**PETITION TO THE INTERNATIONAL FRATERNITY
OF DELTA SIGMA PI**

SUBMITTED BY IOTA LAMBDA RHO FRATERNITY

TO THE FELLOWSHIP OF DELTA SIGMA PI
INTERNATIONAL FRATERNITY

Resolved:

That the Iota Lambda Rho Fraternity is hereby petitioned to be admitted to membership in the International Fraternity of Delta Sigma Pi, in the company of Iota Lambda Rho Fraternity, Inc.

Iota Lambda Rho was formed as a result of a merger of students with Delta Sigma Pi Professional Fraternity. The present constitution and bylaws were adopted in 1968. The Iota Lambda Rho Fraternity is proud of its heritage, the traditions and customs of the International Fraternity of Delta Sigma Pi, and wishes to carry on the traditions and customs.

**PETITION TO THE INTERNATIONAL FRATERNITY
OF DELTA SIGMA PI**

SUBMITTED BY IOTA LAMBDA RHO FRATERNITY

TO THE BOARD OF DIRECTORS OF THE INTERNATIONAL
FRATERNITY OF DELTA SIGMA PI

Gentlemen:

We, the undersigned brothers and sisters of Iota Lambda Rho Fraternity hereby earnestly petition for a charter to establish a chapter of the International Fraternity of Delta Sigma Pi on the campus of Indiana-Purdue University at Fort Wayne, Indiana.

Iota Lambda Rho was formed exclusively for the purpose of affiliation with Delta Sigma Pi Professional Fraternity. The present aims, purposes, and requirements reflected in our Constitution and Bylaws were patterned after and are commensurate with the same high ideals of Delta Sigma Pi. In pursuit of this affiliation, the brothers and sisters of Iota Lambda Rho pledge to uphold the rules and regulations as set forth in the Constitution and Bylaws of the International Fraternity of Delta Sigma Pi, and further to carry out its traditions and programs.

Dear Sirs:

I have the pleasure to inform you that the Board of Directors of the University of California has approved the recommendation of the Faculty Senate regarding the appointment of [Name] to the position of [Title] at the University of California, Berkeley.

LETTERS OF RECOMMENDATION

[Name] has been a member of the Faculty of the University of California, Berkeley, since [Year]. During this period, he has distinguished himself by his exceptional scholarship, his high caliber of teaching, and his active participation in the University's public service activities. His research in the field of [Field] has been of national and international significance. He has published numerous articles in leading journals and has co-authored several books. His leadership in the [Department/Institution] has been exemplary, and his commitment to the University's mission is evident in all that he does.

I am confident that [Name] will continue to make significant contributions to the University of California and to the field of [Field]. His appointment to the position of [Title] is a well-deserved recognition of his achievements and his potential for future success.

The Grand Council
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Dear Council:

Indiana University-Purdue University at Fort Wayne has for some time been in need of a professional organization to tie together the Business and Economics Department of Indiana University and the Supervision Department of Purdue University.

Iota Lambda Rho has organized to achieve this end and has developed a program which I fully believe is consistent with the goals and objectives with the International Business Fraternity, Delta Sigma Pi.

The students through this organization are attempting to attain better understanding not only between the students and faculty, but between the two universities. The fraternity attempts to provide students with a greater understanding of their fields of interests by having speakers and tours of businesses and industries in the surrounding area to accomplish this worthwhile end.

On behalf of the administration of Indiana University-Purdue University at Fort Wayne, I highly recommend that these young men and women be chartered by the International Fraternity of Delta Sigma Pi.

Sincerely,

Donald Schwartz
Chancellor

Councillors:

The Division of Business and Economics would be very pleased and highly honored to be granted a sponsorship of Iota Lambda Rho Fraternity, Chapter of the International Fraternity of Delta Sigma Pi. The objectives of the fraternity appear to be consistent with the Division's philosophy relative to student relevancy and professional identification.

I am completely confident that this Division possesses an abundant number of students who are dedicated to the leadership roles necessary to insure a meaningful and dynamic fulfillment of the objectives of your institution. Faculty encouragement and assistance will further guarantee the viability of the organization and your favorable review of the application is encouraged.

Sincerely yours,

D. A. Stonebarger, Ph.D.

The Grand Council
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Councillors:

It gives me great personal pleasure to recommend our Iota Lambda Rho Fraternity for your consideration as a member chapter of the International Fraternity of Delta Sigma Pi.

I have been personally involved with Iota Lambda Rho from its very beginning, yea even to that time 2 1/2 years ago when the fraternity seed was first planted here by your Mr. David Rose. From my experiences during this period of close contact with the fraternity, I conclude that the ILR's are an outstanding group of students and fine young citizens who are worthy of recognition and acceptance into the International Fraternity of Delta Sigma Pi.

During this past summer as well as in the current term, their progress as a fraternity indicates that they have very capable leadership and I see no reason why this will not prevail into the future. Further, they have planned for and carried out to fulfillment several programs for professional enlightenment.

I am confident that Iota Lambda Rho will be a credit to the International Fraternity of Delta Sigma Pi, Indiana University-Purdue University at Fort Wayne, and themselves. I strongly recommend acceptance of their petition for membership and chartering of the local chapter.

Sincerely yours,

Dr. James M. Berry, Chairman
Department of Management and
Faculty Advisor to Iota Lambda Rho

The Grand Council
International Fraternity
330 South Campus Avenue
Oxford, Ohio 45056

Gentlemen:

It is my pleasure to recommend that the members of Iota Lambda Rho be granted a charter by the National Delta Sigma Pi Professional Business Fraternity.

Since the organization of this chapter, the members have been active in planning and providing a program of professional business speakers, field trips, and social activities for all students in the business department. This has provided further development and a closer bond among the fraternity's members, the business department, and area industrial and business firms. In organizing this fraternity they have been able to utilize their knowledge from business courses and job experiences; and they will continue to utilize this in the years ahead. They also work together with some of the other campus organizations to provide a closer and stronger relationship among all students.

It would be an honor to have Iota Lambda Rho among the other organizations here on campus.

Cordially,

John P. Ulmer
Dean of Student Services

November 2, 1976

The Grand Council
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Dear Council Members,

The members of Iota Lambda Rho have become quite active on campus, especially this fall semester. They began organizing last spring semester and had Mike Eikenberry from Fort Wayne National Bank as their first quest speaker; they also toured International Harvester, thus meeting some of the goals and objectives of Delta Sigma Pi.

During fall semester they have become more well known both on campus and in the community. Mr. Dale Ferrier, President of Indiana Wire Die Company was their first guest speaker and was quite impressive. Other speakers included Joan Uebelhoer, County Auditor, and Bill Whitten, broker. Their tours included General Telephone Company in August, Peter Eckrich business offices in September; and Chicago Federal Reserve Board of Trade, and First National Bank in October. The representatives of Peter Eckrich were quite impressed with these young men and women and have invited them to return.

The fraternity members are also becoming active with other organizations on campus for greater unity and promotion of social activities. They are currently sponsoring, along with the other Greek fraternities and sororities, a formal dance on October 29. They are also planning to participate in the annual Penny Carnival to raise money for our Day Care Center. We are hoping this will alleviate apathy on campus and involve the students in the many activities provided.

I would highly recommend that the members of Iota Lambda Pho become charter members of the national business fraternity, Delta Sigma Pi.

Sincerely,

Robert S. Barkhaus, Ph.D.
Director of Career Development
and Placement

November 7, 1976

The Board of Directors
International Fraternity of Delta Sigma Pi
330 South Campus Avenue
Oxford, Ohio 45056

Gentleman:

It is my pleasure to recommend that the members of Iota Lambda Rho Fraternity be granted a charter by the International Fraternity of Delta Sigma Pi.

The members of Iota Lambda Rho have worked hard to meet the requirements for a Chapter Charter. Tremendous progress has been made since our organizational meeting February 3, 1976. Our first professional speaker was Mike Eickenberry, Vice President of Fort Wayne National Bank, who was a Delta Sig at Ball State. Professional tours included International Harvester, General Telephone, and the Eckrich Corporate Offices. Tradition in May began with our first annual Senior Party. Fall rush was kicked off with Dale Ferrier, President, Indiana Wire Die, as our professional speaker. These are just a few of the accomplishments of Iota Lambda Rho. I am very proud of the members of Iota Lambda Rho and the enthusiasm they have shown.

It would be an honor to have Iota Lambda Rho accepted as a chapter of Delta Sigma Pi.

Sincerely yours,

David M. Rose

David M. Rose

Fort Wayne, Indiana

History

Fort Wayne began as a remote trading outpost established by the French at the headwaters of the Miami River in 1686. From that time on, it has had an interesting, if not turbulent history.

After being under the rule of France and England, President George Washington and Congress of the United States authorized the permanent fortification at the headwaters of the Miami and appointed Major General "Mad" Anthony Wayne to command it in 1792.

The military garrison did not begin to become a town until about 1819, three years after Indiana attained statehood. Once it began however, growth came rapidly. The Wabash-Erie canal, the longest canal in the United States, was started in Fort Wayne in 1832.

Fort Wayne has a rather special folk-hero by the name of John Chapman. This eccentric man covered the countryside with appleseeds. When he died, "Johnny Appleseed" was buried in Fort Wayne.

After the desperadoes, the Indians and the folk heroes emerged the city of Fort Wayne. It's commercial and folk history are diverse. Among the industries in Fort Wayne are names such as International Harvester — the largest producer of heavy-duty trucks in the United States; The Magnavox Co.; General Electric; and Lincoln National Life Insurance Co. — the tenth largest life insurance company in the U.S.

Between the rich heritage of Fort Wayne and it's people is a community with a warmth rarely found in a city with over two hundred thousand people.

INDIANA UNIVERSITY – PURDUE UNIVERSITY AT FORT WAYNE

After operating as separate institutions until 1944, the two institutions, Fort Wayne Junior College and Fort Wayne University, moved to the Fort Wayne campus at the intersection of Highway 50 and Indiana Road 22. The new administration showed that the two institutions had a lot of things in common.

Indiana Junior College offering courses in Fort Wayne in 1944 and Purdue began with industrial training courses immediately afterwards. Even before the advent of the present campus, Purdue offered two-year associate degree programs. It later offered bachelor's degree opportunities in its downtown facility. Division of General and Technical Studies. It was a two-year program, but extending elsewhere, which made it possible for a student to start work toward a degree with work completed on another campus of Indiana or Purdue.

Indiana Division of Fort Wayne operated as a college until Dr. Donald Schwartz. The faculty, staff and students were given the opportunity to help in the planning of a new college of administration. **HISTORY** of educational activities on the campus.

During 1952, the first building, Ketcher Hall, was built by three new structures: Hall Hall, which is made up of classrooms, offices and laboratories, a Library-Business Resource Center, and a Student Union, which provides general and meeting facilities.

The Indiana and Purdue campuses in the 1950s were a part of the history of the campus which included the 1950s, 1960s, 1970s, 1980s, and 1990s. Purdue has campuses at Lebanon, Ellettsville and Westfield. Fort Wayne University at Indiana University-Purdue University, Fort Wayne, Indiana. Fort Wayne University, Indiana University, Fort Wayne, Indiana. Fort Wayne, Indiana.

Indiana and Purdue were merged in 1969, and professional schools were set up and approved by the State Council, Department of Higher Education, Indiana.

The administrative structure and faculty changes at the Fort Wayne campus have been approved by the present campus and by the State Council, Department of Higher Education, Indiana.

After operating in separate facilities which, coincidentally , were side-by-side in downtown Fort Wayne, Indiana and Purdue Universities joined forces in 1964 on the Fort Wayne campus at the junction of U.S. Highway 30 and Indiana Road 37. The two universities share not only the same physical facilities but many of the same courses.

Indiana began offering courses in Fort Wayne in 1917, and Purdue began with industrial training courses immediately afterwards. Even before the move to the present campus, Purdue offered two-year associate degree programs. Indiana also provides associate degree opportunities in its downtown facility, Division of General and Technical Studies. In addition to full degree programs, both universities offer courses which make it possible for a student to start work toward a degree which would be completed on another campus of Indiana or Purdue.

Indiana-Purdue at Fort Wayne operates under a single Chancellor, Dr. Donald Schwartz. The faculty, staff and student body now have an opportunity to help in the planning of further unification of administrative, academic, and recreational activities on the campus.

During 1973, the first building, Kettler Hall, was joined by three new structures: Neff Hall, which is made up of classrooms, offices, and laboratories; a Library/Learning Resource Center; and a Student Union, which provides recreational, eating and meeting facilities.

The Indiana and Purdue operations in Fort Wayne are parts of larger systems. Indiana has campuses at Bloomington, Richmond, Kokomo, Gary, South Bend, and New Albany. Purdue has campuses at Lafayette, Hammond and Westville. Both provide programs at Indiana University-Purdue University at Indianapolis. Some Purdue courses and programs are offered at I.U. facilities at New Albany, Kokomo, Richmond, and South Bend.

Indiana and Purdue are accredited by national, regional, and professional agencies. Both are members of the North Central Association of Colleges and Secondary Schools.

The baccalaureate, associate and master's degree programs at the Fort Wayne, campus have been approved by the parent campuses and by the North Central Association of Colleges and Secondary Schools.

THE CAMPUS

KETTLER HALL

Kettler Hall was erected in 1964. It is the oldest building on the campus. Kettler Hall was dedicated on May 15, 1973 by the Trustees of Indiana University-Purdue University to honor Alfred W. Kettler for his devoted service to higher education in northeast Indiana. Kettler Hall has three floors. The ground and main floors are the location of all the administration offices, as well as many of the classrooms. Many of the science laboratories are located on these two floors also. On the third floor the computer center is located. In addition, some of the department offices are located there. Kettler Hall is also the location of the PIT Theatre.

NEFF HALL

Neff Hall was dedicated May 15, 1973 by the trustees of Indiana University-Prudue University to honor Mr. Floyd R. Neff for his devoted service to higher education in northeast Indiana. Neff Hall has four floors and was erected in 1972. Located in Neff Hall are many of the Department Offices as well as classrooms.

THE STUDENT UNION BUILDING

The Student Union Building is the largest and most modern building built on the campus of Indiana-Purdue University at Fort Wayne. It was designed and constructed by the Fort Wayne Building Co.

THE LIBRARY

The Library is located in the

The Library was the third building erected, 1972. It has five floors in which the top floor contain the book, magazines, and reference materials of the library. The basement is the location of the learning and resources department.

The Library is located in the

THE STUDENT UNION BUILDING

The Student Union Building is the newest and the fourth building built on the campus of Indiana-Purdue University at Fort Wayne. It was erected in 1973. Included in the Union Building are

1. The Cafeteria, "The Fort"
2. Student Union Government Offices
3. Student Organizations Offices
4. The Ball Room
5. Job Placement Offices
6. Game Room--pool tables ping pong, and weight rooms

SCHOOL OF BUSINESS

HISTORY

The division of Business Administration, Indiana University at Fort Wayne was initiated in the spring of 1966. At that time students certified to the division numbered 556. Dean John H. Porter and the Undergraduate Curriculum Committee of the School of Business, Indiana University, Bloomington, recommended that 27 courses in business and economics be offered by the division. However, even with regard to relatively large division enrollment, a degree program was not initiated in any business discipline until 1968.

From its initial development in 1966 to the present semester, the number of courses offered has gone from 27 undergraduate courses, offered in 39 sections, to a current course listing of 73. Each of the aforementioned 73 courses has been, and will continue to be, offered periodically as student demand warrants.

For the first time in 1968, the Division of Business and Economics conferred the Bachelor of Science Degree upon 83 students while two students received the Master of Science degree. Of the degrees presented, two students graduated with high distinction, five with distinction

The chairmanship of the now "Division of Business" was transferred to D. A. Stonebarger from Dr. Joseph Trosper, who was at that time on a university assignment in Afghanistan. Also, as of July 1, 1970, the Department of Economics joined the Division of Business resulting in the addition of four more faculty members bringing the total faculty to 14 full-time members.

By June of 1971, full-time faculty in the division numbered 16, and of the then available 73 course capability, 37 undergraduate courses were offered in 52 sections. The total number of students graduating with degrees in business was 73 Bachelor of Science and 21 Master of Science degrees. Of those students receiving degrees in 1971, two graduated with high distinction, seven with distinction. Also during this year the Division of Business was decentralized into the following departments: business administration, accounting, economics, finance, and marketing. In 1970-71, the first Sam W. D. Johnston Scholarship was awarded to an accounting student.

In 1972, the divisional offices moved from their temporary location in a modular office building to their current location in the new classroom-office building. D. A. Stonebarger, in his fourth year as division chairman, directed the business and economics program which awarded 96 Bachelor of Science and 32 Master of Science Degrees in 1973-74. In addition, 24 students were inducted into Beta Gamma Sigma, the honorary business fraternity, in recognition of their outstanding academic achievements. The spring 1973 semester saw divisional enrollments at well over 850 students.

As noted in the preceding paragraphs, the students attending Indiana University at Fort Wayne are drawn from primarily the Northeastern nine counties of the state. The greatest number of students reside in Allen County and more specifically the City of Fort Wayne. Enrollment data compiled over the 1973-74 academic year indicates that approximately 45% of the students on degree programs in the Division of Business and Economics attend classes on a part-time basis.

In that the majority of the currently enrolled students reside within the city of Fort Wayne proper, they are subject to a rather unique environment that may be said to complement academic work in the business and economic disciplines. Fort Wayne is an industrial and transportation center comprised of business organizations ranging from entrepreneurs to large, multi-national manufacturing corporations. Because of the positive relationship between this division and the business community, students have the opportunity to view first hand what in other situations could only be represented in classroom exercises.

IOTA LAMBDA RHO FRATERNITY

On February 3, 1976, a meeting of the chapter was held at the home of Della Sigurdson. The meeting was held in the evening and was held in the dining room of the home. The meeting was held in the evening and was held in the dining room of the home.

On February 10, 1976, a meeting was held at the home of Della Sigurdson. The meeting was held in the evening and was held in the dining room of the home.

To establish a new chapter of Delta Sigma Pi, Dave Kinn, an attorney of Delta Sigma Pi, conducted the meeting. There were approximately 25 students present at the meeting and were members of the Division of Business and Economics. The members of the Chapter were the goals and objectives of Delta Sigma Pi. In addition, the chapter name was established as Delta Sigma Pi. The chapter was established at the University of Idaho. The chapter was established at the University of Idaho.

Meetings were held again on February 15 and February 24. During these meetings committees were formed and chapter functions were discussed. In addition, it was decided the meetings would be held the first and third Sundays of every month except June, July and August.

The first scheduled meeting of Delta Sigma Pi was held on Sunday, March 7. The first meeting was for elections.

Director	Mark Schmitt
Social Chairman	Mark Schmitt
Projects Chairman	Don Miller
Faculty Chairman	Steve Sawyer
Religious Chairman	John Schmitt
Athletic Chairman	Terry Verry

On March 15, 1976, Delta Sigma Pi held its first professional activity. Steve Schmitt, of Fort Wayne National Bank, was our first speaker. In addition, an address of Delta Sigma Pi. In addition, other speakers have been Dale Turner, president of Delta Sigma Pi; John Schmitt, Adm. Colony Auditor; Bill Winters, a stock broker; and Margaret Anderson, a lawyer. Delta Sigma Pi has also had several loans in such places as International Harvester, General Telephone Company, Peter Dinklage & Sons, Chicago Board of Trade, Chicago Federal Reserve Bank, and First National Bank of Chicago. Also the chapter has participated in the Red Cross and Delta Sigma Pi's own fund-raising activities.

On Sunday, October 8, 1976, the chapter was officially pledged by Mr. Richard J. Yonker, Mr. John Winters and Mr. David Kinn.

On February 3, 1976 national officers of Delta Sigma Pi and Dave Rose, an alumnus of Delta Sigma Pi, visited the Indiana University-Purdue University campus at Fort Wayne to acquaint approximately fifty interested students in the Division of Business and Economics with the Delta Sigma Pi fraternity.

On February 10, 1976, a meeting was held in the Student Union Building of Indiana University-Purdue University to determine if there was enough interest among the students

to organize a new fraternity on campus. Dave Rose, an alumnus of Delta Sigma Pi, conducted the meeting. There were approximately 25 students present at this meeting as were members of the Division of Business and Economics. Discussed at this meeting were the goals and objectives of Delta Sigma Pi. In addition, the Greek name Iota Lambda Rho was chosen temporarily, until Indiana University-Purdue University was assigned a permanent one. Also at this time the chapter voted to petition the National Office of Delta Sigma Pi for a charter membership.

Meetings were held again on February 15 and February 24. During these meetings, committees were formed and chapter functions were discussed. In addition it was decided the meetings would be held the first and third Sundays of every month except June, July, and August.

The first scheduled meeting of Iota Lambda Rho was held on Sunday, March 7. The first meeting was for elections.

FACULTY ADVISORS

James Berry, Ph.D.
Associate Professor of Business and Administration

Dr. Berry is an Associate professor of Business and Administration at Indiana University-Purdue University at Fort Wayne, Indiana, where he teaches courses in management, administrative policy, and small business management. He is a licensed professional engineer, and a member of several technical organizations including the American Society for Quality Control; The American Production and Inventory Control Society; National Council for Small Business Management Development. He is a former entrepreneur and industrial design engineer. His current interests are in small business management counseling and social responsibility of industrial organizations. Dr. Berry holds a B.S. degree in Electrical Engineering from Wichita State University; and a Ph.D. in Industrial Management from the University of Iowa.

D. A. Stonebarger, Ph.D.
Chairman, Division of Business and Economics

Dr. Stonebarger affiliated with Indiana University during 1967 and since 1971 has occupied the position of Chairman, Division of Business and Economics at the Fort Wayne campus. He has been a faculty member of the Universities of Iowa and Houston for fourteen years prior to his Indiana appointment.

His experience has been balanced relative to academic and business opportunities. A monograph, State Regulation of the Right to Strike, was published in 1956, and he served as the senior author of the University of Houston self study, Effort Toward Excellence, published in 1966. In addition, he has researched and published sixty-four business feasibility studies for organizations located in Indiana, Michigan and Texas.

He has presented speeches and papers before national and state professional organizations. His consultative activities are represented in associations with the Schlumberger Corporation, Michigan Seamless Tube, Transwestern Pipeline Company and others. He has been employed by several legal firms to develop position papers on personal injury damage cases and has appeared before several state and federal agencies as an expert witness regarding financial institutions.

His biography is contained in the International Scholars Directory and in the Social and Behavioral section of American Men of Science. He served as a member of the Board of Regents of the United States Chamber of Commerce 1958-1967, and is currently a member of the Allen County — Fort Wayne, Indiana Economic Development Commission.

He was a member of Alpha Epsilon Pi Fraternity, Beta Iota Chapter, at Indiana University in Bloomington.

Philip H. Vorherr, Ph.D.

Dr. Vorherr is an accounting professor in the division of Business with Indiana University-Purdue University at Fort Wayne, Indiana. He is also the faculty advisor for the Accounting Society on campus. Dr. Vorherr received his bachelor's degree, master's degree, and his Doctor of Philosophy from the University of Cincinnati. While there, he was a member of Beta Alpha Psi, Accounting Honorary, and Beta Gamma Sigma, business administration honorary. He holds a CPA from Ohio and is also a member of the American Institute of Certified Public Accountants and the American Accounting Association.

No Picture Available

DR. EDWIN C. LEONARD, JR.

Dr. Leonard is a native of Elyria, Ohio. He received his B.S., M.S., and Ph.D degrees from Purdue University. He spent three years plus on active duty with the United States Army as a company commander and instructor at the CBR Warfare Center. He has worked in administrative capacities for several organizations.

He has been at the Fort Wayne campus since 1966. He spent five years in administration as director of continuing education. He is currently an associate professor of business administration. He is a member of the American Society for Training and Development, the Indiana Personal Association, and the Allen County Tax Adjustment Board. He is married and has three children.

Majorie P. Person, Ph.D.
Associate Professor of Business Administration

Dr. Person holds the Bachelor's degree from Northwest Missouri State University and the Master of Business Administration from Indiana University. She was a member of the business faculty of Northwest Missouri State University and Idaho State University before joining the faculty of Indiana University-Purdue University at Fort Wayne in 1965. In 1972-73 she was a visiting professor of Marketing at the University of Nevada at Las Vegas. Dr. Person currently is an Associate Professor of Business Administration at the Fort Wayne campus and teaches marketing.

David Rose
Chapter Advisor

Dave began formation of the first professional fraternity on the Indiana University-Purdue University at Fort Wayne, Indiana, in February 1976. He was a member and is now an alumnus of Delta Sigma Pi at Indiana State University in Terre Haute, Indiana. He graduated from there in December 1974 with a B.S. degree in marketing.

Upon graduation, Dave worked at Indianapolis Life Insurance Agency but has now broadened into representing several life and casualty insurance companies and works as an independent insurance life insurance agent. He has just recently purchased a portion of an insurance agency in Avilla - Indiana Rose-Meyer Insurance Agency.

For relaxation, Dave enjoys fishing, snow skiing, and working with the fraternity.
