, but increased our supervisory and marketing skills as well. With all of these recent merits, however, no chapter is complete unless it strengthens fraternal ties among fellow chapters. Inherent in this is our desire to travel to surrounding chapters. If you have any open invitations to upcoming events - give us a call!

—Melissa Ekmark

CENTRAL REGION

BELLARMINE, KAPPA PSI— Bellarmine's Kappa Psi Chapter is off to another exciting year. We kicked off the semester with our annual Toga Dance which was a big hit on

Brothers from Theta Upsilon Chapter at Siena College gather during their recent retreat.

The Chapters Speak

campus. Thus far our pledge class has shown great promise and we are looking forward to their initiation into the Brotherhood. Some of our activities this semester have included speakers Ted Steier of the Ohio Company, Patrick Butler of the University of Ulster in Ireland and John Ryan of Junior Achievement. We also toured the plant of Hillerich and Bradsby, where the Louisville Slugger baseball bats are made. Other activities that we have participated in are a local hunger walk, and a Barn Dance with Indiana State's Delta Tau Chapter.

—Willima R. Salsman, Jr

CINCINNATI, ALPHA THETA— The Brothers of Alpha Theta Chapter are off to another great start this year. Some of our executive officers attended the Officer Training School in Chicago and brought back some good ideas for our chapter that we have implemented for the autumn quarter.

Recently, we attended the Central, East Central and Huron Tri-Regional Conference and had a great time. We exchanged ideas with Brothers from the other Regions and attended several good seminars. The best part about the conference was that we had the opportunity to visit with Grand President William Kinsella and the Regional and District Directors from the other regions. We also had plenty of fun in true Delta Sigma Pi fashion. Many thanks to Dave Demaree, Harry Leckemby and Fred Lipsey for all of the work they did to make the conference a success.

Professionally, we sponsored our first speaker who was a lawyer that specializes in white collar crime. We also will be holding a tour of a Japanese owned high-tech manufacturing facility. Some community service events included a visit to a local retirement home and working at a soup kitchen. We also held our Big Brother/Little Brother Bowling Night and annual "Bat Bash" Halloween party.

We wish everyone a successful year and look forward to seeing our Brothers at the Central Regional Conference in February and the Grand Chapter Congress in August.

—Daniel J. Mullinger

EVANSVILLE, IOTA SIGMA— "Catch The Spirit of Brotherhood"! With our nets in hand, ready to catch the spirit, the Iota Sigma Chapter started off the semester by sending five Brothers to the Tri-Regional Conference in Toledo, Ohio. Enthusiasm filled the nets as the Brothers returned to share their wonderful experiences and ideas with the chapter. Funds have already been set up for the Grand Chapter Congress in Washington, D.C. Recruiting turned out to be a great success, attracting nine pledges. Plans for next semester's recruiting have started, and we await new prospectives. What spirit!

To show that business students are not nerds, one of our themes for a party was "Revenge of the Nerds"! We also participated in a barn dance hosted by the Delta Tau Chapter, and a White Castle Run with our Brothers from the Kappa Psi Chapter. For Halloween, we survived a haunted house, and enjoyed conquer-

ing the "Loch Bess" Monster at Professor Bess' annual Halloween bash.

Our fund raising projects consisted of a 2nd Annual President for a Day raffle, sales of homemade "school spirit" sweatshirts, and a leaf-raking event. Beyond fund raising, our chapter also served the community by volunteering in a soup kitchen, collecting can goods, working with young kids, and helping raise funds for the Childrens Psychiatric Center. Our professional events included video tapes and numerous professional speakers.

In trying to "Catch the Spirit of Brotherhood", the Iota Sigma Chapter is reaching hard to become the Most Improved Chapter in the Central Region. We sense a great beginning, and are looking forward to a great end.

—Ha T. Hang

INDIANA-BLOOMINGTON, ALPHA PI— Like every semester, the new officers resumed business of the fraternity at the beginning of the academic year, this time with 19 pledges and a number of innovative ideas concentrating in how to better improve chapter performance. A few of the ideas dealt with an improved attendance policy, fundraising ideas, and more variety in community and professional events.

Because there are so many organizations that look for volunteers, we had quite a selection to choose from for our community service. Our first event dealt with taking part in the set up of the annual Red Cross Book Fair at the College Mall in Bloomington. Other activities consisted of helping with the renova-

tion of the Middle Way House, a rape crisis center, and our Halloween event--volunteering at the "Enchanted Forest", a little festival put on for children in the community.

Aside from community events, we have opted for variety in other areas, such as a tour of the Oliver Winery to witness an actual proprietorship in action, and a pledge class social. Though variety is necessary to keep interest up, there are some things that never change; for instance--trying earnestly to earn some disposable income by running our popcorn machine in the lobby of the business school and the traditional pledge class dance-a-thon.

Alpha Pi Chapter was excited to receive the "Most Improved Chapter" in the nation and would like to thank all the past and present Alpha Pi's. So far, you could say that the Alpha Pi Chapter has been keeping itself very busy. But for any Brother of Delta Sigma Pi, that's nothing new.

—Melissa Davis

INDIANA-INDIANAPOLIS, KAPPA SIGMA— Here we go again! Deltasigs in Indianapolis are off to another flying start. We have heard speakers talking about time management, communication skills and the FBI.

We worked our favorite haunts as community service and Monster Mashed our Halloween party. Kappa Sigma chose quality over quantity by asking only six to pledge fall semester. With all their hard work, you'd think there were a hundred of them!

We sent four Brothers to the Regional Con-

Deltasigs are doing their part to help keep our communities across the nation clean and litter free.

The Chapters Speak

Brothers from Epsilon Tau Chapter at the University of Dayton enjoy themselves at their welcome back canoe trip.

ference in Toledo, and we are looking forward to Grand Chapter Congress. Hope to see you all there!

—Kelly J. Eibs

INDIANA STATE, DELTA TAU— The Delta Tau Chapter at Indiana State University sends greetings to all of our Brothers. We have 12 outstanding pledges and things are looking up for our chapter. The thing that we are most excited about is the Area Conference that will be held at our university in the upcoming semester. This conference will be taking place on February 22 and 23 at our new student union building.

Friday night during the conference we are planning to have a Beach Party. Bring your surfboards and plan on having some fun! The conference will begin on Saturday at 8:30 A.M. and end at 4:30 P.M. The day will consist of four seminars with awards to be given at the end of the day. The awards are spirit awards that will be given to each chapter with at least 10 members present, the chapter with the most members present, and the chapter who traveled the furthest.

The Delta Tau Chapter would like to see as many Brothers in attendance as possible. Please do not hesitate to contact our chapter with any questions you might have. Chapters outside of our area are more than welcome to attend.

PURDUE, KAPPA OMEGA— The Kappa Omega Chapter at Purdue University started the 1990-1991 school year fresh! With a successful recruiting program, our new Omicron pledge class was selected earlier this fall. Many of our Brothers attended the Tri-Regional Conference held at Toledo, Ohio in September, and brought new ideas and posi-

tive aspects to our chapter.

Our professional activities have included distinguished speakers from Purdue University as well as executives from Mobil Oil and United Telecommunications. Also planned is a trip to Bethlehem Steel in Burns Harbor, Indiana. Other successful and enjoyable events include our Sweater and Beer Sign sales, Gold Tournament, and community service project where Brothers worked together to clean up the Mental Health Center in Lafayette. Our most recent social event was our annual Homecoming Party and Tailgate. Alumni from all around the region attended and had the opportunity to meet new Brothers. Both events had great turnouts.

—Neelam V. Patel

HURON REGION

FERRIS STATE, DELTA RHO— Three members of the Delta Rho Chapter take their racquetball as seriously as they do Delta Sigma Pi. In fact, this past spring these three Deltas played in the World Inter-collegiate Racquetball Championships for Ferris State. They brought four silver, one bronze and catapulted Ferris's Mens' team to a second place finish.

On top of their excellent racquetball performance, last term they combined for a 3.5 GPA and helped the Delta Rho Chapter earn The Most Improved Chapter Award in the Huron Region. Delta Rho Chapter is proud of its members and is looking forward to a growing and successful year.

—James D. Floyd

GRAND VALLEY STATE, LAMBDA XI— In December, we initiated 12 new members into Lambda Xi Chapter. As our chapter will

graduate many, we are looking to instill the beliefs and ideals of Delta Sigma Pi in them as they will be an integral part of our chapter next year.

Earlier this fall, we had the pleasure of having C. Dean Ferguson at one of our meetings. Currently, we are implementing many of his suggestions to improve participation as well as the quality of our recruiting and fund raising projects.

Lambda Xi Chapter visited St. Johns Children's Home for emotionally-abused children. We played board games, basketball, and softball. The children and the Brothers had a great time.

Professionally, we toured Amway Corporation, and a speaker from IBM gave a talk on the interviewing process. Our two main fund raising projects this year are selling T-shirts and reusable handwarmers.

—Stacie L. Schneider

WAYNE STATE-DETROIT, GAMMA THETA

This past semester provided many highlights for the Gamma Theta Chapter. The main event was the Tri-Regional Conference held in Toledo, Ohio. We were presented with the Outstanding Chapter Award for the Huron Region. It was not only an educational week end, especially for many of the newer Brothers that attended, but a fun time as well.

Our mascot, the Greek Guy, was "kidnapped" by a fellow chapter in a well executed prank. The Greek Guy is the creation of an imaginative alumni Brother and has been used as a successful fund raising project in the form of lapel pins and tee shirts. Both were profitable items sold at the Conference.

The chapter also won a pearl and ruby badge through the purchase of a raffle ticket at the Conference. We presented it to the Epsilon Omicron Chapter at Western Michigan University as a token of Brotherhood at their reactivation ceremony.

For the second year in a row, Gamma Theta Chapter was victorious at Tartarfest, our school spirit week for homecoming. Brothers competed in a variety of events against general fraternities, sororities and various other organizations.

We are looking forward to another eventful and successful semester this year with a repeat of the outstanding professional program and active community involvement.

—Judith A. Lukas

VALPARAISO, KAPPA PHI— Kappa Phi Chapter at Valparaiso University has been involved with various activities already this year, including campus clean-up and a trip to Second City in Chicago. The College of Business Administration, along with Delta Sigma Pi, hosted a game luncheon during Homecoming weekend for the faculty, alumni and students in the College of Business Administration.

This fall, 16 prospective members were admitted into the pledge class. These future Deltas exhibit the enthusiasm and determination that is essential in order to achieve our chapters goals.

—Jennifer M. Vlahovich

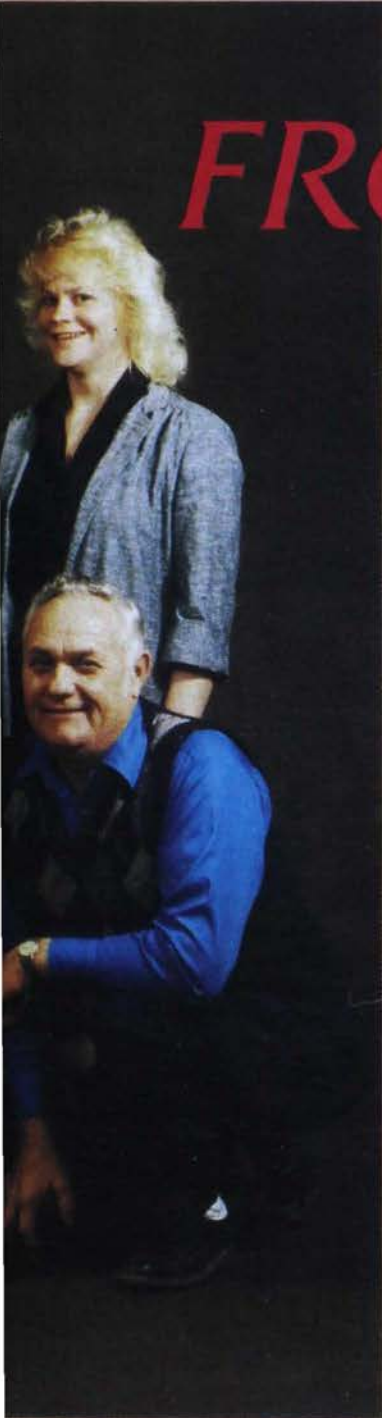

SERVING YOU...

Your Central Office Staff (l. to r., top to bottom): Donna Amhrein, Hilda Krueger, Cyndy Dykes, Dan Doyle, Beverly Norris, Mike Mazur, Janet Morgan, Scott Kortendick, Lynnette Servaes, Dana Moore, Cathee Heinrich, Dean Ferguson and Winford Combs

*Introducing Your Staff
at The Central Office*

FROM OXFORD

Situated adjacent to the Miami campus, the building of The Central Office was completed in 1956, and since that time Delta Sigma Pi has grown from 94 chapters to 225 chapters. This dramatic increase in the size of our fraternity has led to many changes at The Central Office in an effort to keep pace with the level of service that our membership has come to expect. Delta Sigma Pi has dedicated itself to offering the best Central Office operation in the fraternity world. Its hiring of a full time Executive Director, Director of Administrative Services, Director of Alumni Development, Director of Chapter Services, two Chapter Consultants and seven full time administrative staff persons back up that commitment. The Central Office has grown to include 13 full time employees and one of the most attractive national fraternity headquarters building in the world. Delta Sigma Pi remains a progressive and dynamic fraternity whose attributes are reflected in the national headquarters, The Central Office.

The Central Office of Delta Sigma Pi is located in the small college town of Oxford, Ohio, roughly 35 miles northwest of Cincinnati in southwestern Ohio. The area surrounding The Central Office is primarily rural, but the town itself serves as the home of Miami University.

It has been a little more than four years since we last presented The Central Office staff to you in The DELTA-SIG Magazine, so we wanted to reintroduce you to many of the people who work at your fraternity's headquarters. There have been several personnel changes and changes in responsibilities in the staff at The Central Office, so this introduction should bring you up to date about the people who work for you.

Since the doors of The Central Office opened in Oxford on September 1, 1956, many men and women have

dedicated part or all of their careers to the service of Delta Sigma Pi at The Central Office. For some, working at The Central Office has been just the start of a career that has taken them to other parts of the country. For these people, working at The Central Office may have just been a one or two year stop in their lives filled with unforgettable memories about working for our fraternity. For others, Oxford has become a permanent home, even after leaving the employment of the fraternity at The Central Office. Still for others, working at The Central Office has served to provide the opportunity, over several years of employment, to develop a professional foundation which has continued elsewhere in the business world. In all cases, working for the national headquarters of Delta Sigma Pi has provided the past and present employees of The Central Office with

many exciting, challenging, rewarding, and sometimes frustrating moments which cannot be experienced in any other line of work.

The members of The Central Office staff are employees of the fraternity. National officers of the fraternity including members of the Board of Directors and District Directors, are employed in diverse occupations throughout the country and devote their volunteer time to perform work for Delta Sigma Pi.

Now, let's meet the members of The Central Office staff in Oxford...

Executive Director Michael J. Mazur, Jr., is the chief operating officer of the fraternity and is responsible for the operations of The Central Office and for the administration of the national programs of our fraternity. His duties are widely diverse and include personnel, convention and meeting planning,

Then...

financial administration and public relations. In addition, he is the editor of The DELTASIG Magazine and other official publications of the national fraternity. He represents the fraternity in several fraternal and professional organizations including the American Assembly of Collegiate Schools of Business, the College Fraternity Editors Association and the American Society of Association Executives. He is also the fraternity's emissary to the Professional Fraternity Association. Mike is an initiate of Kappa Chapter at Georgia State University and prior to joining the staff in June, 1981, was employed as an accountant and auditor for several companies in the southeast. He served Delta Sigma Pi as a District Director, Southeastern Regional Director and as a member of the National Executive Committee and the Board of Directors before moving to Oxford. Mike resides

near Oxford, Ohio.

Director of Administrative Services Robby L. Hultz, manages the day to day operations of many of the administrative functions of The Central Office staff including chapter accounting, secretarial services, purchasing and maintenance.

Robby is a 1983 initiate of Iota Nu Chapter at Northeast Missouri State University in Kirksville, Missouri, and served the chapter as Vice President for Pledge Education. He joined the staff of The Central Office in 1987 as a Chapter Consultant, a position which he held until 1989. He rejoined the staff in 1990 in the newly created permanent position of Director of Administrative Services. Robby and his wife Beth (Gamma Zeta Chapter-Memphis State), are residents of Oxford, Ohio.

C. Dean Ferguson serves Delta Sigma Pi as Director of Chapter Services and is

responsible for the administration of a host of service programs for collegiate chapters and individual members. He supervises the Chapter Consultant program, the Chapter Efficiency Index and administers the awards program. Dean works closely with groups pursuing a chapter charter in order to coordinate all expansion or reactivation efforts.

Dean's fraternal activities have been extensive since his initiation as a member of Kappa Chapter at Georgia State University in December of 1977. He served his chapter as Secretary, Vice President for Pledge Education and was his chapter's candidate for Collegian of the Year 1979. After receiving his Bachelor of Business Administration degree in 1979, he joined Carolina Freight Carriers Corporation in Charlotte, North Carolina, as a management trainee. He returned to Georgia State University and received a Masters of

and now

Business Administration degree in June, 1982. During this period, until his relocation in Oxford, Dean was employed as a customer service representative for Sears Roebuck and Company. Dean, who joined the staff of The Central Office in June, 1984, is a resident of Oxford, Ohio.

Director of Alumni Development Daniel S. Doyle manages the development and fund raising responsibilities of our charitable affiliate the Delta Sigma Pi Leadership Fund, in addition to serving as the chief alumni relations staff member for our fraternity and the managing editor of The DELTASIG Magazine. Dan is responsible for coordinating alumni chapter activities and alumni benefits, in addition to the detail operations of developing and assembling The DELTASIG Magazine.

Dan is a 1985 initiate of Lambda Mu Chapter at the University of the Pacific in Stockton, California, and served the chapter as President, Senior Vice President and Secretary. He joined the staff of The Central Office in June of 1988, in the newly created position of Director of Development, and was named to the newly re-structured position of Director of Alumni Development in January of 1990.

A native of Santa Cruz, California, Dan is a resident of Cincinnati, Ohio.

Beginning her second semester as Chapter Consultant and is a 1989 graduate of the College of Business Administration at California State University, Sacramento. Lynnette, an alumnus of Epsilon Phi Chapter, majored in marketing and finance with a

minor in economics. A recipient of the Ben H. Wolfenberger Scholarship from the Delta Sigma Pi Educational Foundation in 1989, Lynnette was also a founding member of Sigma Tau Alpha Service Sorority. While a collegiate member of Delta Sigma Pi, Lynnette held the offices of President, Senior Vice President, and Secretary. She also attended the 37th Grand Chapter Congress in St. Louis, Missouri.

Originally from Sacramento, California, Lynnette now resides in Oxford, Ohio. She has already visited with many chapters, and has been instructor

Scott received his Bachelor of Science Degree in August of 1989, with a major in business administration and a minor in accounting. Scott will be spending the next two years traveling among our chapters providing counseling and advisory services.

The staff described to you to this point are the executive staff members of The Central Office. These staff members could accomplish nothing without the dedicated support of the administrative staff members.

In her 25th year of service to Delta Sigma Pi is Beverly J. Norris. Her

major responsibility is to serve as Executive Director Michael J. Mazur's administrative assistant. Beverly processes all faculty and honorary initiate applications as well as all student loan information. She prepares several reports for the staff members and the Board of Directors and also handles general correspondence.

Joan Howe began part-time employ-

ment in 1981, and in 1982 became a full time employee of Delta Sigma Pi. Joan is the Chapter Efficiency Index (CEI) coordinator for Delta Sigma Pi and processes all CEI requests and reports. In addition, she spends extensive time communicating with chapter officers regarding their individual CEI performances.

In 1986, Hilda J. Krueger joined the staff as secretary. Since that time she has also been responsible for the regalia system, including regalia reservation. In 1990, additional responsibilities were added to serve as assistant to the Managing Editor of The DELTASIG

The Central Office has grown
to include 13 full time employees
and one of the most attractive
national fraternity headquarters
buildings in the world

at the 1990 Officer Training Schools this summer.

R. Scott Kortendick, an alumnus of Eta Rho Chapter at the University of Wisconsin, La Crosse, is in his first year as Chapter Consultant. Joining the staff of The Central Office in June, 1990, Scott was featured in the summer issue of The DELTASIG. Scott served his chapter as President, Senior Vice President, Vice President for Pledge Education, Ritual Chairman and Deltasig Correspondent. In addition, he attended the 36th Grand Chapter Congress in New Orleans, Louisiana, as Eta Rho Chapter's official delegate.

processing of the Delta Sigma Pi Scholarship Key requests and in the preparation of some correspondence and reports.

Donna K. Amrhein joined the staff in June of 1986 as a secretary. In 1989, she was promoted to bookkeeper for Delta Sigma Pi. She now handles all financial record keeping functions and prepares many reports for both internal and governmental needs.

Cyndy J. Dykes, who also joined the staff in 1986, as a part-time employee, serves as the computer system operator and is also responsible for membership records. She processes in excess of 4,000 new members and greater than 30,000 address changes each year. In addition, she generates the dues printouts and fills general membership labels and printout requests.

Joining The Central Office staff in December of 1989, as a secretary, is

Janet L. Morgan. Currently, Janet serves Delta Sigma Pi as the secretarial assistant to the chapter services area. She prepares all reports for the Chapter Consultants and assists them with their general typing and research.

Dana M. Moore, who joined the staff in February of 1990, is the lead receptionist for The Central Office and also serves as one of the general secretaries for our staff. Dana is also responsible for preparing membership certificates.

Joining our staff in September, 1990, is Cathee M. Heinrich. Cathee is the mail and order clerk for The Central Office, coordinating all incoming and outgoing mail in addition to all supply and jewelry orders.

Our newest staff member, as of November, 1990, is Cynthia Stromgren. Cindy is the Administrative Assistant to the Director of Development, and assists with our fund raising efforts

through the Leadership Fund.

As with any other office facility, The Central Office requires regular maintenance. Since 1968, Winford Combs has served as building custodian for The Central Office. Winford is a part-time employee who is also employed on a part-time basis for the general headquarters of Phi Delta Theta Fraternity.

We have now introduced or, in many cases, re-introduced you to members of The Central Office staff in Oxford. The people you have just met through this article help make our fraternity operate and progress. They operate within the guidelines and policies established by our volunteer national officers and are in Oxford to offer you the best service possible.

Your staff at The Central Office is proud to work for our fraternity and encourage you to visit when you are in the area.

Services from The Central Office...

Maintains all fraternity membership records

Publishes The DELTASIG magazine

Serves as the custodian of all fraternity archives

Issues certificates and cards of membership

Arranges and coordinates the Grand Chapter Congress

Distributes the Delta Sigma Pi Scholarship Key

Coordinates Scholarship Grants for Deltasigs

Carries on the expansion program of the Fraternity

Publishes a comprehensive alumni directory

Coordinates and maintains an alumni benefits program

Not available for group photo: Joan Howe, Robby Hultz, and Cindy Stromgren

Year in Review

Beginning with the Grand Chapter Congress in St. Louis and concluding with the Officer Training Schools and 16 Regional Conferences, Delta Sigma Pi enjoyed a good year in 1989-90.

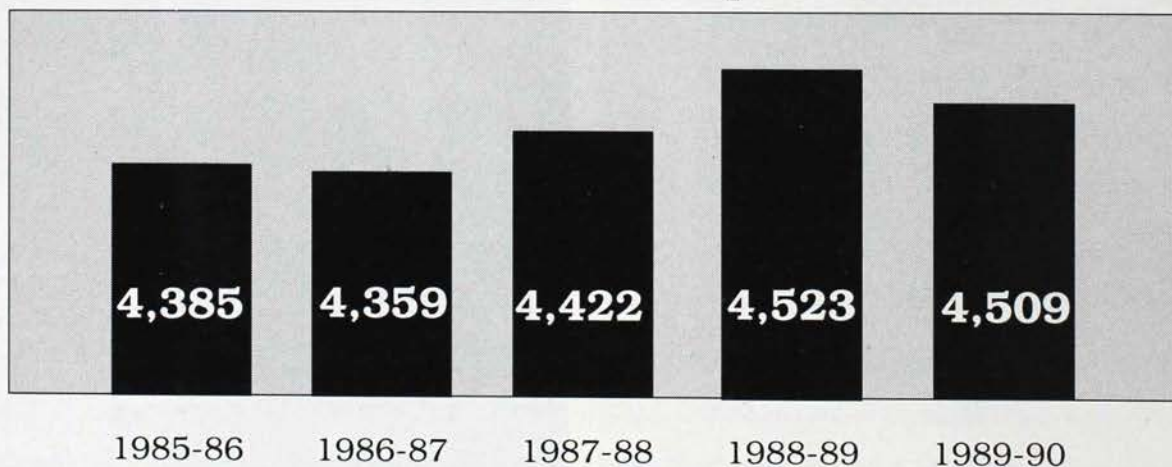

During 1989-90, Delta Sigma Pi:

Maintained operations at 169 collegiate chapters and over 50 alumni chapters.

Initiated 4,509 new members including 113 new Faculty Members and 17 Honorary members.

Received over \$100,000 in contributions to the Leadership Fund from over 2,500 Brothers, friends and corporations.

Five Year Membership Growth

Achievements

Provided consultation support from The Central Office to 122 collegiate chapters representing visits to 71% of the active collegiate chapters.

Maintained a staff of professionals at The Central Office to administer and develop national fraternity operations and programs.

Extended the Delta Sigma Pi family with the installation of new collegiate chapters at LaRoche College (Mu Xi), and the University of Houston-Victoria (Mu Omicron).

Witnessed the circulation of The DELTASIG Magazine increase to over 34,000 per issue.

Recognized 21 collegiate chapters that earned Honor Roll status in the Chapter Efficiency Index and 68 collegiate chapters that achieved Honorable Mention status.

Offered a comprehensive alumni benefit package coordinated through The Central Office.

Susan M. Musiedlak Royal, *Marquette*, recently joined Security Pacific National Bank as a Trust Administrator, in their Costa Mesa California office.

HUGHES NAMED CHIEF EXECUTIVE OFFICER

Thomas E. Hughes, *Maryland*, has been named Chief Executive Officer of Orthopaedic Surgeons, Inc. (OSI). OSI is a nine-physician orthopaedic specialty practice housed at Crystal Clinic in Akron, Ohio. Hughes has been with Orthopaedic Surgeons, Inc. since 1987, serving as practice administrator. He holds an MBA from Kent State University and a BSBA from the University of Maryland.

In addition to his new position at OSI, Hughes will continue to manage the Crystal Clinic, a musculoskeletal center specializing in the diagnosis and treatment of conditions of the bones, joints, muscles and related structures.

Keith B. Weaver, *Maryland*, has been promoted to Senior Underwriter with Blue Cross Blue Shield of Maryland in Owings Mills, Maryland.

Shaun Renee Adams, *Northeast Missouri State*, has accepted a new position as Audit Assistant to the Missouri State Auditor's Office in Jefferson City, Missouri.

JASPAR WINS EXCELLENCE IN EDUCATION AWARD

Harold W. Jasper, *Miami-Ohio*, professor of accountancy, was the recipient of the 1990 Outstanding Ohio Accounting Educator Award. This award, sponsored by the Ohio Society of Certified Public Accountants (OSCPA) and the Ohio Region of the American Accounting Association (ORAAA) was presented in recognition of Jasper's outstanding contributions to accounting education and the accounting profession.

According to the ORAAA/OSCPA, he has an exemplary record as a teacher, is a caring student adviser and an active developer and instructor of university and continuing education courses.

Jasper earned his bachelor's and master's degrees in accounting from Miami-Ohio in 1952 and 1954, respectively, and has been associated with the university for the past 34 years.

He is president and chairman of the McCullough-Hyde Hospital Board of Trustees. In 1987 he was named Citizen of the Year for his volunteer service to Oxford.

Jasper has served as advisor to many student organizations. Currently he is the faculty representative to the National Collegiate Athletic Association, the Mid-Atlantic Conference and the Central Collegiate Hockey Association.

Debra Lynne Bain, *Northeast Missouri State*, has accepted a new position as Management Analyst with the Federal Reserve Bank of Kansas City in Kansas City, Missouri.

Donna Marie Betz, *Northeast Missouri State*, has accepted a new position with the certified public accountants of McGladrey & Pullen

Pamela L. Echternacht, *Northeast Missouri State*, has accepted a new position as Manager Trainee-Department Manager with The Jones Store Company in Kansas City, Missouri.

Kelly Ann Wilson, *Northeast Missouri State*, has accepted a new position as Assistant Accountant-Auditing Department with the CPA Firm of KPMG Peat Marwick in Saint Louis, Missouri.

NORTHEAST MISSOURI STATE DEDICATES McCLAIN HALL

Charles J. McClain, *Northeast Missouri State*, former university president, was honored August 10, 1990, when the Administration Humanities Building was renamed McClain Hall. Northeast's Board of Governors decided, unanimously, to name the building after McClain in recognition of his 19 years of leadership and service to the University.

Several hundred people attended the ceremonies which included an address by McClain and the unveiling of the namestone.

Taking Note

Patricia Ann Zahner, *Northeast Missouri State*, has accepted a new position as a Sales Merchandiser with Geo. A. Hormel & Company in Austin, Minnesota.

Michael R. Mallonee, *Oklahoma*, was recently honored with a Certificate of Recognition from the National Society of Fund Raising Executives for his outstanding volunteerism and service to the Delta Sigma Pi Leadership Fund. Mike currently serves as the Chairman of the Board of Trustees for the Leadership Fund, and is an Associate Vice President-Investments for Dean Witter Reynolds, Inc., in Oklahoma City, Oklahoma.

John G. Roveda, *San Francisco*, has passed the California Bar Exam and was sworn in as a counselor and attorney at law on June 12, 1990. Roveda is President, C.E.O. and Director of United Beverage, Inc. He is also Managing General Partner of ALCO United Investment Company, and a founder and director of Charlie Systems Inc. (a computer software development company).

Christine M. Marshall, *Southern California*, has been promoted to Manager for the Bank of America in Pasadena, California.

James Patrick Meehan, *SUNY-Binghamton*, has accepted a new position as Staff Accountant with Deloitte and Touche in New York, New York.

John C. Magnuson, *Washburn*, has accepted a new position as Finance Director of the City of Ottumwa, Iowa.

Nancy Bacho Kenny, *West Liberty State*, has relocated to Fort Wayne, Indiana. She is currently teaching computer courses at Indiana University/Purdue University and St. Francis College as well as operating her business, Affordable Computers & Training (ACT).

Cory P. Erickson, *Wisconsin-Madison*, has accepted a new position as Recruiting Manager for Lake Shore Inc. in Iron Mountain, Michigan.

S. Truett Cathy, *Georgia College*, was recently named Atlanta's Most Respected CEO by *Business Atlanta*, an area business magazine. Cathy was one of 127 nominated CEO's, from 1,500 ballots received by the magazine.

Cathy, the founder and CEO of the Atlanta based Chick-fil-A, a fast food chain which now has some 400 restaurants nationwide and many more in the planning stage, has amassed enviable accolades and awards for his business leadership, community service and philanthropy. This recent honor recognized Cathy for his vision, leadership, people skills and high personal standards.

An honorary initiate of Iota Mu Chapter at Georgia College, Cathy is also the author of the best selling book "It's Easier to Succeed than to Fail" (Oliver- Nelson publishers), which is available at major bookstores nationwide.

IT'S EASIER TO SUCCEED THAN TO FAIL

Scholarships

The Delta Sigma Pi Educational Foundation, through your generous support of the 1990-91 Annual Campaign of the Delta Sigma Pi Leadership Fund, announces that applications for the following scholarships are now being accepted:

Undergraduate Study Grants for Deltasigs

One-time grants of \$500.00 for undergraduate study in the field of business are available to undergraduate Deltasigs in their freshman, sophomore, junior or senior year. An applicant must be an undergraduate Brother of the fraternity in good standing with at least one semester or quarter of college remaining. Grants are based on fraternity service, scholarship and demonstrated financial need.

Graduate Study Grants for Deltasigs

One-time grants of \$1,500 for graduate study are available to Deltasigs who have completed at least 75% of the undergraduate requirements for graduation. An applicant must be an undergraduate Brother of the fraternity who has been a member for at least one year, or an alumni Brother in good standing. Applications are sent to all collegiate and alumni chapters, and Deans of Schools of Business.
